Product Description

Concentrated Orange Starry Night Fragrance Alcohol-Free Perfume Oil for Luxurious Fragrance Making

Product Code: LDZ-PL11599

This concentrated fragrance oil captures the mesmerizing essence of a cool, clear night beneath a glittering sky, brilliantly accented with a burst of vivid orange citrus. It offers a complex and luxurious profile, making it a compelling choice for sophisticated fragrance creation.

The resulting aroma is a beautifully balanced, high-performing blend that is both subtly fruity and mysteriously earthy, delivering excellent scent throw in products like perfume, candles, and soaps. It evokes wonder and sophistication, perfect for crafting a truly enchanting and unforgettable scent experience.

Fragrance Profile:

The scent opens with sparkling, bright top notes—often featuring zesty orange, juicy tangelo, or refreshing grapefruit—sometimes uplifted by effervescent champagne or crisp starfruit and bergamot. This radiant citrus introduction gives way to an intriguing and elegant heart.

The core frequently features a soft, delicate floral blend, such as stargazer lily, jasmine, or white blossom, which adds a layer of refinement and mystique. The luxury is anchored by a warm, enveloping base of rich, creamy sandalwood, hints of white cedar, musk,

or soft amber.

Top Notes	The fragrance opens with an invigorating and luminous burst of citrus. Characteristic top notes include bright, zesty Orange, sparkling Grapefruit, and sometimes Lemon or Tangerine. These provide an immediate, uplifting freshness, mimicking the sharp, clear light of distant stars cutting through the cool night air.
Middle Notes	The heart, or middle notes, transition to a sophisticated and enchanting body. This layer often features soft, delicate florals like elegant White Blossom, Jasmine, or Stargazer Lily, sometimes mixed with a hint of warm Patchouli. This is where the "starry night" mystery truly blossoms, providing a refined, slightly sweet, and aromatic depth.
Base Notes	The dry down offers a smooth, luxurious, and anchoring finish. The base is rich with warm, earthy elements such as creamy Sandalwood, White Cedar, and sensual Musk. These notes ensure excellent longevity and scent throw, providing a comforting warmth and a lasting, sophisticated depth perfect for fine fragrance creation.

Technical Specifications:

Product Name	Woody Spicy Fragrance Perfume Oil
Fragrance Profile	Floral-Fruity Aromatic
Flash Point	>93.3°C (>200°F)
Specific Gravity	0.940 to 0.960
Refractive Index	1.470 to 1.490
Appearance	Clear to slightly amber liquid
Middle Note Duration	2-4 hours
Base Note Longevity	6-8 hours or longer
Recommended Usage	Fine Fragrance Max Usage: ≈3.5% to 25% Soap Max Usage: ≈0.3% to5%
Solubility	This concentrated oil is designed to disperse fully in oil-based carriers (like fixed oils or ethanol for perfume) and is not water-soluble.
Shelf Life	12-24 months when stored properly
IFRA Compliance	Conforms to international safety standards

Applications:

Applications: Orange Starry Night Fragrance Oil

The concentrated Orange Starry Night fragrance oil is a highly versatile component designed for luxurious product formulation across various applications, thanks to its complex, high-performing scent profile.

Home Fragrance	It is perfectly suited for creating high-end Candles and Wax Melts, where its rich base notes ensure an excellent hot throw (scent released when burning) and cold throw (scent when unlit). Its high flash point also makes it safe for use in hot-pour wax applications. It performs beautifully in Reed Diffusers and Room Sprays, imparting a continuous, sophisticated ambient aroma.
Bath & Body Products	Being skin-safe (upon proper dilution and IFRA-compliance), it elevates Cold Process and Melt & Pour Soaps into a luxurious experience. It can also be formulated into Lotions, Body Creams, Bath Bombs, and Shower Gels, offering a captivating, long-lasting scent on the skin.
Fine Fragrance	As a concentrated oil, its primary function is in Perfume Making. Diluted with a suitable carrier (like DPG or perfumer's alcohol), it forms the core of a custom fragrance blend, allowing for personal or commercial creation of Eau de Parfum or Perfume Oils where the three-tiered note structure can be fully appreciated.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC
