

100% Pure IFRA Compliant Juniper Berry Fragrance Essence Oil For Shampoo and Shower Gel&Scented Soap Body Wash Fragrances

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL20132
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Highlight: Juniper Berry fragrance oil for shampoo , IFRA compliant shower gel fragrance, Pure scented soap essential oil

Product Description

Juniper Berry Fragrance Essence Oil

100% Pure IFRA Compliant Juniper Berry Fragrance Essence Oil for Shampoo, Shower Gel, and Scented Soap Body Wash Fragrances

Premium industrial-grade aromatic compound for scented soap, shampoo, and shower gel production

Product Code: LDZ-PL20132

Product Overview

Pure Juniper Berry Fragrance Essence captures the invigorating, gin-like aroma of wild evergreens and frost-nipped berries. This highly concentrated oil is a staple in premium personal care manufacturing, valued for its ability to deliver a sophisticated, unisex scent profile that aligns with "forest therapy" and wellness trends.

Specifically engineered for durability, it maintains its aromatic integrity even when exposed to the high pH levels of cold-process soap or the heat of surfactant blending.

Key Features

Blends seamlessly with citrus, spice, or floral oils to create complex custom palettes

Excellent scent throw in both rinse-off and leave-on formulations

Fragrance Profile

The fragrance opens with a sharp, pine-forward top note, followed by a heart of peppery balsamic wood and a lingering, resinous berry finish. In artisanal soap production, it provides a clean, medicinal-yet-fresh appeal that pairs perfectly with natural clays or charcoal.

For shampoos and shower gels, its naturally antiseptic-like scent profile evokes a sense of deep detoxification and cooling refreshment, making it a favorite for "morning wake-up" or athletic recovery lines.

Pure Juniper Berry Fragrance Essence offers a sophisticated, multi-layered olfactory experience that transitions from bright, sharp clarity to a deep, resinous warmth. This botanical profile is designed to evoke the clean air of a high-altitude evergreen forest.

Top Notes	The scent opens with an immediate, bracing burst of iced Siberian pine and crushed juniper berries. These notes provide a "gin-like" sharpness and a hint of silver-crisp air that feels instantly purifying.
Middle Notes (The Heart)	As the initial chill softens, the heart reveals a complex blend of aromatic clary sage and peppery balsam. This stage introduces a subtle herbal warmth and a woody spiciness that adds body and character.
Base Notes	The fragrance is anchored by an enduring foundation of white cedarwood, patchouli, and damp moss. These grounding notes ensure the scent remains sophisticated and earthy on the skin long after rinsing.

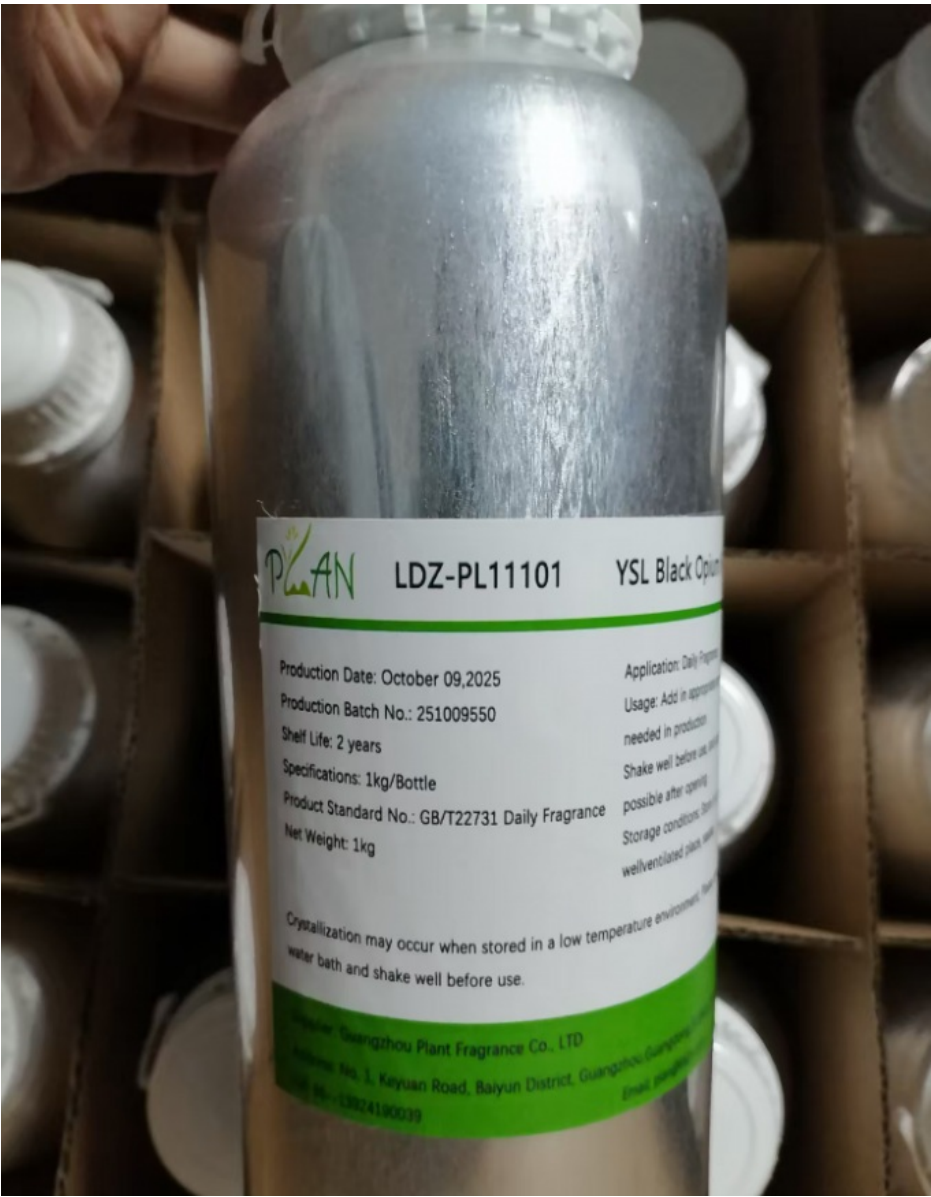

Technical Specifications

Product Name	Concentrated Juniper Berry Fragrance Essence Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.850 to 0.880 g/cm³ @ 25°C
Flash Point	43°C ~91°C (110°F-195°F)
Refractive Index (RI)	1.470 to 1.485 (at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage

- Scented Bar Soap: Recommended at 3% to 5% for strong scent retention
- Shampoo & Shower Gel: Typically used at 1% to 2.5% to maintain base clarity and skin mildness

Functions and Applications

Artisanal Soap Making	In cold-process and melt-and-pour soaps, juniper berry is prized for its "behavior" during production. It typically maintains excellent fluidity, allowing makers to create intricate swirls and complex designs without premature acceleration. Its strong scent retention ensures that the crisp, alpine aroma survives the curing process, making it ideal for detoxifying charcoal soaps or refreshing "forest" collections.
Hair Care Formulations	In shampoos and scalp treatments, juniper berry serves as a clarifying agent. It is frequently used in "rebalancing" products to regulate sebum production and alleviate oily scalp conditions. Its antimicrobial properties also make it a popular addition to anti-dandruff lines, where it provides a cooling, soothing sensation.
Body Cleansers and Spa Products	For shower gels and bath soaks, this fragrance offers a "morning wake-up" effect. Its woody, balsamic profile provides a grounding aromatherapy experience that appeals to all genders. Manufacturers often blend it with citrus or cypress to create recovery washes for athletes, targeting muscle fatigue and skin revitalization.

Our Advantages

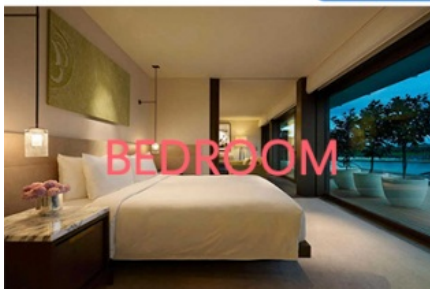

100% STRENGTH BRAND

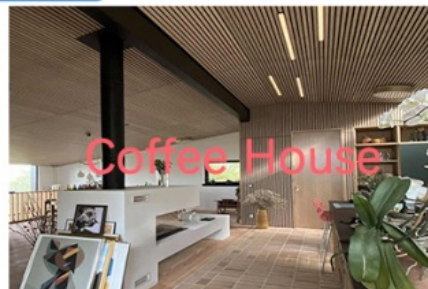

Our products are strictly approved by a list of certifications, such as ISO22000, COA
MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC
