- Solubility: Oil/ Water Soluble
- Whitening: Yes
- Concentration: High Concentration Perfume Oil
- Appearance: Light Yellow Or Colourless Liquid Oil

Lemon Fragrance  
LDZ-PL90005

## Product Description

### High Concentrated Lemon Fragrance For Toothpaste Making Free Sample LDZ-PL90005

#### Product Descriptions:

This lemon essence specially designed for oral care condenses the pure beauty of natural lemons and perfectly presents its rich fragrance with cutting-edge fragrance technology. It is not only a flavor modifier, but also the soul that gives toothpaste sensory experience and functional value.

Its core advantages are: pure and natural fruity fragrance, giving the product a fresh and vibrant olfactory imprint; excellent fragrance retention, ensuring a continuous fresh feeling after brushing teeth; excellent compatibility and covering performance, perfectly integrated into the toothpaste system, neutralizing the base odor, and improving the overall flavor purity.

#### Product Feature:

The lemon essence used in this toothpaste is not only a flavor enhancer, but also a delicate gift to the senses. We select Mediterranean sun-dried lemons to capture their unique freshness and slight acidity, and accurately restore their natural aroma profile through molecular reconstruction technology.

The essence ingredients have excellent biocompatibility with the oral environment, do not irritate the mucous membrane, and are safe and worry-free. It not only effectively covers the odor of the base material, but also elevates the ritual of brushing teeth to a new level, making every cleaning a vibrant sensory feast, and injecting a unique flavor imprint and emotional value into your toothpaste products.

Its personalized characteristics are:

|              |   |
|--------------|---|
| Top Notes    | The clear top note of the aroma brings instant excitement and vitality.   |
| Middle Notes | The rounded middle note of the aroma, accompanied by a hint of sweetness, provides a gentle and pleasant brushing experience. |
| Base Notes   | The long and refreshing aftertaste ensures a lasting sense of cleanliness after brushing.                                     |

## Lemon Fragrance LDZ-PL90005

### Functional Advantage:

This lemon essence specially designed for oral care is a condensed essence of Mediterranean sun-dried lemons, and its natural aroma profile is accurately restored through molecular reconstruction technology. It is not just a simple flavoring agent, but also the soul ingredient that gives toothpaste sensory experience and functional value.

Its core advantages are:

- . The pure and natural fresh fruity fragrance injects vitality and pleasure into the product.
  - . Excellent fragrance retention and durability ensure that the breath is fresh after brushing.
  - . Excellent compatibility and covering power effectively neutralize the odor of the base material and make the flavor purer.
  - . Excellent biocompatibility and strict compliance with international safety standards ensure product safety and reliability.
- It can elevate the daily brushing experience into a vibrant sensory feast, effectively improve breath, and give the product a unique emotional added value. From children's to adult toothpaste, this essence can be perfectly integrated, injecting a unique flavor imprint into your product line and leading consumers into a new realm of clean teeth.

### Applications:

Lemon flavor has a wide range of applications in oral care products with its refreshing aroma and excellent functionality. It can bring unique flavors and sensory experiences to different types of toothpaste.

| Main application areas:          |  |
|----------------------------------|--|
| Conventional cleaning toothpaste | Effectively mask the odor of the base material, make the brushing process more pleasant, and give the toothpaste a bright and vibrant flavor.  |
| Whitening toothpaste             | Neutralizes the discomfort that may be caused by whitening ingredients, provides a refreshing taste, and at the same time strengthens the product whitening perception with its "clean" association. |
| Children's toothpaste            | Compared with the traditional mint flavor, the sweet lemon aroma is more popular with children and helps to cultivate the habit of brushing teeth.   |
| Herbal/natural toothpaste        | Perfectly compounded with herbal essences to create a unique and rich flavor layer.  |
| Gel toothpaste                   | Give the product a crystal clear visual and clear aroma, enhance the sense of purity and vitality.   |
| Functional toothpaste            | Neutralize the medicinal taste of functional ingredients, improve the overall taste, and increase consumer compliance.   |

In short, lemon essence is not only a flavoring agent, but also a key ingredient to enhance product positioning, enrich sensory experience and create differentiated selling points.
