Product Description

100% Pure IFRA Compliant Tomato Fragrance Essential Oil

Premium industrial-grade aromatic compound for scented soap, shampoo, and shower gel production

Product Code: LDZ-PL20083

Product Description

Pure Tomato Fragrance Oil captures the vibrant, herbaceous soul of a sun-drenched garden. Unlike sugary floral scents, it offers a sophisticated, "green" olfactory experience that is trending in the artisanal personal care market. This concentrated essence is specifically formulated to withstand the chemical rigors of saponification and high-heat processing in soap and hair care production.

Integrating tomato fragrance into your product line offers a unique "farm-to-shower" narrative, appealing to consumers seeking botanical, garden-fresh alternatives to traditional synthetic musks.

Fragrance Profile

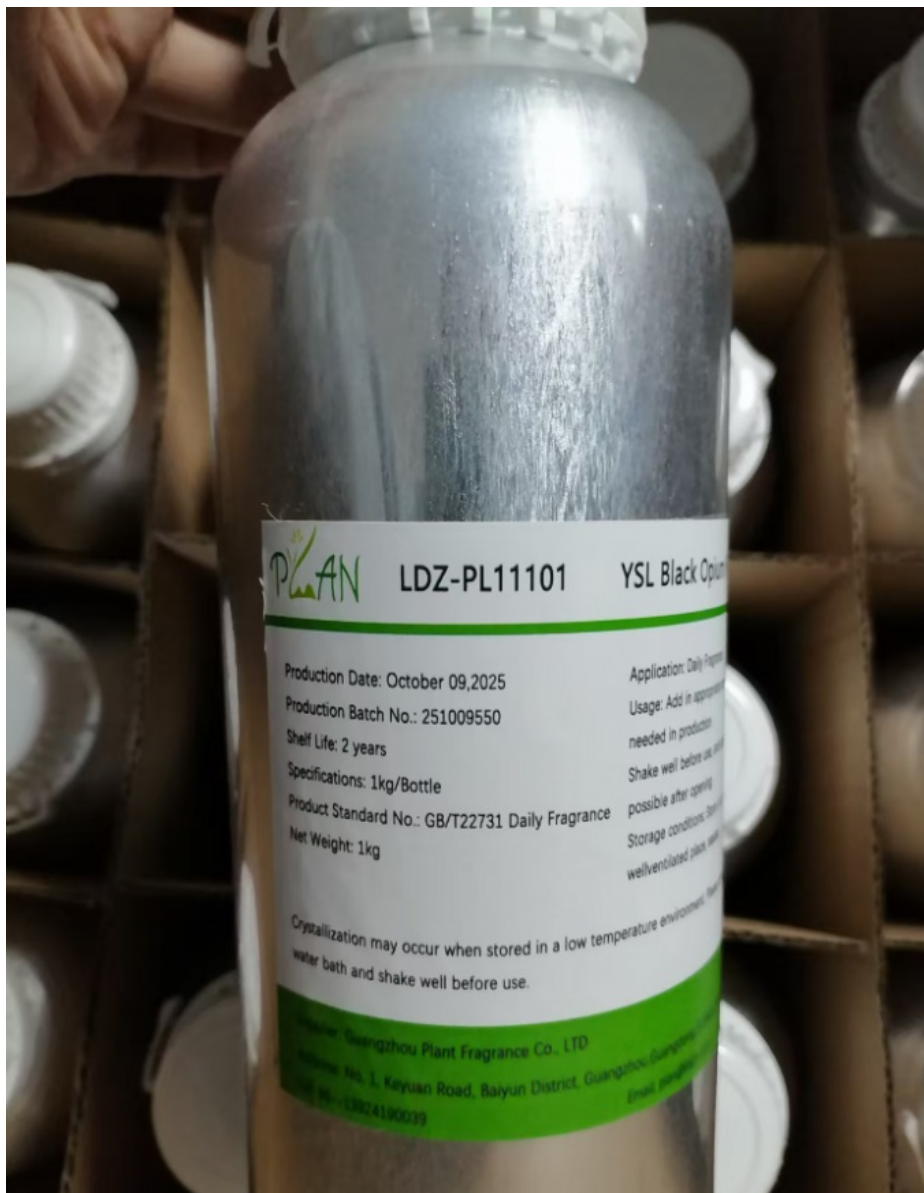

The scent profile is characterized by a crisp top note of crushed tomato leaves, a heart of ripened vine-fruit, and a grounding base of earthy stem. In scented soap production, it provides a clean, unisex appeal that feels both nostalgic and modern. For shampoos and shower gels, its natural astringent-like aroma evokes a sense of deep purification and revitalizing energy.

Top Notes	The initial impression is a sharp, invigorating burst of crushed tomato leaves and lemon zest. These volatile notes provide an immediate sense of "garden-fresh" realism and airy brightness.
Middle Notes (The Heart)	As the top notes settle, the "heart" emerges with earthy tomato vine, aromatic sweet basil, and spicy thyme. These notes provide the characteristic herbaceous body that defines the fragrance.
Base Notes	The scent is anchored by a grounding foundation of damp soil, green moss, and soft cedarwood. These deep, enduring notes ensure the fragrance lingers on the skin and hair, providing a clean, natural finish.

Technical Specifications

Product Name	Concentrated Tomato Fragrance Oil
Fragrance Profile	Floral-Fruity aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.980 to 1.050 g/cm³ @ 25°C
Flash Point	78°C ~91°C (172°F-200°F)
Refractive Index (RI)	1.450 to 1.510 (at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems
Recommended Usage	Scented Bar Soap: Recommended at 3% to 6% for strong scent retention. Shampoo & Shower Gel: Typically used at 1% to 3% to maintain base clarity and skin mildness.

Functions and Applications

Professional Functions

Artisan Soap Production:

In cold-process and melt-and-pour soaps, this fragrance excels by maintaining its "green" integrity without fading. It pairs beautifully with natural exfoliants like dried herbs or poppy seeds, offering a rustic, "farm-to-shower" aesthetic that appeals to eco-conscious consumers.

Hair and Body Care:

For shampoos and conditioners, the crisp scent of tomato leaf provides an invigorating, clarifying sensation. In shower gels and liquid body washes, its clean, unisex profile offers a sophisticated alternative to traditional fruity or floral scents, leaving the skin feeling deeply refreshed and subtly scented.

Home and Spa Collections:

Beyond topical use, it is increasingly used in luxury candles and room sprays to create an earthy, atmospheric ambiance that mimics a sun-drenched greenhouse, perfect for kitchen-themed or spring-inspired collections.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC
