Product Description

High Purity Jungle Fragrance Oil For Scented Candle Production With Free Sample

LDZ-PL40100

"Jungle" fragrance oil is designed to capture the lush, vibrant, and damp energy of a rainforest environment. It's an immersive, multilayered scent that balances bright airiness with deep, grounding greenery and warm, exotic fruit notes.

The overall effect is a fresh, clean, and energizing aroma that is robust without being overly heavy, making it a popular choice for vibrant, nature-themed candle lines.

Product Features

Top Notes	The initial impression is bright and ozonic, often featuring a blend of Sparkling Citrus (like Bergamot or Orange Zest) and Juicy Exotic Fruits (such as Peach, Papaya, or Pepino Melon). Crisp, cooling elements like Coconut Water or Crushed Ice evoke the fresh air after a tropical rainstorm.
Heart Notes (Mid)	This layer represents the dense jungle floor, showcasing Lush Greens (Palm Fronds, Banana Leaf, Basil) and a bouquet of soft, aqueous florals like Jasmine, Magnolia, and Muguet. These notes provide depth and a hint of sweet, damp earth.
Base Notes	The fragrance is anchored by a warm, lasting finish of Cedarwood, Teakwood, Musk, and Amber. These woody notes add complexity, mimicking the rich, earthy warmth of the forest floor and ensuring excellent hot throw in candles.

Technical Parameters:

Fragrance Profile	Sensory Moment Fragrance Oil
Appearance	Clear to pale yellow liquid
Relative density	≈0.900 to 1.050 g/cm³ @ 25°C
Refractive index	1.4500 - 1.5500 @ 20°C
Flash point	>200°F (>93°C)
Ingredients	Natural & Synthetic Aromatic Compounds
Volatile organic compound (VOCs) content	< 1% - Environmentally friendly formula that meets regulatory standards such as the California Air Resources Board (CARB).
Recommended Dosage	6% to 12% by weight, depending on the specific wax type
Thermal diffusion performance	Excellent. It can fill a space of 20-30 square meters in 3-5 minutes after lighting.
Cold Throw	Excellent - Has a noticeable aroma even when unburned.
Hot Throw	Excellent - The aroma spread is strong and steady while burning.
Wax Compatibility	Excellent - Blends seamlessly with a variety of common waxes, including soy wax, beeswax, coconut wax, paraffin wax, and blends, without affecting the wax structure or combustion performance.
Solubility	Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	Store in a cool, dark place, shelf life 24 months
Standard (IFRA Compliance)	It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments.

Functions & Applications

The vibrant, fresh, and earthy profile of "Jungle" fragrance oil makes it exceptionally versatile for a range of home and body products, aiming to evoke an adventurous, refreshing, and clean atmosphere.

Primary Applications:	
Scented Candles & Wax Melts	The core use is in wax products, where its blend of bright citrus, lush greens, and woody base notes ensures a strong, clean hot throw. It's ideal for creating energizing and nature-themed candle lines that transport the user to a vibrant, exotic locale.
Room & Linen Fresheners	Its fresh, ozonic, and clean characteristics translate perfectly into reed diffusers, room sprays, and air fresheners. This application provides a continuous, subtle aroma to revitalize living spaces, bathrooms, or offices.
Secondary Applications (IFRA Compliant):	
Soaps & Body Washes	The clean, fresh nature of the scent is highly sought after in cold process, melt and pour soaps, and body washes, aligning with a perception of deep cleansing and a refreshing, outdoor feel.
Lotions & Personal Care	When used within IFRA guidelines, its complex, slightly masculine or unisex notes work well in body lotions, creams, and scrubs, offering a unique, invigorating scent that is suitable for year-round use.

applications

BEDROOM

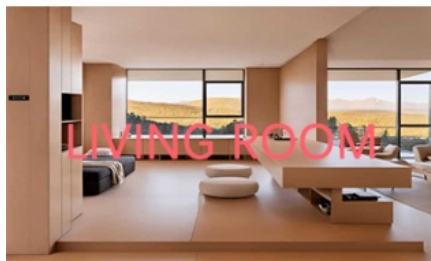

Coffee House

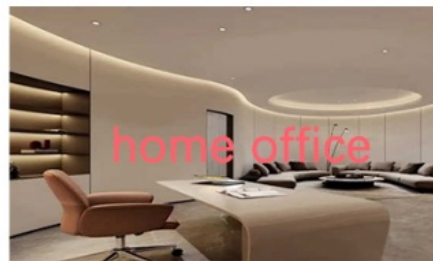

library/study

BATHROOM

LIVING ROOM

home office

Focus on Soy Candle Making:

Good Hot Throw	It's engineered for superior solubility in soy wax, allowing the scent molecules to be released strongly and evenly when the candle is burning (hot throw)
Wax Stability	Its high flash point and 0.00% vanillin content ensure the oil doesn't compromise the wax, preventing the risk of discoloration or negative changes to the candle's structure over time.

applications

Our Advantages

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services

We definitely have the fragrance essence oils you need! The Plant Flavours & Fragrance company has a R&D team consisting of several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor. The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance. Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

- Product usage instructions and guidance;
- Expert advice on fragrance selection;
- Technical support for any issues or concerns;
- Product customization services;
- Assistance with regulatory compliance.

Packing and Shipping

Product Packaging:

Pack Type	QTY	Specification	Volume
