Product Description

Concentrated Polo (red) Essence Fragrance Oil for Diffusers & Reed Sticks LDZ-PL30203

Product Description:

The fragrance profile for Polo Red is a dynamic and invigorating blend, designed to evoke a sense of adventure, speed, and masculinity. While specific fragrance oil formulations may vary slightly from the original cologne, the scent is generally characterized by a fiery and woody-spicy profile.

The top notes of the fragrance are typically bright and zesty, featuring a trio of "red" notes like cranberry, red grapefruit, and Italian lemon. This provides an initial burst of energetic and tart freshness.

As the scent develops, it transitions to a heart of warm and aromatic notes. Key middle notes include fiery red saffron and earthy red sage, which add a spicy and magnetic depth. Some versions may also feature a touch of lavender for a clean, sensual layer.

The base notes anchor the fragrance with a rich and robust foundation. Expect to find a blend of woods, such as red wood and cedarwood, paired with warm amber and a distinct note of roasted coffee beans. This combination provides a lasting trail of warmth and sensuality. The overall impression is a complex, modern, and bold scent that is both fresh and spicy, making it a popular choice for diffusers and reed sticks to create an energetic and masculine ambiance in any space.

Product Feature:

Polo Red fragrance oil for diffusers and reed sticks offers a powerful, masculine, and dynamic scent experience. Its notes are crafted to be both invigorating and warm, creating a complex and appealing aroma.

Top notes	The initial impression is a vibrant and zesty burst of citrus and fruit. Key notes include red grapefruit, Italian lemon, and cranberry. These top notes create a fresh, tangy, and energetic opening that is immediately noticeable.
Middle notes	As the fragrance develops, it transitions to a spicy and aromatic heart. The prominent middle notes are red saffron and red sage. These give the scent its signature "red" character, adding a fiery and magnetic quality. Some formulations may also include notes of lavender or a marine accord for a clean and sensual layer.
Base notes	The final and most lasting part of the fragrance is a rich and woody foundation. Base notes typically consist of red wood, cedarwood, amber, and a unique, alluring note of roasted coffee beans. This combination provides a deep, warm, and sensual trail, ensuring the scent lingers in the air for a long-lasting and sophisticated ambience.

Technical Parameter:

Concentration	Fragrance Oil Content $\geq 95\%$
Fragrance Profile	Fruity-Lactic
Appearance	Colorless to light yellow transparent liquid
Relative density	Approx. 0.90 to 1.05 g/cm ³ @ 25°C
Refractive index	@ 20°C
Flash point	140°F (60°C)
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	typically 15-25%
Volatilization rate	With the unique microcapsule sustained-release technology, the fragrance diffusion rate is stable, which can maintain a continuous fragrance effect for 20-30 days and effectively cover a space of 15-25 square meters.
Solubility	Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in a cool, dark place in a sealed container.
Standard(IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

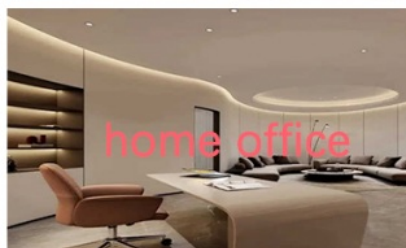

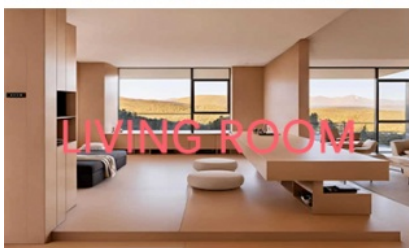

FUNCTIONS & APPLICATIONS

Polo Red Essence fragrance oil is designed primarily to provide a consistent and long-lasting scent. As a concentrated oil, its key function is to deliver a powerful aroma that can be dispersed into the air. In diffusers, the oil is typically diluted with a carrier base, allowing it to be atomized into a fine mist that scents a large area. When used with reed sticks, the oil travels up the porous sticks through capillary action, releasing its fragrance gradually. This method is effective for creating a subtle, continuous scent without the need for heat or electricity. The fragrance's vibrant, woody-spicy profile also functions to create a specific ambiance—one of energy, confidence, and masculinity, making it an excellent choice for personalizing and enhancing the atmosphere of a room.

The concentrated nature and specific scent profile of Polo Red Essence make it versatile for a variety of home fragrance applications:

Diffusers	It is an ideal oil for use in both ultrasonic and nebulizing diffusers. Users can add a few drops to a water-based diffuser for a light scent or use it in a pure-oil nebulizer for a more intense fragrance experience. This is perfect for living rooms, offices, or home gyms where a motivating and fresh scent is desired.
Reed Sticks & Diffusers	This is its most common application. The oil is poured into a glass bottle, and rattan or fiber reeds are inserted. The reeds absorb the fragrance and passively release it into the air, making it a low-maintenance solution for continuous scenting in hallways, bathrooms, or entryways.
DIY Products	The oil can be used as a component in various DIY projects. This includes making custom-scented candles, wax melts, room sprays, or even adding a few drops to potpourri. Its robust scent holds up well in different bases, allowing for creative applications.
Scented Home Decor	A few drops can be added to lava rocks or other porous materials to create a custom car air freshener or a decorative scented sachet for closets and drawers.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

1. Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
5. Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
