Product Description

Vanilla Floral Fragrance For Shower gel & Shampoo Making Concentrated

LDZ-PL20146

This Concentrated Vanilla Floral Fragrance is a meticulously crafted scent designed for professional integration into shower gel and shampoo formulations. It offers a powerful and long-lasting aroma, ensuring that a small amount goes a long way in your product development.

The fragrance profile is a sophisticated blend, opening with delicate floral top notes. These are carefully selected to provide an initial burst of freshness, evocative of blooming white flowers such as jasmine and lily, offering an uplifting and clean first impression.

As the scent develops, it transitions to a rich, warm, and inviting heart. The prominent vanilla accord emerges, delivering a creamy, sweet, and comforting aroma. This vanilla is not overpowering; instead, it provides a luxurious and gourmand depth that complements the floral elements beautifully, creating a balanced and harmonious bouquet.

The fragrance is designed to be stable in various bases, including both surfactant-heavy shampoo and milder shower gel formulations, without affecting their clarity, viscosity, or performance. Its high concentration ensures excellent scent retention on the skin and hair, leaving a subtle yet memorable sillage after use. This makes it an ideal choice for creating premium personal care products that promise a consistent and enchanting sensory experience for the end user.

Fragrance Profile

This concentrated fragrance oil is expertly formulated to impart a luxurious and enduring scent to shower gels and shampoos. Its complex and well-balanced olfactive pyramid ensures a multi-layered sensory experience.

To p Not es	The fragrance opens with a vibrant and uplifting blend of fresh bergamot and delicate white florals. This initial burst is bright and clean, reminiscent of freshly picked jasmine petals and zesty citrus, providing an immediate sense of refreshment and purity.
Mid dle Not es	At the heart of the fragrance lies a rich and sophisticated floral bouquet. Creamy ylang-ylang and soft rose petals intertwine with a hint of sweet honeysuckle, creating a captivating and elegant core. These notes provide a smooth, opulent floral character that is both soothing and enchanting.
Base Not es	The scent settles into a warm, sensual, and long-lasting foundation. The signature creamy vanilla accord is enhanced by a whisper of musk and sandalwood, providing a comforting and lingering finish. This deep, gourmand base ensures excellent scent retention, leaving the skin and hair subtly fragrant for hours.

Technical Parameters

Product Name	Concentrated Versace Essence Fragrance Oil
Fragrance Profile	Woody-Oriental
Appearance	Clear to Pale Amber Liquid
Relative Density	0.95 - 1.05 g/cm³ (at 20°C)

Flash Point	60.5°C

IFRA Compliance	Compliant with latest IFRA standards for Category 9 (Wash-Off Products)
pH Stability	Stable across pH 4.0 - 9.0
Solubility	Soluble in Alcohol & Surfactants

Applications

This Concentrated Vanilla Floral Fragrance serves several key functions within personal care products beyond simply providing a pleasant smell. Its primary role is to enhance the user experience, transforming a routine cleansing task into a luxurious and sensory-rich ritual. The carefully designed olfactive profile—with its fresh floral top notes and warm vanilla base—is intended to evoke feelings of comfort, relaxation, and well-being. Furthermore, a critical function is malodor masking. The fragrance effectively neutralizes and masks any unpleasant chemical odors that may originate from the raw ingredients or surfactants within the shampoo or shower gel base. This

ensures a consistent and appealing product from the moment of unboxing to its application. The fragrance also plays a vital role in brand identity and consumer appeal, as scent is a powerful driver of purchase decisions and brand loyalty in the personal care market. A unique and memorable fragrance like this helps a product stand out on the shelf and encourages repeat purchases.

applications

BEDROOM

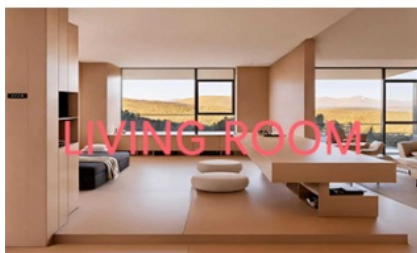

Coffee House

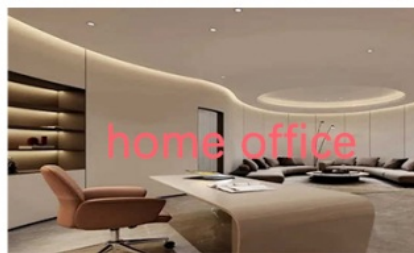

library/study

BATHROOM

LIVING ROOM

home office

This versatile Concentrated Vanilla Floral Fragrance is specifically formulated for seamless integration into a range of personal care and cosmetic products. Its stability in surfactant systems makes it an excellent choice for shampoos and conditioners, where it imparts a lasting scent to hair that lingers subtly after rinsing. It is also ideal for use in shower gels and body washes, where its rich, evolving scent profile creates a truly indulgent in-shower experience that leaves the skin feeling clean and delicately scented.

Beyond standard cleansing products, its warm and inviting character makes it highly suitable for liquid hand soaps and foaming hand washes, providing a touch of luxury for everyday hygiene. Additionally, this fragrance can be used to scent complementary products to create a cohesive collection, such as body lotions, body mists, and bath bombs, ensuring a harmonized scent journey for the consumer. This allows for the development of a complete product line centered around the comforting and sophisticated vanilla floral theme.
