Product Description

Alcohol-Free Concentrated Vetiver Master Fragrance Essence Oil

Premium Perfume Oil for Fragrance Making with Free Sample

Product Code: LDZ-PL11618

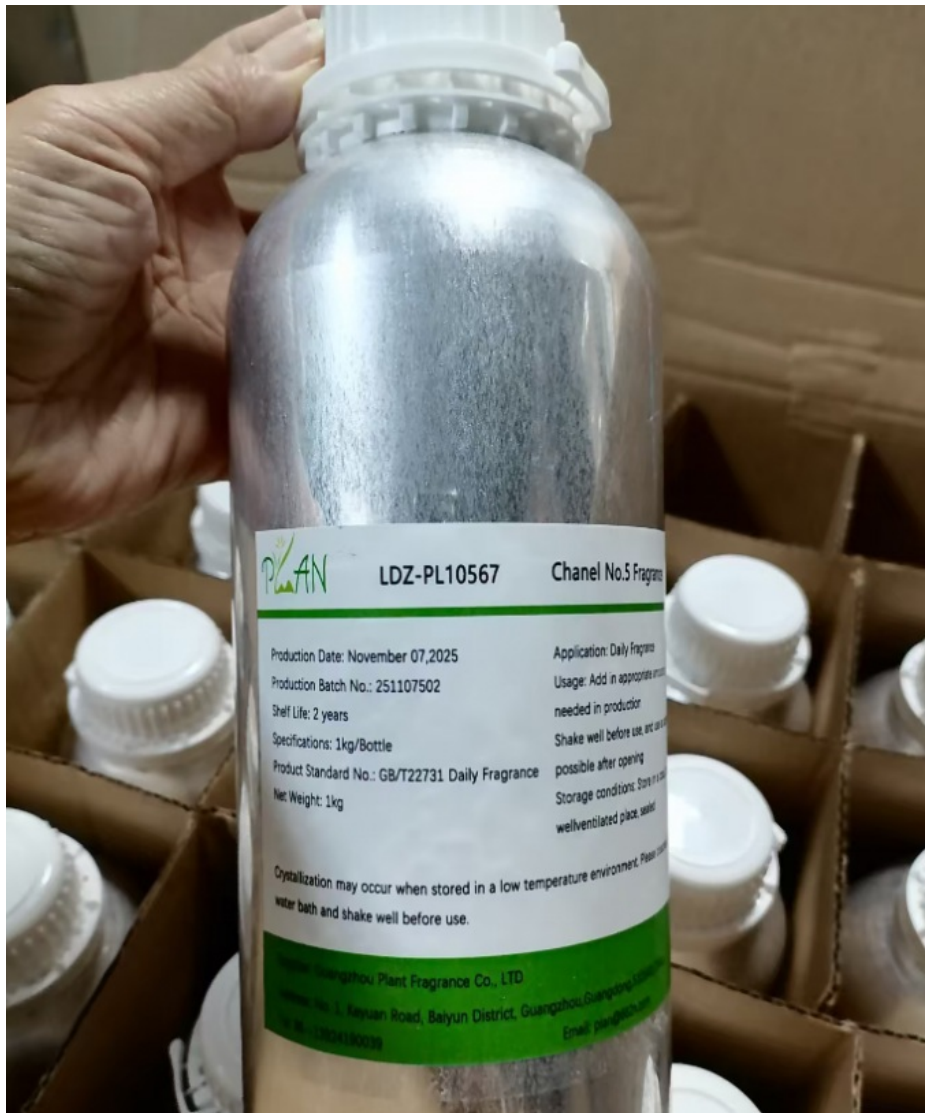

This concentrated Vetiver Master Fragrance Essence Oil delivers a profound, sophisticated olfactory experience, making it an essential component for master perfumers. Sourced from the roots of *Vetiveria zizanioides* grass, this ingredient is renowned for its grounding and highly complex aromatic profile.

Vetiver serves as a fundamental anchor in the woody fragrance family. The essence features a rich, earthy, and dry character, often compared to damp soil, fresh-cut grass, and aged wood. It offers exceptional tenacity, functioning as a superior base note and fixative to enhance composition longevity.

PLAN

Fragrance Profile

As a rich, highly concentrated Master Essence Oil, Vetiver primarily functions as a unified, deep, and tenacious note. It is most accurately classified as a dominant Base Note, though complex extraction methods can reveal subtle facets that mimic a full three-tiered structure.

Top Notes	While Vetiver lacks traditional fleeting top notes, the initial impression exhibits a fresh, sharp greenness reminiscent of crushed leaves or wet grass, sometimes accompanied by a slightly grapefruit or citrus-peel dryness. This initial lift is brief, quickly leading to the heart.
Middle Notes	The core scent reveals itself here—a smooth, earthy complexity. Notes of sweet, roasted nuts, clean dry woods, and an almost smoky, root-like quality emerge. This provides the primary character and body of the essence.

Base Notes This is where Vetiver truly excels. The dry-down is profoundly earthy, mossy, and balsamic. Deep notes of aged leather, warm soil, and a lasting, woody-amber fixative power ensure the fragrance oil anchors the entire composition for hours or days.

Applications

The concentrated Vetiver Master Fragrance Essence Oil is highly valued across the cosmetic, perfumery, and functional fragrance industries due to its complexity and low volatility, which ensures remarkable persistence.

Blending and Application

Its depth allows seamless blending with diverse accords, including citrus (bergamot, lemon), florals (rose, jasmine), and other woody notes (cedar, sandalwood, patchouli). Primarily favored in classic and modern masculine and unisex fine fragrances, its stability also makes it ideal for high-performance applications in luxury candles, soaps, and body care products.

Fine Fragrances (Perfumery)	<p>Vetiver is a quintessential base note and fixative, essential for providing foundation, longevity, and a sophisticated, often masculine or unisex, woody-earthly texture.</p> <p>Examples: Core component in numerous classics, such as Guer-lain's Vetiver, Chan-el's Sycomore, and Creed's Original Vetiver. Used to ground fresh citrus accords or add smoky depth to oriental and chypre compositions.</p>
Personal & Body Care	<p>Excellent stability in various mediums makes it ideal for bath and body products, where its calming, grounding aroma is utilized in aromatherapy.</p> <p>Examples: Luxury men's aftershave balms and lotions, artisanal cold-process soaps, nourishing body oils, and sophisticated shampoos/body washes.</p>
Home & Ambient Fragrance	<p>Vetiver's enduring scent and natural deodorizing properties are highly effective in ambient applications, creating an atmosphere of tranquility and luxury.</p> <p>Examples: High-end soy or coconut wax candles, reed diffuser oils (where its viscosity helps stabilize the blend), and premium room sprays.</p>
