Product Description

Concentrated Fragrance With Free Sample Mango & Papaya Flavor For Shampoo & Shower gel LDZ-PL20145

Product Description:

This Mango & Papaya Shampoo & Conditioner fragrance is far more than just a typical fruity note; it's a vibrant and individualistic tropical aroma fantasy. Its bold and bright aroma breaks the monotony of daily cleansing and transforms every bath into a passionate sensory journey. This fragrance's uniqueness lies in its seamless fusion of instantly recognizable tropical fruit and floral notes. It goes beyond simply mimicking the flavor of fruit to create a personal and joyful aromatic narrative. It will uniquely position your cleansing and conditioner products, appealing to consumers who embrace vitality and a zest for life.

Product Feature:

Top Notes	The sweet and juicy aroma of ripe mango, tinged with a hint of rich floral notes, instantly ignites the senses like a dazzling ray of sunshine. Following closely, the unique sweet and slightly tart aroma of papaya adds a touch of freshness and liveliness to the intense mango. The interweaving of these two tropical fruits creates an irresistible, summery olfactory experience.
Heart Notes	It transcends pure fruitiness, skillfully blending the delicate fragrance of tropical flowers. The addition of frangipani and ylang-ylang lends the scent a richer, more exotic feel, evoking a sun-kissed tropical garden. This fusion of floral and fruity notes enriches the fragrance with vitality, while maintaining a lightness and transparency.
Base Notes	The base notes conclude with soft and lingering vanilla and musk. The warm sweetness of vanilla intertwines with the cleansing of musk, bringing a gentle conclusion to the entire fragrance. This long and warm aftertaste allows the skin to still exude a charming and fresh scent after washing, as if freezing the beauty of summer.

Technical Parameter:

Odor Intensity	Fresh fruity fragrance, tropical fruit notes, sweet, juicy, exotic
Main aroma components	Lavender Oil, Patchouli Oil, Linalool
Appearance	Transparent to light yellow liquid, clear, no precipitation
Base Note Longevity	8-12 hours or longer
Relative density	Usually in the range of 0.910–0.930 (g/cm ³ @ (20°C))
Refractive index	1.465–1.480 (20°C)
Flash point	>85°C
pH value (10% ethanol solution)	6.0–7.0
Odor Intensity	High intensity, rich and long-lasting
Dosage	The recommended usage ratio in daily chemical products is 0.5%-1.5%
Long-lasting fragrance	Perceptible fragrance longevity on skin and hair: 3-5 hours
Solubility	Fully miscible in most candle waxes (soy, paraffin, coconut, beeswax blends)
IFRA Compliance	Complies with the latest IFRA standards, no banned substances
Stability	Stable in shampoo and body wash with a pH of 5.0-7.0
Color Stability	Excellent
Storage Conditions	Store tightly closed in a cool, dry place (15-25°C) away from light.
Evaporation Rate	Slow Evaporation Rate Compared with alcohol-containing perfumes, its evaporation rate is significantly reduced, making the evolution of the fragrance smoother and more delicate, with richer layers, avoiding the problem of rapid dissipation of the fragrance.

FUNCTIONS & APPLICATIONS

The core function of this Mango & Papaya Shampoo & Conditioner Fragrance lies in its unique invigorating and mood-boosting properties. It infuses daily cleansing and conditioning with a high concentration of natural fruity aroma molecules. The rich sweetness of mango and the refreshing, slightly acidic flavor of papaya perfectly combine to quickly awaken the senses, effectively relieve fatigue, and create a positive, energizing experience. Its unique aromatic structure effectively masks the odor of the base ingredients in cleansing products, leaving the fragrance pure and prominent. Furthermore, this fragrance offers excellent longevity, lingering on hair and skin for extended periods, allowing users to enjoy the refreshing aroma of tropical fruits even after showering, transforming a simple cleansing routine into a delightful aromatic journey.

This fragrance, with its unique fruity notes and excellent performance, is ideal for use in high-end personal care products focused on youthful vitality. In shampoos and conditioners, it can impart a unique fragrance signature, making it particularly suitable for creating "revitalizing hair" or "tropical" themed collections. In shower gels and scented soaps, it provides a long-lasting, refreshing fruity aroma, ideal for products positioned as "morning awakening" or "summer vitality." Furthermore, it's a perfect match for body lotions and hand creams, where its sweet and lively aroma provides a pleasant all-day experience. Its stable formula ensures excellent performance in a variety of daily chemical matrices, providing strong support for brands to create differentiated, highly recognizable products.
