

Black Code Fragrance Oil for Shampoo 8 oz, 16 oz, 32 oz

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL20064
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00,To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Packing: Plastic Bottle
- Color: Clear
- Benefits: Cleanses, Nourishes, And Softens Hair
- Solubility: Oil/ Water Soluble
- Oem Service: Welcome
- Size: 8 Oz, 16 Oz, 32 Oz
- Function: Shampoo Making
- Formulation: Foaming
- Usage: Apply To Wet Hair, Lather And Rinse Thoroughly
- Hair Type: All Hair Types
- Add Ratio: 0.1%-0.5%
- Certifications: Cruelty-free, Paraben-free
- Suitable For: Men And Women
- Origin: CN

Product Description

Concentrated Black Code Fragrance Oil for Shampoo & Shower Gel Making

LDZ-PL20064

Concentrated fragrance oil inspired by Giorgio Armani's Black Code (now known as Armani Code) is a popular choice for creating scented bath and body products, such as shampoo and shower gel. This fragrance is a sophisticated and alluring woody-oriental scent, designed to embody modern masculinity. The key to its appeal lies in its complex and well-balanced note structure, which transitions from a fresh, clean opening to a warm, sensual, and long-lasting dry down.

Product Features

T o p N o t e s	The top notes of the Black Code fragrance oil are a vibrant and refreshing blend of citrus. The most prominent notes are typically bergamot and lemon, which provide a bright, zesty, and sparkling introduction. This initial burst of freshness is crucial for a shampoo or shower gel, as it provides an invigorating sensation during use. This citrus accord creates a clean and uplifting start, perfectly suited for a daily cleansing routine.
M i d d l e N o t e s	The heart of the fragrance introduces a more complex and aromatic character. A key middle note is star anise, which provides a sweet, spicy, and slightly licorice-like aroma. This is often complemented by the floral and green nuance of olive blossom, a unique note that adds a touch of refined elegance. Other heart notes may include guaiac wood, which provides a smoky, woody, and slightly balsamic undertone. These middle notes work to build the fragrance's sophisticated profile, ensuring it is more than just a simple citrus scent.
B a s e N o t e s	The base notes are where the fragrance's true depth and warmth are revealed, and they are essential for longevity, particularly in a wash-off product. The accord is grounded in rich and sensual notes of leather and tobacco, which create a distinctly masculine and alluring presence. This is smoothed and sweetened by the creamy, vanilla-like aroma of tonka bean. The combination of these base notes ensures that the fragrance lingers on the skin after the shower, providing a subtle yet lasting trail that is both comforting and captivating. When formulated for shampoo and shower gel, the fragrance oil must be stable and robust enough to perform well in a high-foaming, water-based solution, maintaining its integrity and olfactory complexity throughout the cleansing process.

Technical Parameters

Product Name	Lavender & Patchouli Fragrance Oil
Fragrance Profile	Woody-Oriental
Appearance	Clear, colorless to pale yellow liquid
Relative Density	Approx. 0.950 - 1.050 g/cm³ @ 25°C
Flash Point	70°C
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
Recommended Usage	Typically 0.5-2.0% in shampoo and shower gel formulations, as per IFRA guidelines and desired scent strength.

IFRA Compliance	Adheres to IFRA standards for restricted or prohibited ingredients
pH Stability	Stable across a typical pH range of 5.5 to 7.0, essential for shampoo and shower gel formulations.

Functions & Applications

The concentrated Black Code fragrance oil serves as a specialized aromatic component designed to elevate the sensory experience of shampoo and shower gel products. Its primary function is to impart a luxurious, sophisticated, and long-lasting scent to a cleansing base. Unlike fragrances for fine perfumes, this oil is engineered to be stable and effective within a surfactant-rich, water-based solution. It is formulated to be highly soluble in these systems, ensuring an even dispersion without affecting the product's clarity or stability.

The concentrated Black Code fragrance oil is specifically tailored for a range of wash-off personal care products where a masculine, oriental-woody scent is desired. Its primary applications are in the manufacturing of shampoos and shower gels, where its formulation ensures it is both effective and non-irritating. Beyond these core products, its robust and stable nature makes it suitable for other cleansing and body care items.
