

Phthalate-Free Floral-Fruity Fragrance Oil for Shampoo with 36 Months Shelf Life and 0.5%-5% Add Ratio

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL20295
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Storage: Cool Dry Place Protected
- Odor: Characteristic Odor
- Type: Fragrance Oil
- Formulation: Liquid
- Samples: Freely Provided
- Application: Shampoo / Shower Gel /Scented Soap Making
- Country Of Origin: United States
- Add Ratio: 0.5%-5%
- Target Audience: Men, Women, Children
- Oem Service: Welcome
- Compatibility: Suitable For Use With Surfactants And Conditioners
- Effect: Nourishing
- Highlight: **Phthalate-Free Fragrance Oil ,
36 Months Shelf Life Shampoo Fragrance ,**

Product Description

Lux Fragrance Essence Floral-Fruity Fragrance Oil For Shower Gel & Shampoo With Free Sample

Product Code: LDZ-PL20295

The Lux Fragrance Essence Oil is engineered as a high-performance Fine Fragrance Oil specifically formulated for rinse-off systems like shower gel and shampoo, guaranteeing scent longevity and stability in surfactant bases. It is inspired by the globally successful, luxurious fragrance profiles used in the Lux product line.

Fragrance Profile

The essence is crafted by expert perfumers using a complex, layered structure to ensure the scent lasts on the skin and hair long after rinsing:

Top Notes	Bright, effervescent components like Peach, Kumquat Peel, Red Currant, or Bergamot deliver the immediate, high-impact scent during the shower.
Heart Notes	Rich florals such as Black Orchid, Peony, Jasmine, or French Rose form the luxurious core, defining the fragrance's signature character.
Base Notes	Deep fixatives like Musk, Amber, Woods, Patchouli, or Vanilla are crucial for scent retention, clinging to the skin and hair for up to 12-24 hours post-wash.

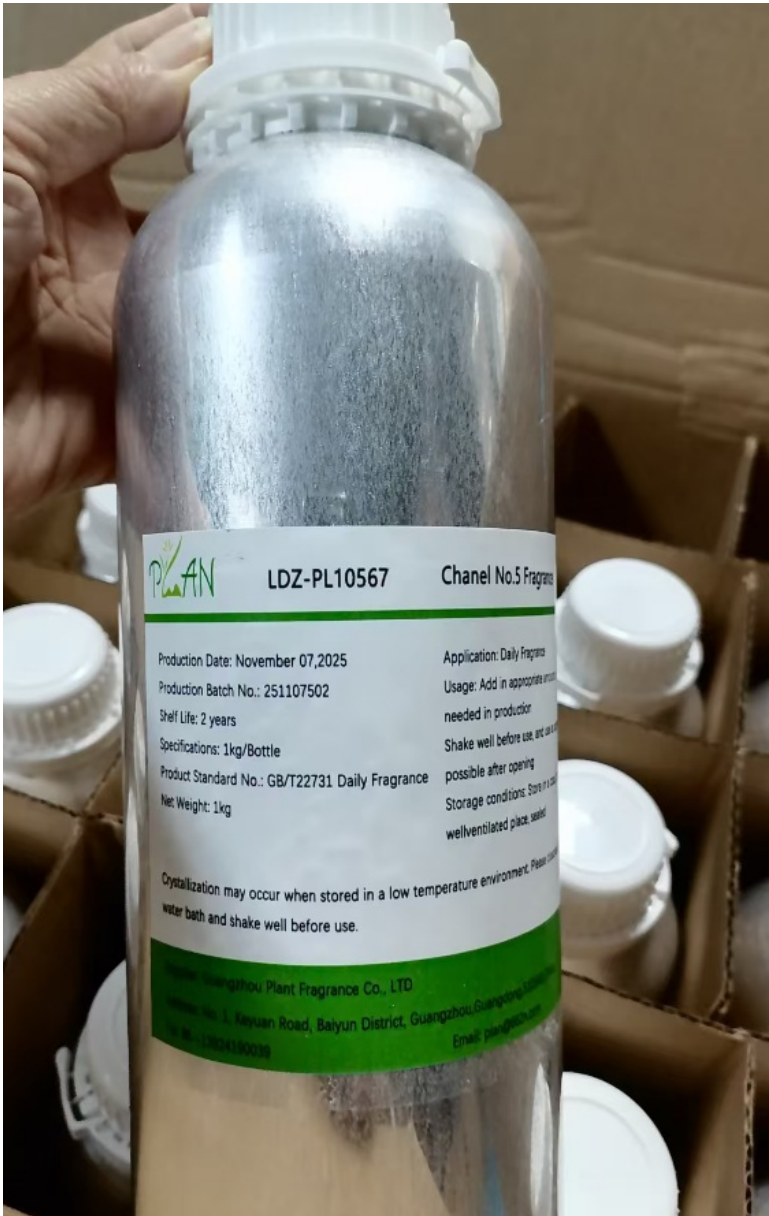

Technical Specifications

Product Name	Concentrated Apple (Herbal Essence) Fragrance Essence Oil
Fragrance Profile	Floral-fruity aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.90 to 1.05 g/cm³ @ 25°C
Flash Point	77°C-99°C(170°F-210°F)
Refractive Index (RI)	1.450 to 1.510 (at 20°C)

Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
Recommended Usage	Shampoo & Shower Gel (Rinse-off Products): 0.5% to 3.0% of total product weight for pleasant, non-irritating scent strength
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Functions & Applications

The primary functions of this fragrance essence in shower gel and shampoo formulations are multifaceted, extending beyond simple scenting:

Aesthetic Enhancement (Sensory Appeal)	The primary function is to deliver the characteristic, luxurious Lux scent profile, transforming a mundane cleansing routine into an indulgent, sensory experience. This significantly influences consumer purchasing decisions and overall brand perception.
Odor Masking	Fragrance compounds are essential for masking the inherent, often unpleasant or "chemical," odors emanating from base ingredients such as surfactants, emollients, or preservatives. The oil must be potent enough to overcome these odors without being overpowering.
Scent Substantivity (Longevity)	Unlike simple perfume, this oil is designed with highly substantive "base note" molecules (e.g., specific musks or woods) that resist being completely washed away. This ensures a delicate aroma remains on the skin and hair for extended periods (often up to 12-24 hours), a key consumer benefit in the body wash market.
Preservation Support	Components within the concentrated oil, particularly certain natural isolates or essential oil components, can offer supplemental antimicrobial properties, supporting the primary preservative system and enhancing the overall microbial stability of the finished product.

The Lux Fragrance Essence Oil is strategically applied across various rinse-off and leave-on personal care products, with specific technical requirements for each:

Primary Applications (Rinse-Off)	This oil is optimized for Shower Gel, Body Wash, Shampoo, and Liquid Hand Soap. These applications are surfactant-heavy, meaning the oil must be formulated with appropriate solubilizers to ensure it disperses uniformly.
---	---

Secondary Applications (Leave-On)	The oil is often used in complementary products such as Body Lotions, Creams, and Hair Conditioners. The usage rate is critically lower here to minimize the risk of dermal sensitization from prolonged skin contact.
Artisan Applications	Due to the oil's high thermal and chemical stability, it is also suitable for use in Cold Process (CP) Soap, Melt and Pour Soap, and Bath Bombs.

Our Advantages

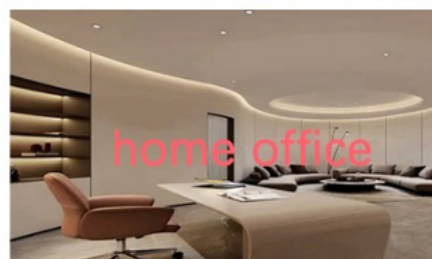

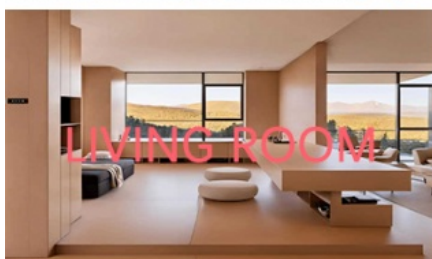

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications,such as ISO22000,COA
MSDS、SGS、ISO9001、ISO22000、HACCP、IFRA、SPEC
