

Free Sample Orange Blossom Basil Fragrance Candle Fragrance Oil High Quality

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL40120
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Application: Candle Making
- Fragrance Family: Floral, Fruity, Woody, Spicy, Fresh
- Colour: Light Yellow
- Samples: Freely Provide
- Scent Type: Fragrance Oils
- Fragrance Intensity: Medium
- Origin: China
- Usage: Daily Flavor, Industrial Flavor
- Scent Intensity: Medium
- Type: Soy Wax Candles
- Solubility: Both Oil-Soluble And Water-Soluble
- Safety Features: Lead-free Wick, Non-toxic Ingredients
- Application: Candle/diffuser

Product Description

Free Sample Orange Blossom Basil Fragrance Candle Fragrance Oil High Quality LDZ-PL40120

Product Description:

The Orange Blossom Basil fragrance for scented candles is a bright and invigorating blend, often characterized by a sophisticated balance of sweet and herbaceous notes.

The dominant note is usually the Orange Blossom (Neroli), offering a light, heady, and sweet floral scent with a hint of fresh citrus. This is beautifully contrasted by the aromatic, slightly peppery, and green undertones of Basil. The combination provides a sophisticated, uplifting aroma—a fresh Mediterranean garden feel. It's often described as joyful, zesty, and elegant.

PLAN

Product Feature:

The Orange Blossom Basil fragrance oil creates a sophisticated, Mediterranean-inspired scent profile, evolving through distinct layers of citrus, floral, and herbaceous notes.

Top note	These provide the immediate, bright first impression and are typically volatile. They feature Bright Citrus Zest and Bergamot for a sparkling, zesty lift. Crucially, the fresh, slightly peppery, and green aromatic scent of Basil is often included here, offering a clean, invigorating introduction that sets it apart from a purely floral or citrus scent.
Middle note	This is where the core theme of the fragrance resides, offering a deeper body that emerges after the top notes dissipate. The primary note is Orange Blossom (Neroli), which is heady, sweet, and intensely floral. This is frequently rounded out with supporting white florals like Jasmine to enhance the lush, delicate, and slightly sweet character of the Neroli.
Base note	These are the longest-lasting notes, forming the foundation that gives the candle its depth and staying power (hot throw). They anchor the lighter elements with notes like warm, woody Sandalwood, clean Musk, or sometimes a hint of Vetiver or Patchouli to emphasize the earthy, green aspect of the Basil. These notes ensure the fragrance lingers with an elegant and cozy warmth.

Technical Parameter:

Fragrance Profile	Orange Blossom Essence notes
Appearance	Clear to pale yellow liquid
Relative density	≈0.90 to 0.96 g/cm ³ @ 25°C
Refractive index	1.42 - 1.53 @ 20°C
Flash point	140°F to >200°F (60°C to >93°C)
Ingredients	Natural & Synthetic Aromatic Compounds
Volatile organic compound (VOCs) content	< 1% - Environmentally friendly formula that meets regulatory standards such as the California Air Resources Board (CARB).
Recommended Dosage	8% to 12% by weight, depending on the specific wax type

Thermal diffusion performance	Excellent . It can fill a space of 20-30 square meters in 3-5 minutes after lighting.
Cold Throw	Excellent - Has a noticeable aroma even when unburned.
Hot Throw	Excellent - The aroma spread is strong and steady while burning.
Wax Compatibility	Excellent - Blends seamlessly with a variety of common waxes, including soy wax, beeswax, coconut wax, paraffin wax, and blends, without affecting the wax structure or combustion performance.
Solubility	Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	Store in a cool, dark place, shelf life 24 months
Standard(IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

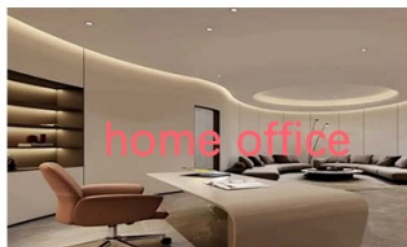

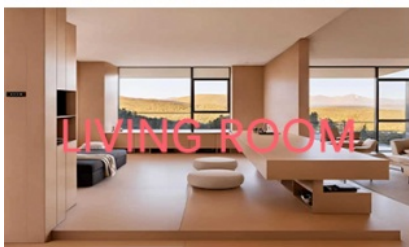

FUNCTIONS & APPLICATIONS

The Orange Blossom Basil fragrance oil performs the primary function of an aromatic agent while providing significant mood benefits through its composition.

Aroma Profile	The oil creates a layered, sophisticated profile that offers a unique alternative to single-note scents, attracting an upscale market. The Basil's sharp, green note prevents the Orange Blossom from becoming too cloyingly sweet, giving the final candle a clean, invigorating freshness.
Non-Discoloring	High-quality versions often have a Vanillin content of 0%, meaning the oil is clear and will not typically cause yellowing or browning in white or light-colored waxes over time, maintaining a clean aesthetic.
Scent Throw	Formulated for strong performance in wax, the fragrance ensures a robust hot throw, effectively filling a room with its bright, complex aroma. The balance of light (citrus/herbal) and anchored (musk/wood) notes contributes to both immediate impact and long-lasting scent.
Mood Elevation	Functionally, this blend is excellent for uplifting and clarifying a space. The citrus and basil components are naturally associated with energy, focus, and reducing stress, making the candle ideal for daytime use, kitchens, or workspaces.

applications

Home and Body Applications:	
Cold Process (CP) and Melt & Pour Soap	The oil is often "skin-safe" and compatible with soap bases. Makers must check for its specific CP soap performance, as some blends may accelerate trace due to certain components, requiring a cooler pour. It imparts a fresh, clean scent perfect for hand or body soap.
Room and Linen Spray	Diluted in a base solvent, it makes an excellent room spray. Its bright, airy quality is perfect for instantly refreshing a room, linens, or clothing, evoking the feel of a sunny, clean space.
Diffuser Oils	The scent is highly effective in both ultrasonic and reed diffusers. The crisp Basil and light Orange Blossom notes travel well, providing a continuous, gentle background aroma for several weeks.
Bath and Body Products	It is a popular choice for lotions, sugar scrubs, and bath bombs, where the invigorating citrus and herb scent provides an aromatic, spa-like experience, particularly appreciated for refreshing morning routines.

applications

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
