

## Concentrated Fig Essence Fragrance Oil For Diffusers & Reed Sticks

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL30198
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41\*28\*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

### Product Specification

- Component: Contain Peony Bloom Extract
- Add Ratio: 5%
- Fragrance Family: Floral
- Grade: ISO Grade
- Perfume Type: Regular Size
- Kinds: Over 4000 Kinds
- Shelf: 1-3 Years
- Packaging Type: Gift Box
- Application: Daily Flavor
- Customization: Welcome
- Reed Sticks Included: Yes
- Fragrance Intensity: Medium
- Bottle Size: 1000ml
- Purity: 100% Pure
- Safety Warning: For External Use Only

## Product Description

### Concentrated Fig Essence Fragrance Oil For Diffusers & Reed Sticks LDZ-PL30198

#### Product Description:

Harnessing the lush and complex aroma of the Mediterranean fig tree, our Concentrated Fig Essence Fragrance Oil is a sophisticated and verdant scent designed for professional-grade diffusion. This fragrance captures the full essence of the fig, moving beyond a simple fruity note to a multi-faceted and nuanced profile. The scent journey begins with bright, green top notes of fig leaf and fresh grass, which create an immediate impression of a sun-drenched orchard. This lively and invigorating opening is subtly complemented by a hint of citrusy bergamot or pink pepper, adding a layer of sophisticated sparkle.

As the fragrance develops, the heart reveals the creamy, milky sweetness of the fig fruit itself, often blended with supporting floral notes like jasmine or cyclamen. This core is rich and captivating, striking a perfect balance between fruity and floral. The base notes provide a warm and woody anchor, with accords of fig wood, cedarwood, and a touch of musk or amber. This foundation ensures the fragrance has a deep, lingering presence and a touch of elegant earthiness. Our concentrated formula is meticulously crafted for optimal performance in diffusers and reed sticks, guaranteeing a consistent and powerful scent throw that transforms any space into a tranquil and luxurious retreat.

#### Product Feature:

Harnessing the full complexity of the fig tree, our Concentrated Fig Essence Fragrance Oil offers a multi-layered and sophisticated olfactory experience, perfect for professional scenting applications. The fragrance journey is meticulously composed of three distinct note categories.

Top notes	The top notes are a vibrant and invigorating introduction, capturing the essence of the fig tree's lush, green foliage. This initial impression is characterized by the fresh, leafy aroma of fig leaf, often combined with the crisp, clean scent of galbanum or green grass. This verdant opening is sometimes brightened with a hint of citrus, such as bergamot, to create a lively and refreshing first impression that sets a naturalistic scene.
Middle notes	As the scent evolves, the middle notes reveal the heart of the fig. This is where the creamy, sweet, and slightly milky character of the fig fruit itself comes to the forefront. These notes are rich and indulgent, often complemented by subtle floral undertones like jasmine or violet, adding a delicate softness and complexity.
Base notes	The fragrance culminates in the grounding base notes, which provide depth and longevity. Warm, earthy aromas of fig wood and sandalwood create a woody, comforting foundation. A touch of dry cedarwood and a hint of soft musk or amber round out the scent, leaving a sophisticated and lasting trail that is both elegant and serene, evoking the entire fig tree from leaf to root.

**Technical Parameter:**

Concentration	Fragrance Oil Content $\geq 95\%$
Fragrance Profile	Fruit Fragrane
Appearance	Colorless to light yellow transparent liquid
Relative density	Approx. 0.950–1.050 g/cm <sup>3</sup> @ 25°C
Refractive index	1.460–1.560 @ 20°C
Flash point	> 180°F (>82°C)
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	5% - 25%
Volatilization rate	With the unique microcapsule sustained-release technology, the fragrance diffusion rate is stable, which can maintain a continuous fragrance effect for 20-30 days and effectively cover a space of 15-25 square meters.
Solubility	Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in a cool, dark place in a sealed container.
Standard(IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

## FUNCTIONS & APPLICATIONS

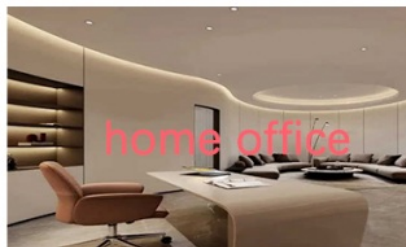

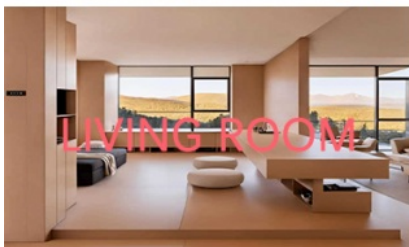

The primary function of our Concentrated Fig Essence Fragrance Oil is to provide a premium, long-lasting ambient scent for professional and personal environments. Its high concentration ensures that a small volume can effectively and efficiently scent a large space, delivering a consistent and powerful aroma that outlasts standard diluted oils. The fragrance profile, with its blend of green, fruity, and woody notes, is meticulously designed to create an atmosphere of natural elegance and tranquility. This scent serves to elevate a space's ambiance, promoting a sense of calm and sophistication without being overwhelming. It acts as a professional tool for creating a unique and memorable sensory experience, ideal for brand identity or simply enhancing a living or working area.

Our Concentrated Fig Essence Fragrance Oil is a versatile component for a variety of professional and consumer products. It is expertly formulated for optimal use in diffusers, including ultrasonic and cold-air nebulizers, where its purity ensures no clogging and a consistent, powerful scent throw. It is also perfectly suited for reed sticks, which passively absorb and disperse the fragrance, offering a low-maintenance and safe scenting solution. Beyond these primary uses, this essence is a highly valued raw material for manufacturers of fine fragrances and home goods. It can be incorporated into room sprays, candles, potpourri, and even linen sprays, allowing for the creation of cohesive product lines centered around the sophisticated fig aroma. Its premium quality makes it a preferred choice for use in high-end spas, boutiques, and hospitality venues seeking a refined and distinctive signature scent.

Ultrasonic diffusers	Serving as the core filler in fragrance atomizers or essential oil humidifiers, the fragrance is atomized into tiny particles through ultrasonic vibrations, which then combine with water molecules for rapid and even distribution in the air. This application is particularly suitable for living rooms, bedrooms, or offices where the ambiance needs to be quickly changed.
----------------------	---

Reed diffusers	Serving as liquid fragrance for flameless or reed diffusers. The porous structure of reed effectively absorbs fragrance, releasing it slowly and steadily through capillary action. This application requires no electricity and is particularly suitable as a decorative element in bathrooms, studies, or entryways, providing long-lasting, low-maintenance fragrance.
Scented candles	Serving as the core fragrance of scented candles, the fragrance is blended into natural plant wax. When ignited, the wax melts and releases a rich, delicate aroma, creating a warm and romantic atmosphere.
Diffuser Stone	Drop the essence on the "diffuser stone" or "plaster aromatherapy", and the fragrance will evaporate naturally. It is an ideal fragrance choice for wardrobes, drawers or cars.

## applications

Our Advantages:

## 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

## Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

**Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.**

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

## Packing and Shipping:

### Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

### Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
