### Product Description

#### High Concentrated Diptyque Chypre Perfume Fragrance Oil

Product Code: LDZ-PL11586

This premium concentrated fragrance oil opens with a vibrant burst of Bergamot and Pink Peppercorn, creating a shimmering, slightly metallic spice that immediately captures attention. The heart reveals lush Bulgarian and Turkish Roses, presented as dew-kissed and aromatic rather than overly sweet. The foundation features refined Patchouli blended with Akigalawood, providing clean, woody depth that mimics traditional earthy moss notes.

For perfume makers, this concentrated oil serves as a versatile, high-impact base. Its structural integrity is built on the contrast between cool, spicy top notes and warm, grounded woodsy base notes.

#### Fragrance Profile

<b>Top Notes</b>	The scent opens with a brilliant, effervescent burst of Bergamot and Pink Peppercorn. This combination provides a shimmering, slightly metallic spice that creates an immediate sense of Parisian freshness and airiness.
<b>Heart Notes</b>	The heart is dominated by a lush, sophisticated Rose Accord (often a blend of Bulgarian and Turkish origins). This is not a powdery rose; it is dew-kissed, green, and aromatic, providing the fragrance with its elegant floral soul.
<b>Base Notes</b>	The foundation is built on a clean, refined Patchouli and Akigalawood. This provides the essential earthy backbone of a chypre but with a contemporary, woody transparency that lingers beautifully on the skin without becoming overly dark.

## Technical Specifications

Parameter	Specification
Fragrance Notes	Concentrated Crazy For You Fragrance Essential Oil
Appearance	Transparent to amber liquid
Relative Density	0.980–1.050 g/cm <sup>3</sup> @ 25°C
Refractive Index	1.480–1.520
Flash Point	>93°C (131°F--172°F)
Dosage	Fine Fragrance: 5.0% - 20.0% Body Care: 1.0% - 3.0% (Lotions/Oils)
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	≥72 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation rate ensures smoother fragrance evolution with richer layers

## Applications & Functions

This concentrated Chypre fragrance oil is a versatile raw material designed for professional-grade fragrance applications. Its high stability and balanced aromatic structure make it suitable for a wide range of personal care and ambient scenting applications.

Primary Applications	Description
Fine Fragrance Production	This oil is engineered to serve as the "juice" for Eau de Parfum (15-20% concentration) or Eau de Toilette (5-15%). When diluted in perfumer's alcohol, it provides the classic spray experience with excellent sillage.
Anhydrous Perfume Oils	For a more intimate, long-lasting scent, blend the concentrate at 20-25% into carrier oils like Jojoba or Fractionated Coconut Oil. This is ideal for luxury rollerballs or skin-scent dabs.
Scented Body Care	The oil's clean patchouli and rose profile integrates seamlessly into body butters, lotions, and dry body oils. Recommended dosage for leave-on body products is typically 1-3%, providing a sophisticated layering base that enhances the longevity of a matching spray perfume.
Solid Perfumes	Its heat stability allows it to be stirred into molten beeswax and shea butter bases to create portable, travel-friendly solid balms.

## applications

BEDROOM

Coffee House

library/study

BATHROOM

LIVING ROOM

home office

## Our Advantages

### 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA  
MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

## Support & Services

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

### Fragrance Oil for Perfume Making

We Support OEM for Your Own Scent or Other Classical Flavors

We offer comprehensive technical support and services including:

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

## Packaging & Shipping

### Product Packaging

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5 kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038 cbm
Metal Barrel	25 kgs	D30*H45cm	0.032 cbm
Jerry Can	20-25 kgs	L29.5*D29.5*H41cm	0.33 cbm

### Shipping Information
