Product Description

Concentrated Fragrance Cremo Spice & Black Vanilla Flavor Fragrance For Candle Making LDZ-PL40330

Product Description:

Cremo Spicy Black Vanilla Scented Candle Fragrance brings warmth and sophistication to your space with its unique and captivating notes. The heart of this fragrance lies in its bold and rich blend of aromas, which cleverly combines the energy of spicy with the sweet softness of vanilla. At first sniff, you will feel the excitement of spicy spices such as cinnamon, cloves and pepper, which instantly ignite the senses like crackling wood in a fireplace. Then, the rich and creamy black vanilla gradually emerges, and its deep sweetness contrasts beautifully with the spicy top notes, giving the fragrance a cozy and seductive background.

The charm of this fragrance lies in its multi-layered complexity. More than just a single scent, it is a sensory journey that transitions from lively spices to mellow vanilla, and finally leaves a warm, lasting and relaxing fragrance. Whether used to create a romantic atmosphere or bring comfort on a cold night, Cremo Spicy Black Vanilla Scented Candle Fragrance can inject unique personality and elegance into your home space. It is more than just a scent, it is a statement of comfort and taste.

Cremo Spice & Black Vanilla LDZ-PL40330

Product Feature:

Cremo Spicy Black Vanilla Candle Fragrance is a warm and layered scent. It cleverly blends spicy and sweet, bringing a comfortable and sophisticated olfactory experience.

Top note:	It is dominated by lively spices such as cinnamon, cloves and pepper, instantly releasing an exciting vitality, like a warm opening.
Middle note:	It gradually transitions to rich and creamy black vanilla, whose deep sweetness softens the spiciness, forming a harmonious balance and giving the fragrance a mellow texture.
Base note	The fragrance finally settles into warm and lasting wood and amber notes (usually the base of vanilla essences will have such warmth), leaving a relaxing and lingering fragrance. The overall fragrance presents a unique charm of warm, seductive and exotic.

Technical Parameter:

Fragrance Notes	Crema Spice & Black Vanilla
Appearance	Pure essential oil, non-water-soluble, rich aroma, long-lasting fragrance.
Relative density	Usually in the range of 0.90 - 0.95 (g/cm³ @ 25°C)
Refractive index	1.4500 - 1.5500
Flash point	usually above > 93°C (> 200°F)
Dosage	Recommended 0.5%-2% (total amount of essential oil added to fragrance formula) As the core component of fragrance formula, high concentration ensures fragrance effectiveness, and the actual amount added is adjusted according to product type (such as body oil, solid balm).
Long-lasting fragrance	8-12 hours or more High essential oil concentration combined with alcohol-free base significantly prolongs the persistence of fragrance on the skin.
Solubility	Its lipophilicity allows it to dissolve well in carrier oils (such as jojoba oil and sweet almond oil) and is compatible with the skin's sebum membrane, but it cannot be mixed with water.
IFRA Compliance	Conforms to the safety standards of the International Fragrance Association (IFRA).
Stability	Keep away from light, heat, and airtight storage, with a shelf life of 2-3 years Under recommended storage conditions, the aroma components are not easily oxidized or decomposed, maintaining their olfactory integrity; avoid light and high temperature to prevent changes in chemical structure.
Evaporation Rate	Slow Evaporation Rate Compared with alcohol-containing perfumes, its evaporation rate is significantly reduced, making the evolution of the fragrance smoother and more delicate, with richer layers, avoiding the problem of rapid dissipation of the fragrance.

FUNCTIONS & APPLICATIONS

The core function of Cremo Spicy Black Vanilla Candle Fragrance is its excellent aroma diffusion and long-lasting fragrance. As a high-quality fragrance, it ensures that when the candle burns, the fragrance can quickly and evenly fill the entire space, whether it is a spacious living room or a private bedroom. Its unique formula allows its fragrance molecules to evaporate effectively after being heated, bringing a stable and consistent olfactory experience, avoiding the unstable feeling of fragrance that is sometimes strong and sometimes weak.

In addition, this fragrance has excellent fragrance fusion ability. It is not just a single vanilla or spicy fragrance, but a perfect combination of the two to create a harmonious and layered complex fragrance. This complexity makes its function go beyond simple "good smell" and can create a specific atmosphere and mood - warm, comfortable, seductive and a little exotic. It can effectively mask odors while bringing a lasting and pleasant fragrance to the environment, improving the overall living quality.

Cremo Spicy Black Vanilla Candle Fragrance has a wide range of applications, mainly in the manufacture of high-end scented candles. Due to its unique scent and excellent performance, it is an ideal choice for handmade candle makers and brand owners to create special products. This fragrance is particularly suitable for making:

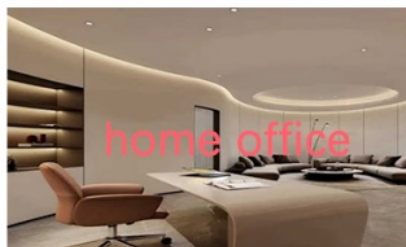

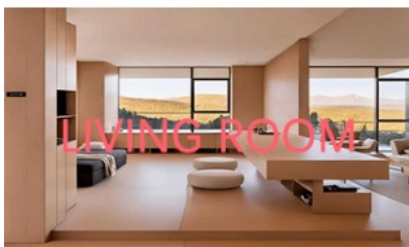

Autumn and Winter Theme Candles: Its warm and spicy fragrance is a perfect match for the cold season, which can bring a fireplace-like warmth to the home space.

Holiday Exclusive Candles: During festivals such as Christmas and Thanksgiving, the combination of spicy and vanilla can create a rich festive atmosphere.

Atmosphere Candles: Suitable for bedrooms, living rooms, studies and other places that need to create a relaxing, comfortable or romantic atmosphere.

Gift Candles: Its unique and popular fragrance makes it a beautiful gift choice for friends and relatives.
