

High Concentrated Free Sample Platinum Fragrance Essential Oil For Body Perfume Production

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL11644
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Sample Lead Time: 3-5 Days
- Application: Body Perfume Making
- Occasion: Evening, Formal
- Fragrance Family: Floral
- Target Gender: Unisex
- Scent Type: Eau De Parfum
- Color: Light Yellow Or Colourless Liquid Oil
- Form: Liquid Flavour Concentrate
- Scent: Floral,Spicy,green Apple,Woody,Sweet
- Fragrance: Floral, Fruity, Woody
- Service: OEM ODM Accept
- Longevity: 8-10 Hours
- Package: Plastic Or Iron Barrel
- Industrial Use: Perfume
- Top Notes: Bergamot, Lemon, Peach

Product Description

Platinum Fragrance Essential Oil

Product Code: LDZ-PL11644

Platinum is a premium, high-tenacity fragrance oil engineered for professional perfume compounding. Characterized as a Woody-Chypre or Aromatic-Fougere, this concentrate projects an image of metallic brilliance, cold sophistication, and masculine strength. Optimized for maximum solubility in perfumer's alcohol, it ensures a crystal-clear final product with superior diffusion.

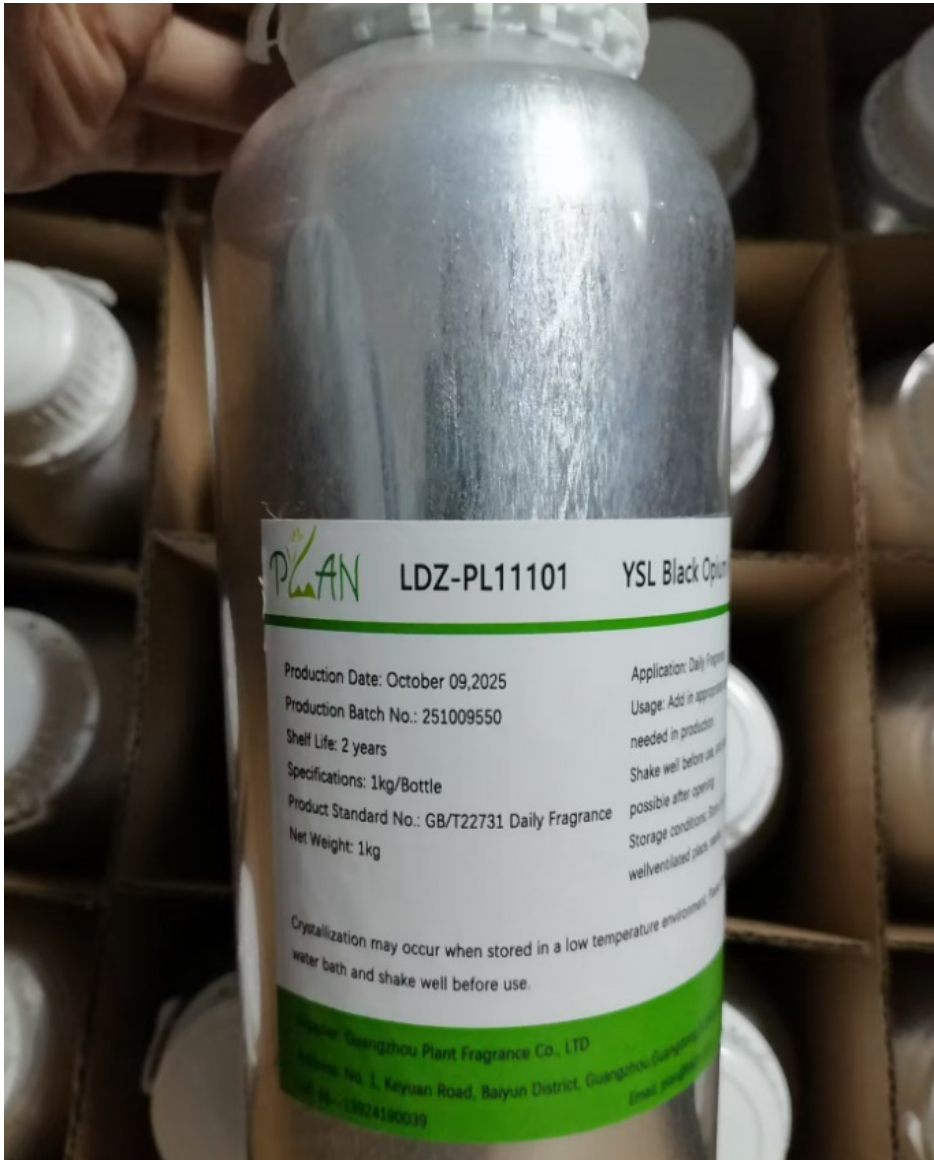

Fragrance Profile

Olfactive Pyramid

Top Notes	A crisp, "metallic" opening featuring silver birch, sparkling bergamot, and rosemary. These notes provide an immediate, sharp freshness that defines the "Platinum" identity.
Heart Notes	The composition transitions into a refined core of clary sage, geranium, and lavender. This aromatic heart balances the initial sharpness with a smooth, herbal texture.
Base Notes	The dry-down is anchored by a persistent blend of oakmoss, vetiver, and cedarwood, reinforced by crystalline musk to ensure an enduring and clean silhouette.

Technical Specifications

This professional-grade non-discoloring concentrate is ideal for clear glass bottling. It features high concentrations of fixative molecules that bond effectively to the skin, significantly extending the life of volatile top notes.

Parameter	Specification
Fragrance Notes	Concentrated Platinum Fragrance Essential Oil
Appearance	Transparent to amber liquid
Relative Density	0.980–1.050 g/cm³ @ 25°C
Refractive Index	1.490–1.510
Flash Point	>93°C (131°F--172°F)
Dosage	EDP: 15% to 22% Fragrance Load EDT: 8% to 12% Fragrance Load
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	≥72 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation rate ensures smoother fragrance evolution with richer layers

Functions and Applications

Platinum fragrance oil is a high-performance aromatic concentrate engineered for fine fragrance manufacturing. It serves as a robust chemical foundation, ensuring the finished product maintains its "metallic" brilliance and structural integrity from first spray to final dry-down.

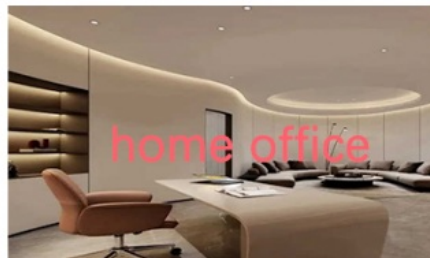

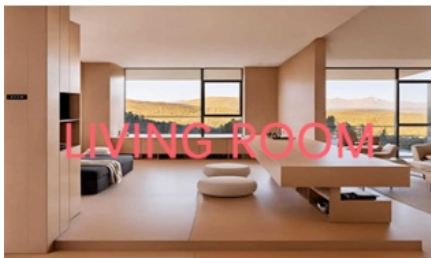

Professional Functions

Fixation and Tenacity	Acts as a self-fixing agent with base molecules designed to slow down evaporation of volatile top notes, ensuring "silver birch" and "bergamot" accords remain perceptible for hours.
Olfactory Clarity	Formulated to maintain high clarity without clouding when introduced to high-proof ethanol.
Structural Balance	Functions as a "bridge" between sharp metallic notes and deep woody undertones, maintaining linear aromatic-fougere profile.

Diverse Applications

Fine Fragrance Manufacturing	Ideal for prestige colognes and perfumes, particularly Eau de Parfum formulations requiring 15-20% load for optimal projection.
Grooming & Post-Shave Products	Perfect for luxury aftershave balms and alcohol-based splashes, typically used at 1-3% dosage.
Personal Care Extenders	Incorporated into premium shower gels and deodorants, resistant to saponification and oxidation.

applications

Our Advantages

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA
MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support & Services

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

Fragrance Oil for Perfume Making

We Support OEM for Your Own Scent or Other Classical Flavors

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging & Shipping

Product Packaging

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5 kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038 cbm
Metal Barrel	25 kgs	D30*H45cm	0.032 cbm
Jerry Can	20-25 kgs	L29.5*D29.5*H41cm	0.33 cbm

Shipping Information

Production typically takes 3-5 days for trial orders and 5-10 days for bulk orders. We provide photo confirmation before shipping and offer multiple shipping options including sea, air, truck, and express delivery.
