Product Description

Skin Friendly Lotus Charming Skin Fragrance For Shower gel & Shampoo Making With Free Sample LDZ-PL20048

Product Description:

This "Lotus Charm Skin Fragrance" is more than just a scent, it is an elegant innovation in the bathing experience. We understand the transcendence and pure charm of lotus and condense its essence here.

It awakens the senses with the unique "Morning Lotus Pond" top note, as if the dawn breeze caresses the cheek, with the freshness of morning dew and the emerald green of lotus leaves. Then, the "Skin Kiss" middle note gently blooms, with delicate floral fragrance and aquatic elements gracefully intertwined, bringing calmness and comfort, making every bath a lotus bath in the heart**. Finally, the "Charming Aftertaste" base note is deep and lasting, leaving a low-key but unforgettable charming fragrance on the skin, rather than a fleeting appearance.

Product Feature:

This fragrance combines the purity and ethereality of lotus with modern freshness and softness, aiming to create a natural, skin-friendly and

lasting charm atmosphere, making bathing a luxurious sensory enjoyment.

Top Notes	It opens with a fresh, watery green scent, like crystal dew on lotus leaves in the morning, blended with a hint of slightly sweet fruity or citrus notes (such as fresh pear and bergamot), instantly bringing vitality and energy, awakening the senses without losing elegance.
Heart Notes	The core is the pure and gentle lotus fragrance, supplemented by elegant white flowers (such as water lily, jasmine or mimosa), giving the fragrance depth and softness. The fragrance at this stage is delicate and layered, showing the unique temperament of lotus that is untainted by mud, bringing a calm and soothing experience, just like the charming fragrance naturally exuded by the skin.
Base Notes	Gradually transition to warm, lasting woody or musk notes, which may have soft amber or vanilla elements, providing a solid and sexy support for the entire fragrance. This allows the fragrance to stay on the skin for a long time after bathing, blending with body temperature to form an exclusive fragrance like "second skin", exuding a subtle and charming charm, leaving a deep and beautiful impression.

FUNCTIONS & APPLICATIONS:

Lotus Essence: Functions	
Functional category	
Sensory pleasure and fragrance	Provides a unique and elegant lotus fragrance, significantly enhancing the olfactory experience of shower gel. The fragrance is fully released during the bathing process, creating a tranquil, luxurious or relaxing bathroom atmosphere, sublimating daily cleaning into a pleasant sensory enjoyment. Through a pleasant and recognizable smell, it stimulates consumers' favorability and memory points for the product, and increases the attractiveness of the product in the fierce market competition.
Odor masking	Effectively mask the chemical or raw material odor that may exist in the shower gel matrix to ensure that the product exudes a pure and consistent lotus fragrance. This is crucial to maintaining the overall quality of the product and the consumer experience, and to avoid affecting the product image due to unpleasant matrix odor.
Brand Identity and Value	The unique lotus fragrance gives the product a distinct personality and soul, helping the brand establish a unique identity in the market. The fragrance can convey the brand's values of purity, elegance, mystery, etc., establish an emotional connection with consumers, and thus enhance brand loyalty and market competitiveness. At the same time, the long-lasting fragrance effect also increases the added value of the product.
