Applications

The primary function of Victoria's Secret Very Sexy Sea is to serve as an olfactory "provocative escape," providing a fresh, bright, and sensually warm fragrance experience. It is designed to evoke the imagery of a Mediterranean getaway, specifically the Amalfi Coast, with notes that combine the freshness of water with sun-kissed warmth. Its function is two-fold: to be uplifting and invigorating with the prominent Italian Bergamot and Neroli Blossom, and to be sultry and enduring through the base of Sundrenched Cedar. As an Eau de Parfum (EDP), its high concentration aims to provide long-lasting scent longevity—typically 6-8 hours—ensuring the "sexy" and "fresh" aura is maintained throughout the day or evening. The overall effect is a clean, yet deeply appealing, scent that boosts confidence and garners compliments.

Our Advantages

Very Sexy Sea is highly versatile but excels as a Spring and Summer staple due to its refreshing and aquatic-floral character.

Ideal Applications:	
Daytime Wear	Its light, fresh, and non-overpowering nature makes it perfect for everyday use, whether for running errands, casual daytime outings, or office use where a sophisticated but clean scent is desired.
Warm-Weather Occasions	The scent truly shines in hot weather, embodying the carefree, breezy feeling of a beach vacation, pool party, or outdoor summer event.
Romantic/Date Nights	Though fresh, the "Very Sexy" branding and warm, woody cedar base give it a seductive quality, making it a good choice for date nights, as it is described as a "romantic fragrance."
Layering	As an extension of the iconic Very Sexy line, it can be layered with matching fragrance lotions or mists to enhance its richness and maximize its longevity on the skin. Application is best on warm pulse points like the wrists, behind the ears, and the neck.
