Product Description

Concentrated Ginger Flower Essence Oil For Diffusers & Reed Sticks LDZ-PL30317

Product Description:

Immerse your space in the enchanting and revitalizing aroma of our Concentrated Ginger Flower Essence Oil. This exquisite fragrance captures the ephemeral beauty of the ginger flower, a scent that is both spicy and floral, delicate yet powerful. The initial notes are a lively and zesty burst of fresh ginger, reminiscent of a crisp morning dew on a lush, tropical garden. This invigorating top note is quickly followed by the heart of the fragrance, where the true star of the show emerges: a soft, honeyed sweetness of the ginger blossom. This floral core is subtly laced with hints of citrus and a green, almost dewy undertone, adding complexity and depth.

As the fragrance settles, a warm and earthy base of sandalwood and a whisper of musk emerges, providing a grounding anchor that ensures a long-lasting and balanced scent profile. This essence oil is not merely a fragrance but an experience—a journey to a tranquil and sun-drenched sanctuary. It is a sophisticated and uplifting scent, perfect for creating an atmosphere of calm, clarity, and well-being. Ideal for use in diffusers and reed sticks, it disperses a clean, natural aroma that purifies and enlivens any room.

Product Feature:

Crafted with precision, our Concentrated Ginger Flower Essence Oil is a complex and layered fragrance designed to evolve over time, offering a multi-sensory experience.

Top notes	The initial impression is a vibrant and invigorating burst of fresh ginger. This crisp, zesty opening is complemented by bright citrus notes of bergamot and mandarin, creating an uplifting and energizing first impression. The addition of a clean, dewy accord adds a hint of coolness, reminiscent of morning mist on a tropical plant.
Middle notes	As the top notes dissipate, the heart of the fragrance blossoms. The dominant middle note is the delicate and honeyed scent of ginger flower itself, a soft floral that is both elegant and slightly sweet. This is beautifully interwoven with the green, fresh-cut petals of a rose and the subtly powdery essence of freesia, which together form a rich and romantic floral bouquet.
Base notes	The fragrance concludes with a warm and grounding finish. A sophisticated base of musk and amber provides a lasting, sensual foundation. These notes lend a deep, earthy warmth that anchors the floral and citrus accords, ensuring the scent has a luxurious and enduring presence. The result is a balanced and harmonious aroma that is both stimulating and soothing.

Technical Parameter:

Concentration	Fragrance Oil Content $\geq 95\%$
Fragrance Profile	Fruit Fragrane
Appearance	Colorless to light yellow transparent liquid
Relative density	Approx. 0.867 - 0.885 g/cm ³ @ 25°C
Refractive index	1.488 - 1.494 @ 20°C
Flash point	above > 65°C
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	ranging from 15% to 25% by weight.
Volatilization rate	With the unique microcapsule sustained-release technology, the fragrance diffusion rate is stable, which can maintain a continuous fragrance effect for 20-30 days and effectively cover a space of 15-25 square meters.
Solubility	The oil is designed to be soluble in other oil-based carriers, facilitating its use in both waterless diffusers and with carrier oils for reed stick formulas. It is not water-soluble.
Viscosity	The oil has a fluid, non-viscous consistency, which is ideal for wicking up reed sticks and for use in atomizing and ultrasonic diffusers, preventing any buildup or damage to the device.
Shelf Life	12-24 months when stored in a cool, dark place in a sealed container.
Standard(IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

FUNCTIONS & APPLICATIONS

Our Concentrated Ginger Flower Essence Oil is not just a fragrant product; it is a versatile tool for enhancing both the environment and personal well-being. Its carefully engineered composition allows for a range of functions and applications that make it a valuable addition to any home or professional space.

Diffusers & Humidifiers	The oil's low viscosity is optimized for seamless performance in both ultrasonic and nebulizing diffusers. This ensures a fine, consistent mist that disperses the fragrance evenly, effectively scenting a room without overpowering the senses. It is ideal for creating a sophisticated and welcoming ambiance in living areas, hotel lobbies, or retail spaces.
Reed Sticks	The essence oil's formulation is perfectly balanced for capillary action in reed sticks, allowing for a continuous and passive release of scent. This makes it an excellent choice for a steady, low-maintenance fragrance in bathrooms, offices, or other smaller spaces. The uplifting and spicy-floral aroma is known to promote feelings of empowerment and reduce stress, contributing to a more balanced emotional state.
Space Refreshing	The natural properties of ginger oil lend a cleansing and purifying effect to the air. When diffused, it can help to neutralize stale odors and create a fresh, clean-smelling environment. This function is particularly useful in kitchens or high-traffic areas, offering a subtle yet effective way to maintain a pleasant atmosphere.
DIY Products	The concentrated nature of this essence oil makes it a superior ingredient for custom fragrance projects. It can be used as a primary component in candle-making, mixed into a base for room sprays, or added to potpourri and sachets. Its potent and lasting scent ensures a high-quality finished product that offers a truly bespoke aromatic experience.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

1. Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
5. Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
