Product Description

Cedar Essence For Air Freshener Diffuser Concentrated With Free Sample LDZ-PL31524

Product Description:

Cedar Essence stands as a sophisticated and versatile fragrance concentrate, meticulously crafted for discerning integration into both air freshener and diffuser applications. This particular formulation transcends typical aromatic profiles, offering a profound and nuanced olfactive journey centered around the rich, grounding, and inherently comforting aroma of cedarwood.

Our Cedar Essence is distinguished by its exceptional purity and concentrated nature, derived from premium, sustainably sourced cedar varieties. Through a specialized extraction process, we capture the multifaceted character of cedar, encompassing its woody, resinous, slightly smoky, and subtly sweet undertones. This intricate balance ensures a long-lasting and evolving scent experience, rather than a fleeting top note. What truly sets Cedar Essence apart is its capacity for unparalleled personalization and blending. Unlike pre-mixed solutions, this essence serves as a foundational aromatic building block. It empowers creators and consumers alike to tailor and fine-tune their desired ambiance. Whether employed as a singular, commanding presence for a natural, forest-like atmosphere, or as a harmonizing base note to anchor brighter citrus, delicate floral, or spicy oriental accords, its versatility is unmatched. Imagine a bespoke blend featuring cedar with a hint of lavender for relaxation, or a touch of bergamot for an uplifting yet grounding effect.

The professional-grade concentration guarantees superior throw and lingering diffusion, making it an economical and highly effective choice for both domestic and commercial spaces seeking to imbue an environment with a sense of serenity, natural elegance, and bespoke character. Cedar Essence isn't merely a scent; it's an invitation to compose, to customize, and to define the very essence of your space.

Product Feature:

Cedar Essence is a fragrance designed for air fresheners and diffusers, with a calm, classic woody fragrance at its core. The fragrance's accord

structure is designed to create a natural, comfortable and lasting atmosphere, reminiscent of a quiet forest. The fragrance is characterized by its pure and layered cedar notes, avoiding overly sweet or pungent ingredients. It brings a warm, dry and slightly smoky woody fragrance with good diffusion and longevity.

Top Notes	At the first sniff, you will feel the freshness of pine needles and a faint citrus note, which lays a light and natural tone for the overall woody fragrance and awakens the senses.
Heart Notes	The fragrance then transitions to the core mellow cedar wood, supplemented by a hint of earth and resinous warmth. This is the most striking feature of Cedar Essence, revealing its deep and tranquil nature.
Base Notes	The scent settles into a fusion of dry sandalwood and a hint of musk, giving the fragrance a deeper foundation and lasting aftertaste, bringing a sense of stability and harmony.

Technical Parameter:

Key Parameters	
Color and state	transparent to light yellow liquid
Main aroma	Calm woody aroma, with cedar as the core
Flash point	> 70°C
Fragrance lasting time	8 - 12 hours or more
Specific Gravity	0.90 - 0.95 g/mL
Refractive Index	1.470 - 1.485 (20°C)

Solubility	Soluble in ethanol and oils; slightly soluble in water.
Storage conditions	Store in a cool, dry and dark place.
Shelf time	24 months from the date of production (under proper storage)
Stability	High thermal stability ensures the intricate fragrance profile remains true under heat. It has a projected shelf life of at least 24 months when stored in original, sealed containers away from direct light and extreme temperatures.

FUNCTIONS & APPLICATIONS

Cedar Essence is an outstanding fragrance whose core function is to enable the creation and optimization of space fragrance. With its unique cedar scent, this fragrance can effectively mask odors while releasing a long-lasting and pleasant aroma, thereby significantly improving the comfort and perceived value of the environment. It is not just a simple fragrance, but also a regulator of mood and atmosphere. The natural properties of cedar give it a calming and soothing effect, which helps relieve stress, promote relaxation, and create a peaceful and harmonious sensory experience for users. In addition, its stable molecular structure ensures uniform diffusion and long-lasting fragrance, providing consistent fragrance performance whether in small spaces or spacious areas. Cedar Essence's professional-grade formula also takes into account excellent compatibility with various carriers to ensure stability and safety in different product forms.

Cedar Essence demonstrates its unparalleled versatility and professional value in a variety of product applications. As a core ingredient in air fresheners, it can quickly and effectively neutralize unpleasant odors in the air, such as smoke, pet odors, or damp and musty odors, instantly refreshing the space with a fresh and natural woody aroma. In diffusers (including ultrasonic diffusers, reed diffusers, and electric diffusers), Cedar Essence can diffuse the fragrance evenly in the room through continuous and stable atomization or volatilization, injecting unique style and comfort into places such as homes, offices, hotel lobbies, and spas. Its professional formula ensures that it will not clog the equipment or leave residue in these applications. In addition, it can also be used as a base fragrance for scented candles, room sprays, and even fabric fresheners, giving all kinds of fragrance products an elegant, natural, and highly recognizable cedar imprint, satisfying consumers' pursuit of high-quality, personalized fragrance experience.
