

Concentrated Black Orchid Essence Fragrance For Perfume Making Free Sample

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL10166
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Target Gender: Unisex
- Size: 10ml,5000ml,25kg
- Odor: Fragrance Like Polo Sport
- Certifications: Cruelty-free And Vegan
- Industrial Use: Perfume
- Appearance: Light Yellow Or Colourless Liquid Oil
- Heart Notes: Rose
- Sillage: Moderate
- From: Liquid Concentrate Oil
- Fragrance Family: Floral
- Form: Eau De Parfum
- Season: All Seasons
- Storage: Cool Dry Place Protected
- Target Age: Adult

Product Description

Concentrated Black Orchid Essence Fragrance For Perfume Making Free Sample LDZ-PL10166

Product Description:

The Concentrated Black Orchid Essence is a highly potent and complex fragrance component, a cornerstone for creating perfumes with a captivating, mysterious, and luxurious character. Unlike a simple floral note, this essence is a carefully crafted blend designed to evoke the full sensory experience of the mythical black orchid, which is often associated with rarity, elegance, and a hint of darkness. At its heart, the essence is a symphony of contrasting accords. The initial impression is a rich, dark floral bouquet, where the deep, velvety scent of the black orchid is given prominence. This is often supported by other exotic florals like ylang-ylang or jasmine, adding a creamy, narcotic sweetness that balances the orchid's intensity.

Product Feature:

In perfume making, this concentrated essence is a powerful tool. It should be used sparingly as a central note around which a

composition can be built. It pairs beautifully with citrus top notes for a surprising and fresh opening or with heavier leather or oud accords for a truly opulent and commanding fragrance. Its versatility lies in its ability to be both a dark floral and a decadent gourmand, making it a favorite for creating bold, unforgettable, and highly distinctive perfumes.

Top Notes	The initial impression is often a bold and intriguing blend of aromatic and slightly citrusy elements. Common top notes include black truffle, a rare and earthy aroma that gives the fragrance its unique, grounded character. This is often balanced with effervescent citrus notes like bergamot and mandarin orange, as well as the deep, fruity scent of black currant. The inclusion of gardenia and ylang-ylang in the top notes adds a narcotic floral sweetness that grabs attention immediately.
Middle Notes	As the initial burst fades, the heart of the fragrance unfolds. The "black orchid" accord, an imaginative and constructed note, takes center stage, often combined with other florals like jasmine and lotus. Spices such as clove or cinnamon can be added to create a warm, sensual feel. Fruity notes, and even rich accords like rum or plum, can also be present, adding depth and a hint of dark sweetness.
Base Notes	The final and most enduring part of the fragrance is its rich and sensual base. This is where the perfume gains its lasting power andillage. Common base notes include dark chocolate, which gives a gourmand and decadent quality, along with patchouli for its earthy and slightly woody character. Vanilla and amber provide a creamy sweetness and warmth, while incense, sandalwood, and vetiver contribute to a long-lasting, smoky, and sophisticated dry down.

Technical Parameter:

Product Name	Concentrated Red Musk Essence
Fragrance Profile	Characteristic strong musk fragrance with spicy, warm, and sweet undertones.
Appearance	Typically a clear to pale yellow liquid.
Middle Note Duration	2-4 hours
Base Note Longevity	6-8 hours or longer
Relative density	Varies, but typically ranges from 0.980 to 1.050 at 25°C.
Refractive index	between 1.4800 and 1.5050 at 20°C.
Flash point	200°F (93°C)
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Usage	Varies depending on the application and IFRA standards. For fine fragrances (Eau de Parfum, etc.), usage can be around 10-20%. For other products like candles, it may be 6-12%, and for soaps and lotions, it's typically much lower (1-3%).
Longevity	Better than common fruity flavors on the market, 6-8 hours effective longevity
Solubility	Soluble in alcohol (ethanol, perfumer's alcohol), Dipropylene Glycol (DPG), and other common fragrance solvents. Insoluble in water without a solubilizing agent.
Volatility	Low Volatility, Long-lasting Scent
Storage Conditions	10-25°C, away from light and ignition sources
IFRA Compliance	Conforms to the safety standards of the International Fragrance Association (IFRA).
Color Stability	Excellent
Stability	Stable under recommended conditions; may separate below 0°C
Shelf Life	12-24 months when stored in a cool, dark place in a tightly sealed container.
Application	Fine Perfumery, Aromatherapy, Personal Care
Evaporation Rate	Slow Evaporation Rate Compared with alcohol-containing perfumes, its evaporation rate is significantly reduced, making the evolution of the fragrance smoother and more delicate, with richer layers, avoiding the problem of rapid dissipation of the fragrance.

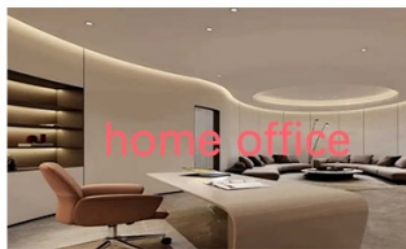

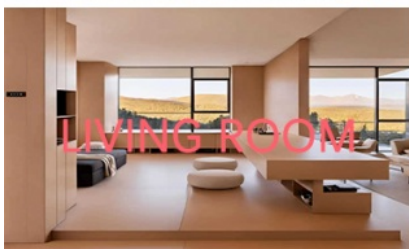

FUNCTIONS & APPLICATIONS

The concentrated Black Orchid essence is a powerful and versatile tool for a perfumer, serving several key functions in a fragrance composition. Its primary function is to act as a central pillar or "heart" of the perfume, providing a rich, dark, and complex character that is both luxurious and mysterious. It is not a simple floral note but a sophisticated blend that contributes a powerful, long-lasting silhouette.

The essence's multi-faceted nature allows it to bridge different fragrance families. The top notes of truffle and citrus provide an earthy yet sparkling opening, while the heart of the black orchid accord introduces a deep, exotic floralcy. Finally, the gourmand and woody base notes of chocolate, patchouli, and vanilla provide a sensual, warm, and lingering finish. This complexity makes it an ideal ingredient for creating bold, signature scents that defy traditional classifications and make a lasting impression. It can also be used to add depth and a touch of "noir" to more traditional floral or oriental fragrances, lending an air of sophistication and intrigue.

applications

Beyond traditional fine fragrances, concentrated Black Orchid essence has a wide range of applications across the personal care and home fragrance industries due to its strong and memorable scent profile.

Fine Fragrances	This is its most prominent application, where it is used as the star note in perfumes, colognes, and Eau de Parfum. Its richness makes it particularly suited for creating evening wear, special occasion scents, and unisex fragrances that lean towards the bold and opulent.
Home Fragrance	The essence is highly effective in products designed to scent living spaces. This includes candles, wax melts, room sprays, and reed diffusers. Its powerful projection ensures a long-lasting and pervasive aroma that can transform the ambiance of a room, creating a feeling of luxury and elegance.
Bath & Body Products	It is also used in a variety of personal care items. This includes body washes, lotions, soaps, and body mists, where it imparts its signature scent to the skin. When used in these products, its concentration must adhere to IFRA safety standards to prevent skin sensitization.
Other Applications	The essence can also be incorporated into a wide array of other scented products, such as laundry detergents, fabric softeners, and potpourri, where its potent and sophisticated scent can elevate everyday items.

applications

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as

well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
