Product Description

Magic Apple Fragrance Essence Free Sample 10ml Concentrated Perfume Oil For Perfume Making LDZ-PL10233

Product Description:

Concentrated Magic Apple Fragrance is a fragrance designed specifically for high-end perfumery. Its core note is a highly refined and rich green apple, crafted through a unique top note treatment that perfectly captures the freshness and crispness of freshly picked apples.

In the heart, the fragrance is meticulously structured, incorporating the juiciness of apple pulp and a subtly sweet, tart accord. This note possesses excellent sillage and longevity, forming a stable and long-lasting core within the fragrance base. To enhance the fragrance's depth and complexity, the perfumer incorporates subtle floral or spicy molecules, such as subtle jasmine or cinnamon. These supporting notes complement and complement the core apple notes.

In the base, high-quality fixatives such as ambroxan or musk impart a warm and soft undertone to the overall fragrance. This base note can not only effectively fix the fragrance and prolong the fragrance time on the skin, but also create a soothing and healing feeling in the sense of smell, making the overall fragrance transition from the crisp and lively green apple to the long-lasting warm wood or powdery fragrance.

Product Feature:

Magic Apple Essence Concentrate is a fragrance designed specifically for high-end perfumery. Its core note is a precise reproduction and distillation of the green apple.

Top note:	A core of highly refined green apple, complemented by fresh bergamot and grapefruit, creates a bright, crisp, and vibrant opening. This combination simulates the refreshing, slightly tart, juicy aroma released when an apple is cut.
Middle note:	This transitions into a rich, multi-layered core. The pulpy apple notes blend seamlessly with the soft floral notes of freesia and lily of the valley, retaining the sweetness of the fruit while adding an elegant texture. This note, with excellent sillage and longevity, forms the main olfactory impression of the fragrance.
Base note	High-end fixatives such as ambroxan, musk, and cedarwood are used. These ingredients provide a warm, deep woody and ambery base, effectively extending the fragrance's longevity. The addition of the base notes gradually transforms the fragrance from a fresh fruity scent to a soft and layered warm scent, achieving a perfect closed loop of olfactory experience.

Technical Parameter:

Olfactive Profile	Fresh Fruity
Core Accord	High-Fidelity Green Apple
Appearance	Transparent to light yellow liquid
Middle Note Duration	2-4 hours
Base Note Longevity	6-8 hours or longer
Relative density	Usually in the range of 0.95-1.05 (g/cm ³ @ (20°C))
Refractive index	1.45-1.55 (20°C)
Flash point	>72°C
Odor Intensity	Strong to medium
Dosage	1-25% (adjust according to the final product type and desired aroma intensity)
Longevity	Better than common fruity flavors on the market,6-8 hours effective longevity
Solubility	Soluble in alcohol, propylene glycol and oily bases, insoluble in water
Volatility	The front and middle notes are highly volatile, while the back notes are less volatile, with excellent linear aroma diffusion.
IFRA Compliance	Conforms to the safety standards of the International Fragrance Association (IFRA).
Stability	After light stability test and high temperature storage test (45°C, 30 days), the aroma has no obvious color change or odor
Color Stability	Excellent

Storage Conditions	Seal and protect from light in a cool, dry place to maintain the aroma stability.
Evaporation Rate	Slow Evaporation Rate Compared with alcohol-containing perfumes, its evaporation rate is significantly reduced, making the evolution of the fragrance smoother and more delicate, with richer layers, avoiding the problem of rapid dissipation of the fragrance.

FUNCTIONS & APPLICATIONS

Magic Apple Fragrance Concentrate is a highly integrated fragrance product. Its core function is to provide a stable, long-lasting, and layered green apple aroma through precise molecular blending. It not only serves as the core (heart accord) in a fragrance formula, providing a unique olfactory signature, but its built-in synergists and enhancers effectively enhance the spread and longevity of other fragrances. This fragrance utilizes advanced fixative technology, combining volatile fruity ingredients with long-lasting fixatives (such as high-quality ambroxan or white musk). This ensures a smooth transition from fresh top notes to warm base notes, avoiding the "top-heavy" effect common in traditional fruity fragrances. Its pure formula ensures excellent solubility and stability in various alcohol- and oil-based bases, without precipitation or discoloration, greatly simplifying the perfumer's formulation process.

Magic Apple Fragrance Concentrate, due to its exceptional note quality and technical stability, has wide application in high-end perfumes and fragrance products. It can be used as a core fragrance in the development of EDPs (Eau de Parfum) and EDTs (Eau de Toilette). For example, it serves as a fresh, lively opening to a women's eau de toilette called "Green Apple Dance." In men's fragrances, it can be combined with fougere or woody notes (such as vetiver and sandalwood) to create a unique and invigorating olfactory experience, as exemplified by a men's cologne called "Woodland Apple." It is also suitable for personal care products such as high-end shower gels, shampoos, and body lotions, adding a unique aromatic note. In home fragrance products such as flameless diffusers and scented candles, the fragrance provides excellent and stable diffusion, creating a long-lasting, pleasant indoor ambiance.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
-----------	-----	---------------	--------

Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
