Product Description

Free Sample Blue Ocean Fragrance Flavor Perfume Oil For Perfume Making LDZ-PL10159

Product Description:

Blue Ocean Eau de Parfum is a unique fragrance blend crafted to capture the mystery, freshness, and depth of the vast ocean in a compact form, providing perfumers with the perfect resource to capture its essence. The artistry of this fragrance lies in its precise depiction of the ocean's multifaceted dimensions, evoking the vastness and vitality of the azure through a selection of carefully selected notes. Upon first sniffing Blue Ocean, a clear and invigorating top note hits you, like a morning sea breeze caressing your cheeks, bringing with it bright citrus notes like bergamot and lemon, and the crystalline clarity of aquatic notes. This opening, vibrant and pure, instantly transports the senses to the sun-drenched horizon, awakening a yearning for freedom and exploration. More than simply refreshing, it possesses the subtle saltiness and minerality of the air after waves crash against the reef, a delicate and authentic experience.

Product Feature:

Top Notes	The fragrance opens with a refreshing and invigorating blend of citrus and aquatic notes. Specifically, it is dominated by bright bergamot and lemon, bringing an instant sense of vitality and purity, like a morning sea breeze. Simultaneously, unique aquatic molecules simulate the crystalline and slightly salty air after waves crash against the reef, infusing the fragrance with a natural marine scent that awakens the senses.
Heart Notes	As the fragrance develops, Blue Ocean reveals elegant floral notes with subtle marine elements. Soft jasmine and lily of the valley emerge, blending delicately with a hint of salty floral seaweed, adding a delicate layer of depth to the fragrance, evoking the swaying beauty of the deep sea. Furthermore, the use of an ozone note captures the unique freshness and purity of sea air before a storm, lending the heart a sense of space and naturalness.
Base Notes	The fragrance settles into a deep and powerful base. Warm amber, smooth musk, and calming woody notes like cedar and sandalwood combine to evoke the mystery and eternity of the ocean's depths. These base notes provide a solid foundation for the fragrance, ensuring a long-lasting and rich finish.

Technical Parameter:

Odor Intensity	Level IV-V
Top Note Diffusion Peak	3-10 minutes after application
Appearance	Clear to pale yellow liquid
Middle Note Duration	3-5 hours
Base Note Longevity	8-12 hours or longer
Relative density	Usually in the range of 0.900 - 0.940 (g/cm ³ @ (20°C))
Refractive index	1.455 - 1.475 (20°C)
Flash point	>75°C
Acid Value	< 5.0 mg KOH/g
Odor Intensity	High intensity, rich and long-lasting
Dosage	8% - 25% (w/w)
Long-lasting fragrance	Fragrance lasting time (paper strip) ≥48 hours
Solubility	Fully miscible in most candle waxes (soy, paraffin, coconut, beeswax blends)
IFRA Compliance	Conforms to the safety standards of the International Fragrance Association (IFRA).
Stability	After light stability test and high temperature storage test (45°C, 30 days), the aroma has no obvious color change or odor
Color Stability	Excellent
Storage Conditions	Store in a cool, dark place, sealed container
Evaporation Rate	Slow Evaporation Rate Compared with alcohol-containing perfumes, its evaporation rate is significantly reduced, making the evolution of the fragrance smoother and more delicate, with richer layers, avoiding the problem of rapid dissipation of the fragrance.

FUNCTIONS & APPLICATIONS

Blue Ocean Fragrance is a fragrance blend designed to convey the fresh, expansive aroma of the ocean. Its core function is to impart a unique olfactory identity and emotional connection to end-use fragrance products.

First, it offers exceptional fragrance sillage and longevity. Blue Ocean's top notes diffuse quickly, creating an immediate sensation of freshness, while its carefully constructed middle and base notes ensure the fragrance remains stable on skin or fabric for hours, significantly enhancing the product's market competitiveness. Second, the fragrance exhibits a high degree of aromatic authenticity and layered notes. It accurately captures the diverse facets of the ocean, from the salty, damp morning breeze and the freshness of aquatic plants to the mysterious and vastness of the deep sea. This avoids the thinness or artificiality that can occur with traditional marine fragrances, offering consumers a richer, more natural olfactory experience. Finally, Blue Ocean exhibits excellent compatibility and stability. It coexists harmoniously with a variety of natural and synthetic fragrances and can be stably incorporated into various solvent systems, such as alcohol-based bases, giving perfumers tremendous creative freedom and enabling them to easily develop a wide range of marine-themed fragrances.

Blue Ocean perfume essence, with its unique fresh marine blend and excellent performance, has broad application prospects in multiple fragrance product categories and helps to create market-differentiated products.

Men's Eau de Toilette	Blue Ocean is ideal for creating fresh, energetic men's fragrances. For example, it can be used in the "Voyager's Blue" Eau de Toilette collection, creating a confident, free-spirited image for the modern man, perfect for everyday commuting or casual occasions, showcasing clean, sharp appeal.
-----------------------	---

Unisex Cologne	Its balanced notes make Blue Ocean ideal for developing shareable, gender-neutral colognes. Eau de Toilette, such as "Whispering Waves," appeals to consumers seeking natural, pure fragrances, allowing both men and women to find their own personal touch of ocean tranquility and vitality.
Summer Limited Edition Perfume	Blue Ocean's freshness makes it a great choice for seasonal products. For example, it can be used in the "Azure Getaway" limited edition fragrance, whose unique marine aroma evokes pleasant associations of summer, beaches, and vacations, stimulating seasonal sales.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
