## Product Description

### Skin Friendly Sweet Orange Fragrance For Laundry Detergent / Softener With Free Sample LDZ-PL50126

#### Product Description:

This sweet orange fragrance, developed specifically for laundry detergent and softener, is the ultimate interpretation of citrus fragrance, designed to inject a fresh breath full of sunshine and vitality into your clothes. We are well aware of the key role of fragrance in enhancing product value and consumer experience, so this fragrance, under the ingenuity of professional perfumers, presents unparalleled fragrance layers and lasting fragrance.

It is not just a single orange peel scent, but cleverly captures the complete fragrance spectrum of freshly picked sweet oranges from peel to pulp. The top note is an explosive citrus aroma, combining the brightness of sweet orange with a hint of bergamot, instantly activating the sense of smell and bringing a refreshing sense of pleasure. As the fragrance develops, the middle note gradually emerges with a soft orange blossom scent and a slightly tipsy juice feeling, as if you are in an orange orchard, feeling the sun penetrating the leaves, warm and sweet. Finally, the base notes end with light wood amber and musk, giving clothes a warm and lasting sense of comfort, making the fragrance stable and deep, not easy to volatilize, ensuring that every time you wear clothes, you can immerse yourself in the fragrance of sunshine and happiness.

The highly concentrated formula of this sweet orange essence ensures that it can achieve excellent fragrance effect at a very low addition amount. At the same time, its excellent stability makes it perfectly compatible with various laundry detergents and softener formulas, and it is not easy to change color or affect product stability. It can not only enhance the market competitiveness of the product, but also bring consumers a vibrant and pleasant washing experience.

## Sweet Orange Fragrance LDZ-PL50126

### Product Feature:

This sweet orange fragrance, designed for laundry detergent and softener, perfectly captures the sunshine and vitality of sweet orange, bringing a refreshing and invigorating olfactory experience. It is not a single citrus flavor, but shows its unique charm through multi-layered fragrance. Fragrance characteristics: The fragrance is bright, lively, full of sunshine, while still soft and sweet. It can effectively eliminate odors from clothes and give a lasting and pleasant fragrance, making every wash full of vitality, as if you are in an orchard full of orange fragrance.

Top Notes	Bright and lively sweet orange and fresh and elegant bergamot are the main ingredients, instantly releasing abundant citrus energy, refreshing people and feeling the freshness of the orange peel
Heart Notes	Gradually showing the soft orange blossom fragrance and full juice feeling, adding the gentleness of the flower fragrance and the sweetness of the fruit, making the fragrance more mellow and layered.
Base Notes	Ending with light woody fragrance, warm amber and elegant musk, giving clothes a lasting and comfortable background, making the fragrance of sweet orange linger, leaving a warm and memorable breath.

### Technical Parameter:

Key Parameters	
Fragrance Type	Citrus floral fragrance, fresh and energetic
Appearance	Clear to Pale Yellow Liquid
Odor Profile	Typical sweet orange fruit aroma with bright citrus notes and soft woody finish
Flash point	>93°C (200°F)
Fragrance lasting time	After multiple washes, the scent lasts for more than 72 hours
Specific Gravity	0.930 - 1.030 g/mL

Storage conditions	Store in a cool, dry, dark place, away from high temperature
Shelf time	24 Months from Manufacture (Properly Stored)
Stability	Good stability at high temperature (50°C, 30 days) and pH (3-10) conditions
Safety	Complies with IFRA International Fragrance Association standards, non-irritating
Fragrance duration	After multiple washes, the scent lasts for more than 72 hours

## FUNCTIONS & APPLICATIONS

The core function of this sweet orange fragrance is to provide excellent fragrance empowerment and sensory enhancement for laundry detergent and softener products. It gives clothes a pleasant fragrance full of sunshine, vitality and rich layers through a subtle combination of fragrance notes (bright sweet orange, fresh bergamot, soft orange blossom and warm woody notes). The fragrance uses advanced microcapsule sustained-release technology to ensure that the fragrance molecules can effectively adhere to and deeply penetrate the fibers of clothing, thereby achieving a lasting fragrance effect of more than 72 hours. Even after multiple washings and wearing, the clothes can still emit a fresh fragrance. In addition, its highly concentrated formula ensures high efficiency at low addition amounts, and has excellent stability, is not easily affected by temperature or pH value, and ensures that the product fragrance is stable and not easy to discolor or precipitate.

The addition of sweet orange flavor can significantly enhance the market competitiveness of various clothing care products. In laundry detergent products, it can be used to develop products such as "Sunshine Orange Enzyme Laundry Detergent" or "Vibrant Orange Deep Cleansing Laundry Detergent", etc., to bring consumers a dual experience of cleanliness and pleasant fragrance. For fabric softeners, it can be applied to "Orange Scented Soft Skin Softener" or "Long-Lasting Orange Softener", which not only gives clothes extreme softness, but also emits a citrus fragrance that is pleasing to the body and mind. In addition, this flavor is also suitable for use in innovative products such as laundry beads (such as "Orange Light Cleansing Laundry Beads") and clothing fragrance sprays, helping brands expand their product lines, meet consumers' pursuit of personalized and pleasant laundry care experiences, and create a vibrant and positive brand image.
