Product Description

Free Samples Daisy Fragrance Essence Fragrance Oil For Reed Sticks & Diffusers LDZ-PL30329

Product Description:

The "Daisy" Fragrance Essence Fragrance Oil for Reed Sticks & Diffusers is generally designed to capture the light, fresh, and floral character of a popular designer perfume. It aims to evoke the feeling of a sun-drenched meadow and a carefree, uplifting spirit.

This fragrance oil is perfect for use in reed and electric diffusers to infuse a light, airy, and cheerful atmosphere into living spaces. It is often lauded for being a delightful, non-obnoxious floral scent. Many versions are also formulated to be skin-safe and can be used in other DIY projects like soap making, candles, and body care products.

Product Feature:

Top Notes	Bright, sparkling fruits like Strawberry, Grapefruit, or Lemon, sometimes blended with a hint of green freshness like Violet Leaf.
Middle Notes	A delicate floral bouquet featuring florals such as Gardenia, Violet, Lily, Rose Petals, or, of course, Daisy. These notes form the core of the scent, offering a gentle, soft aroma.
Base Notes	A smooth, grounding finish typically composed of White Woods, Cedarwood, and soft Musk, ensuring the scent is clean, inviting, and long-lasting without being overpowering.

Technical Parameter:

Concentration	Fragrance Oil Content $\geq 95\%$
Fragrance Profile	Fruit Fragrane
Appearance	Colorless to light yellow transparent liquid
Relative density	Approx. 0.950–1.050 g/cm ³ @ 25°C
Refractive index	1.460–1.560 @ 20°C
Flash point	above >93°C / >200°F
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	ranging from 15% to 25% by weight.
Volatilization rate	With the unique microcapsule sustained-release technology, the fragrance diffusion rate is stable, which can maintain a continuous fragrance effect for 20-30 days and effectively cover a space of 15-25 square meters.
Solubility	Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in a cool, dark place in a sealed container.
Standard(IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

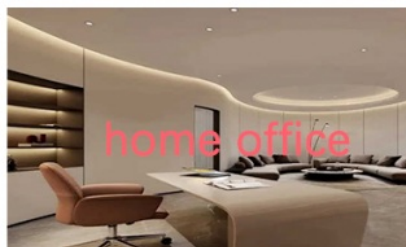

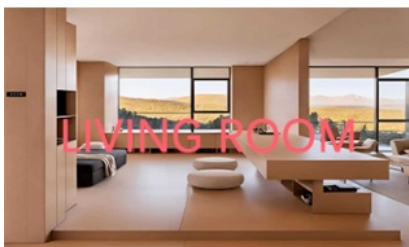

FUNCTIONS & APPLICATIONS

The primary function of the Daisy fragrance essence is olfactory enhancement, delivering a continuous and pleasant light, floral aroma to a space. Its key benefit is creating an uplifting and cheerful atmosphere, often described as capturing the fresh, carefree spirit of a sun-drenched meadow.

The bright and delicate scent profile, typically featuring notes like strawberry, grapefruit, violet, and gardenia over a gentle musk/wood base, functions as an excellent mood booster. It provides a sense of natural freshness and serenity, making the environment feel more welcoming and clean. Due to its association with a popular, modern perfume, it also serves to provide an affordable way to enjoy a designer-inspired scent in your home. Furthermore, its long-lasting, steady diffusion helps to mask or neutralize unwanted odors without being heavy or cloying, offering a subtle backdrop of elegance and joy.

applications

The Daisy Fragrance Essence oil is prized for its high versatility across various home and personal care applications:

Reed & Electric Diffusers	This is the primary and most direct application. Used with a carrier base in reed diffusers, it provides a flameless, low-maintenance, and continuous scent throw for weeks or months, ideal for consistently scenting living rooms, bathrooms, and bedrooms. In electric or ultrasonic diffusers, a few drops mixed with water instantly fills a larger space with its bright aroma.
Candle & Wax Melt Making	It is a popular choice for DIY crafting, allowing users to create their own custom scented candles and wax melts. The oil is formulated to blend well with various waxes (paraffin, soy) for a strong hot and cold scent throw.
Personal Care & Cosmetics	Many formulations of the oil are skin-safe, making them suitable for formulating products like lotions, cold process and melt-and-pour soaps, shampoos, bath bombs, and sugar scrubs, transferring the fresh floral scent to daily routines.
Home Freshening	The oil can be diluted to make room, linen, and car sprays, or simply added to potpourri and scented stones to refresh small spaces like drawers and wardrobes.

applications

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as

well.
