

Sweet Floral Essence Fragrance Oil For Reed Sticks & Diffusers Concentrated

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL30100
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Safety Warning: For External Use Only
- Use: Room,Car
- Other Names: Super Red Classic Fragrance
- Scent Duration: Up To 8 Weeks
- Feature: Sustainable
- Solubility: Oil/ Water Soluble
- Color: Light Yellow Or Colourless Liquid Oil
- Delivery: Within 5 Days
- Fragrance Type: Diffuser
- Ingredient: Natural Herbal Extract
- Made In: France
- Kinds: Over 1000 Kinds
- Scent Strength: Medium To Strong

Product Description

Sweet Floral Essence Fragrance Oil For Reed Sticks & Diffusers Concentrated LDZ-PL30100

Product Description:

Sweet Floral Essence is a captivating fragrance oil designed for use with reed sticks and diffusers, crafted to fill any space with a delicate and long-lasting aroma. This professional-grade scent is an intricate blend, meticulously layered to evoke the sensation of a blooming garden at the height of spring.

Ideal for creating a serene and pleasant environment in homes, offices, or commercial spaces, Sweet Floral Essence is a balanced and beautifully executed fragrance that appeals to those who appreciate a natural, sophisticated floral scent. Its professional formulation ensures a consistent and effective diffusion, providing a continuous, exquisite scent experience.

Product Feature:

Sweet Floral Essence is an exquisitely crafted fragrance oil, designed for a sophisticated olfactory experience via reed sticks and diffusers. The fragrance unfolds in a three-tiered structure of notes, meticulously balanced for a lasting and multi-dimensional aroma.

Top Notes	The journey begins with the top notes, which are the first to greet the senses. This initial impression is a vibrant and refreshing blend of zesty bergamot and crisp green leaf. The bergamot provides a bright, citrusy lift that is both invigorating and clean, while the green leaf adds a dewy, fresh-cut quality, evoking the feeling of a garden at dawn. These light and airy notes create an immediate sense of purity and vitality.
Middle Notes	The fragrance then transitions to its middle notes, the true heart of the scent. This central accord is a rich and romantic floral bouquet. It is dominated by the timeless elegance of jasmine sambac and the velvety richness of Bulgarian rose. These two classic florals are beautifully complemented by the delicate sweetness of lily of the valley and the subtle peppery freshness of freesia. This combination creates a deeply layered and harmonious floral symphony that is both luxurious and comforting, radiating a full-bodied floral presence.
Base Notes	Finally, the scent settles into its base notes, which provide depth, warmth, and longevity. A soft, creamy musk anchors the fragrance, offering a clean, skin-like quality that prevents the floral notes from becoming too sharp. This is supported by a whisper of sandalwood, which adds a dry, woody sophistication, and a hint of white amber, lending a subtle, resinous warmth. The base notes ensure the scent lingers gracefully, leaving a lasting impression of refined floral elegance.

Technical Parameter:

Concentration	Fragrance Oil Content $\geq 95\%$
Fragrance Profile	Fruit Fragrane
Appearance	Colorless to light yellow transparent liquid
Relative density	Approx. 0.950–1.050 g/cm ³ @ 25°C
Refractive index	1.460–1.560 @ 20°C
Flash point	above >93°C / >200°F
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	ranging from 15% to 25% by weight.
Volatilization rate	With the unique microcapsule sustained-release technology, the fragrance diffusion rate is stable, which can maintain a continuous fragrance effect for 20-30 days and effectively cover a space of 15-25 square meters.
Solubility	Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in a cool, dark place in a sealed container.
Standard(IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

FUNCTIONS & APPLICATIONS

Sweet Floral Essence fragrance oil is designed to create a continuous and pleasant ambient scent, acting as a passive air freshener and mood enhancer. Its primary function is to disperse aromatic molecules into the air without the use of heat or electricity, providing a subtle yet consistent fragrance. The oil's specialized formulation allows for optimal capillary action, enabling the scent to travel up the reed sticks and evaporate effectively. This process ensures the aroma fills a space evenly, creating a serene and inviting atmosphere. The psychological function of this specific floral blend is to promote feelings of tranquility, happiness, and well-being, leveraging the known mood-enhancing properties of its floral components like jasmine and rose. It serves to neutralize unwanted odors and replace them with a sophisticated and natural-smelling bouquet, making any room feel cleaner and more refreshed.

This fragrance oil is specifically and professionally formulated for use with reed diffusers and other non-heated diffusion systems. For a reed diffuser, the oil is poured into a glass vessel, and porous reeds are inserted to absorb and disperse the fragrance. The number of reeds used can be adjusted to control the intensity of the scent, allowing for a customizable experience. It is ideal for a variety of indoor spaces, including living rooms, bedrooms, bathrooms, and offices, where a constant, low-maintenance scent is desired. Beyond reed diffusers, the oil can be used in electric cold-air diffusers or ultrasonic diffusers when diluted with an appropriate carrier liquid. It is also suitable for crafting other home fragrance products, such as room sprays or potpourri, when properly mixed with a suitable base.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
