

Free Sample Freesia-Lily Essence Candle Fragrance Oil High Purity

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL40127
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Burn Time: Approximately 40 Hours
- Storage: Cool Dry Place
- Form: Liquid Fragrance
- Fragrance Family: Fresh,earthy&woody,spice&warm
- Clean-Burning: Yes
- Type: Synthetic Flavour & Fragrance
- Scent Intensity: Medium
- Delivery: Within 5 Days
- Safety Features: Lead-free Wick, Non-toxic Ingredients
- Application: Candle
- Add Ratio: 1%-5%
- Ingredients: Soy Wax, Essential Oils, Fragrance Oils

Product Description

Free Sample Freesia-Lily Essence Candle Fragrance Oil High Purity LDZ-PL40127

Product Description:

Freesia-Lily Essence Candle Fragrance Oil is a sophisticated and captivating scent designed to fill any space with a floral and elegant aroma. This fragrance oil is a masterful blend that aims to capture the delicate and fresh essence of two beloved flowers: freesia and lily.

This fragrance oil is perfect for creating a serene and elegant atmosphere, ideal for bedrooms, living rooms, or any space where a touch of floral luxury is desired. It's a popular choice for those who appreciate classic, timeless floral scents that are not overly sweet or cloying. The blend is designed to be well-rounded, ensuring a smooth and pleasant scent throw when used in candles, wax melts, or diffusers.

Product Feature:

Freesia-Lily Essence Candle Fragrance Oil is a carefully crafted scent that combines the fresh, airy qualities of freesia with the rich, creamy aroma of lily, creating a balanced and elegant floral fragrance. The notes are structured to provide a multi-layered sensory experience.

Top note	The initial impression is a light and sparkling blend of freesia, often accompanied by other bright and green accords. This can include a delicate white peach or a hint of citrus like orange, which adds an uplifting and zesty touch. These top notes are designed to be the first scents you perceive, creating an immediate sense of freshness and a springtime atmosphere.
Middle note	As the fragrance develops, the core of the scent emerges, dominated by a luxurious floral bouquet. The heady, classic scent of lily is the star here, providing a deep and creamy richness. This is often supported by other white florals like jasmine, tuberose, or ylang-ylang, which enhance the overall opulence and sophistication of the blend. These middle notes are the most prominent part of the fragrance when the candle is burning, filling the room with a complex and captivating floral aroma.
Base note	The fragrance's foundation is built on soft, lasting notes that provide depth and longevity. These are typically subtle, clean elements like watery musk, a touch of vanilla for warmth, or delicate powder notes. These base notes anchor the lighter florals, ensuring the scent lingers in the air long after the candle has been extinguished, leaving a soft, comforting, and memorable impression.

Technical Parameter:

Fragrance Profile	Orange Blossom Essence notes
Appearance	Clear to pale yellow liquid
Relative density	Between 0.900 and 1.100 g/cm ³ @ 25°C
Refractive index	1.42 - 1.53 @ 20°C
Flash point	> 200°F (> 93°C)
Ingredients	Natural & Synthetic Aromatic Compounds
Volatile organic compound (VOCs) content	< 1% - Environmentally friendly formula that meets regulatory standards such as the California Air Resources Board (CARB).
Recommended Dosage	6% to 12% by weight, depending on the specific wax type

Thermal diffusion performance	Excellent . It can fill a space of 20-30 square meters in 3-5 minutes after lighting.
Cold Throw	Excellent - Has a noticeable aroma even when unburned.
Hot Throw	Excellent - The aroma spread is strong and steady while burning.
Wax Compatibility	Excellent - Blends seamlessly with a variety of common waxes, including soy wax, beeswax, coconut wax, paraffin wax, and blends, without affecting the wax structure or combustion performance.
Solubility	Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	Store in a cool, dark place, shelf life 24 months
Standard(IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

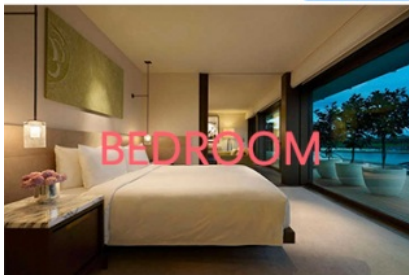

FUNCTIONS & APPLICATIONS

Freesia-Lily Essence Candle Fragrance Oil is a versatile scent designed for a range of professional applications, primarily within the home fragrance and personal care industries. Its function is to impart a specific aromatic profile that is both elegant and evocative, creating a desired ambiance or sensory experience for the end consumer.

Scent Profiling	The primary function of this fragrance oil is to deliver a consistent and well-defined scent profile. It is engineered to capture the clean, sweet, and slightly peppery notes of freesia and the rich, creamy, and heady notes of lily. This allows manufacturers to create products that deliver a luxurious and classic floral experience, appealing to a wide consumer base that values sophisticated and timeless fragrances.
Ambiance Creation	In its application within candles, wax melts, and diffusers, the fragrance oil functions to transform the atmosphere of a space. It creates a serene and elegant ambiance, often associated with freshness and romance. This makes it ideal for use in products marketed for relaxation, special occasions, or simply for enhancing the daily living environment. The balanced nature of the scent ensures it is pleasant and not overwhelming, providing a comfortable and inviting feeling.

applications

BEDROOM

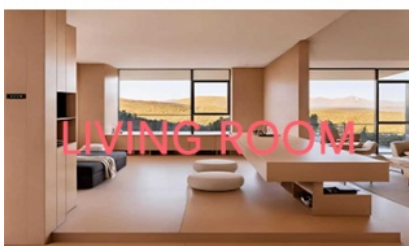

Coffee House

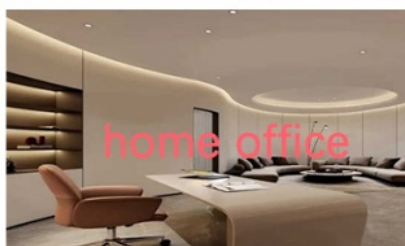

library/study

BATHROOM

LIVING ROOM

home office

This is the primary application for Freesia-Lily Essence fragrance oil. It is formulated to have an excellent scent throw, both hot (when the candle is burning) and cold (when the candle is unlit). Its high flash point and lack of vanillin make it a preferred choice for professional candlemakers, as it ensures product safety and prevents discoloration. It performs consistently across various waxes, including soy, paraffin, and coconut blends.

Room and Linen Sprays	The light and fresh character of the fragrance makes it highly suitable for room and linen sprays. When diluted in a spray base, it can instantly freshen a space or a piece of fabric, leaving a lingering, clean floral scent. Its non-staining properties are crucial for this application, as it ensures it will not leave marks on textiles.
Personal Care Products	Many formulations of this fragrance oil are certified as "skin safe" and can be used in a variety of personal care items. These applications include cold-process soap, lotions, body washes, and bath bombs. Its clean, appealing scent adds a premium feel to these products, and its IFRA compliance ensures that it can be used at safe concentrations for topical use.
Diffusers and Oil Warmers	Freesia-Lily Essence fragrance oil is well-suited for both reed diffusers and electric or tea-light oil warmers. In reed diffusers, its composition allows for efficient and continuous wicking, providing a steady release of the fragrance into the air. When used in warmers, it releases its full aromatic profile without burning off too quickly, ensuring a long-lasting and effective scent diffusion.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as

well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
