Product Description

100% Pure IFRA Compliant Natural Vanilla Essence For Shampoo and Scented Soap & Shower gel

Premium industrial-grade aromatic compound for scented soap and shower gel production

Product Code: LDZ-PL20005

Our IFRA-Compliant Natural Vanilla Essence Oil is a premium, high-purity aromatic solution specifically engineered for luxury personal care formulations. Unlike synthetic alternatives, this essence is derived from authentic botanical sources, delivering a rich, balsamic, and creamy olfactory profile that embodies the warmth of true Madagascar vanilla.

This essence provides a long-lasting "clinging" effect on the skin and hair, offering a therapeutic, comforting experience. It is free from phthalates, parabens, and synthetic boosters, making it the ideal choice for "Clean Beauty" brands seeking a professional-grade natural scent.

Fragrance Profile

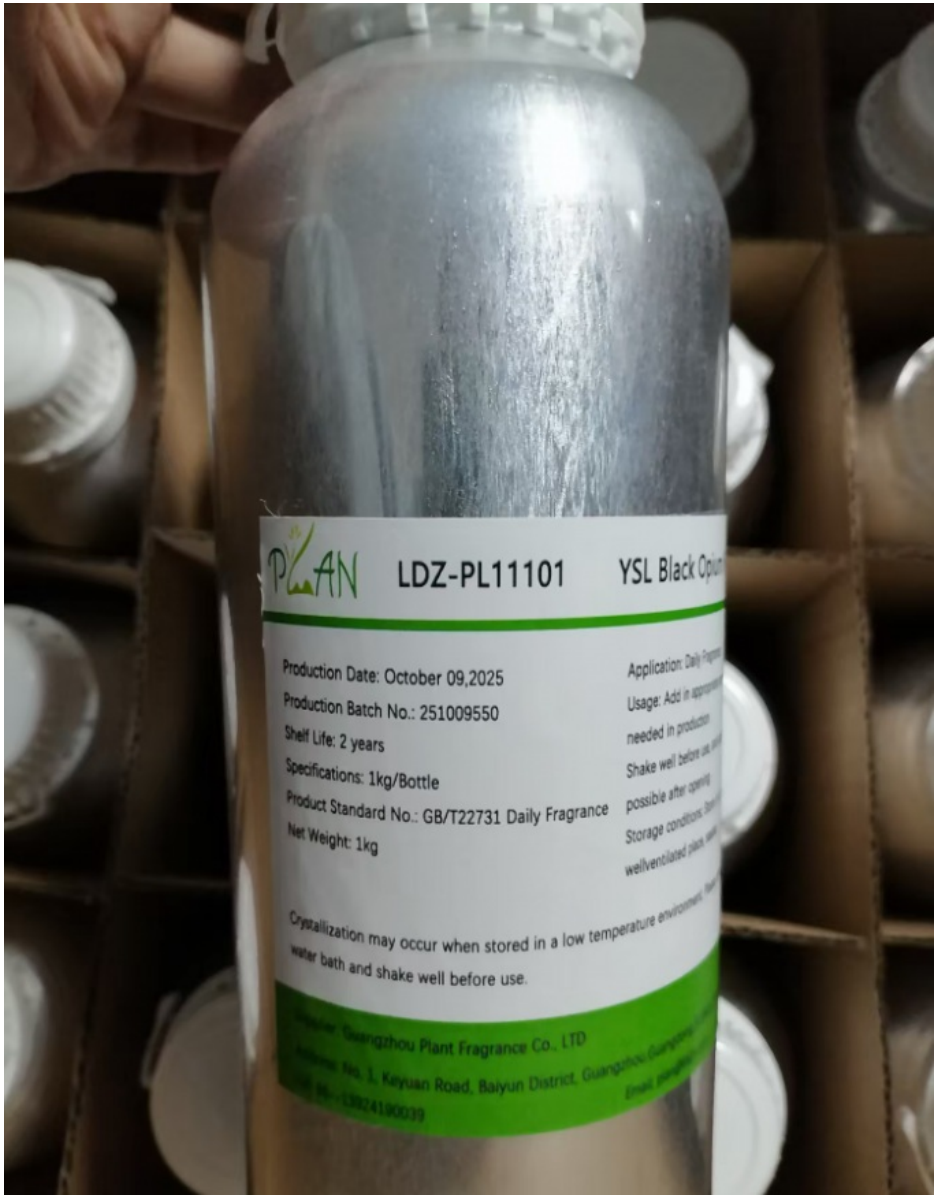

It s a sophisticated blend of sweet gourmand top notes with a deep, woody, and slightly smoky amber base.

Top Notes	The scent opens with a delicate, sugary-sweet airy accord and a hint of creamy coconut milk. These initial notes provide an immediate burst of warmth that creates an inviting first impression as soon as the shampoo or shower gel meets warm water.
Heart Notes	At its heart, the fragrance reveals a rich, floral-balsamic core. You will find notes of warm orchid and soft heliotrope, which provide the "clean" floral body necessary for luxury soaps, preventing the vanilla from becoming overly cloying.
Base Notes	The foundation is deep and enduring, featuring pure Madagascar vanilla bean, dark amber, and toasted benzoin. These heavy molecules ensure the scent "clings" to the skin and hair long after rinsing, leaving a comforting, woody-sweet trail.

Technical Specifications

Product Name	Concentrated Natural Vanilla Essence Oil
Fragrance Profile	Floral-Fruity aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.940 to 0.965 g/cm³ @ 25°C
Flash Point	93°C (200°F)
Refractive Index (RI)	1.450 to 1.475 (at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems
Recommended Usage	Dosage (Soap): 2% to 5% of total weight (CP/HP/MP) Dosage (Wash): 0.5% to 1.5% Shampoo (Shower Gel)

Functions and Applications

This essence is also widely used in "Clean Beauty" bath oils and foaming cleansers, where it serves as both a therapeutic fragrance and a functional skin-softening agent.

Professional Functions

Haircare (Shampoos & Conditioners)	Beyond its comforting aroma, the oil acts as a natural humectant. It helps smooth the hair cuticle to reduce frizz and adds a healthy, glossy sheen to dull strands. Its soothing properties also help calm dry, itchy scalps.
Skincare (Shower Gels & Body Washes)	In surfactant systems, it provides a rich, creamy olfactory experience. Its natural antioxidants protect the skin from environmental stressors while providing anti-inflammatory benefits that soothe redness.
Artisanal Soaps	Engineered for stability, it withstands the harsh pH environments of cold-process and melt-and-pour soap making. It provides a long-lasting "anchor" for the scent, ensuring the bar remains fragrant throughout its entire use.

Our Advantages

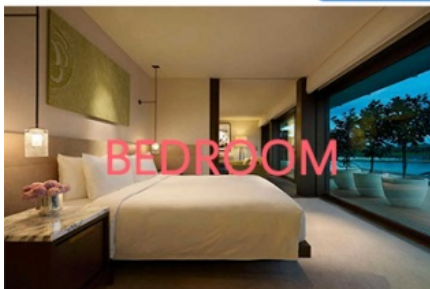

100% STRENGTH BRAND

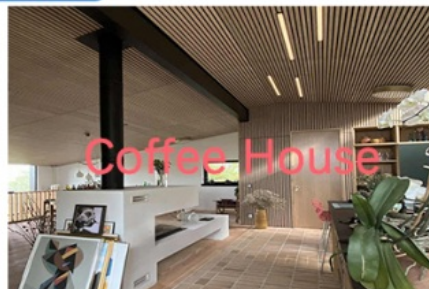

Our products are strictly approved by a list of certifications, such as ISO22000, COA
MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC
