

## Body Wash Fragrances Sour Strawberry and pineapple Essence Oil For Shampoo and Shower Gel & Scented Soap Making

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL20157
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41\*28\*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

#### Product Specification

- Product Type: Shampoo,shower Gel
- Fragrance Type: Floral
- Form: Liquid Fragrance Concentrate
- Compatibility: Compatible With Most Shampoo Bases
- Customized Service: Welcome
- Certifications: Cruelty-free, Paraben-free
- Purpose: Cleansing
- Availability: In Stock
- Samples: Freely Provide
- Highlight: sour strawberry body wash fragrance, pineapple essence oil for shampoo, scented soap making fragrance oil

### Product Description

#### Sour Strawberry & Pineapple Fragrance Oil

Premium industrial-grade aromatic compound for scented soap, shampoo, and shower gel production

**Product Code: LDZ-PL20157**

This fragrance oil is a vibrant, multi-sensory fusion designed to elevate personal care formulations with a balance of high-energy tartness and tropical sweetness. It is specifically engineered for high performance in shampoo, shower gel, and cold-process or melt-and-pour soap applications.

The scent opens with an assertive top note of Sour Strawberry, characterized by a crisp, "green" acidity that mimics the zest of underripe garden berries. This sharpness is immediately tempered by a heart of succulent Pineapple Essence, providing a lush, jammy sweetness and a sun-drenched tropical dimension. The base is rounded out with subtle hints of crystalline sugar and light musk to ensure a long-lasting sillage on the skin and hair.

#### Fragrance Profile

This concentrated fragrance oil is a high-performance, multi-layered aromatic designed for the rigors of surfactant-based products like shampoos and shower gels, as well as the alkaline environment of scented soap making. It offers a balanced, high-impact "zest-meets-tropical" profile.

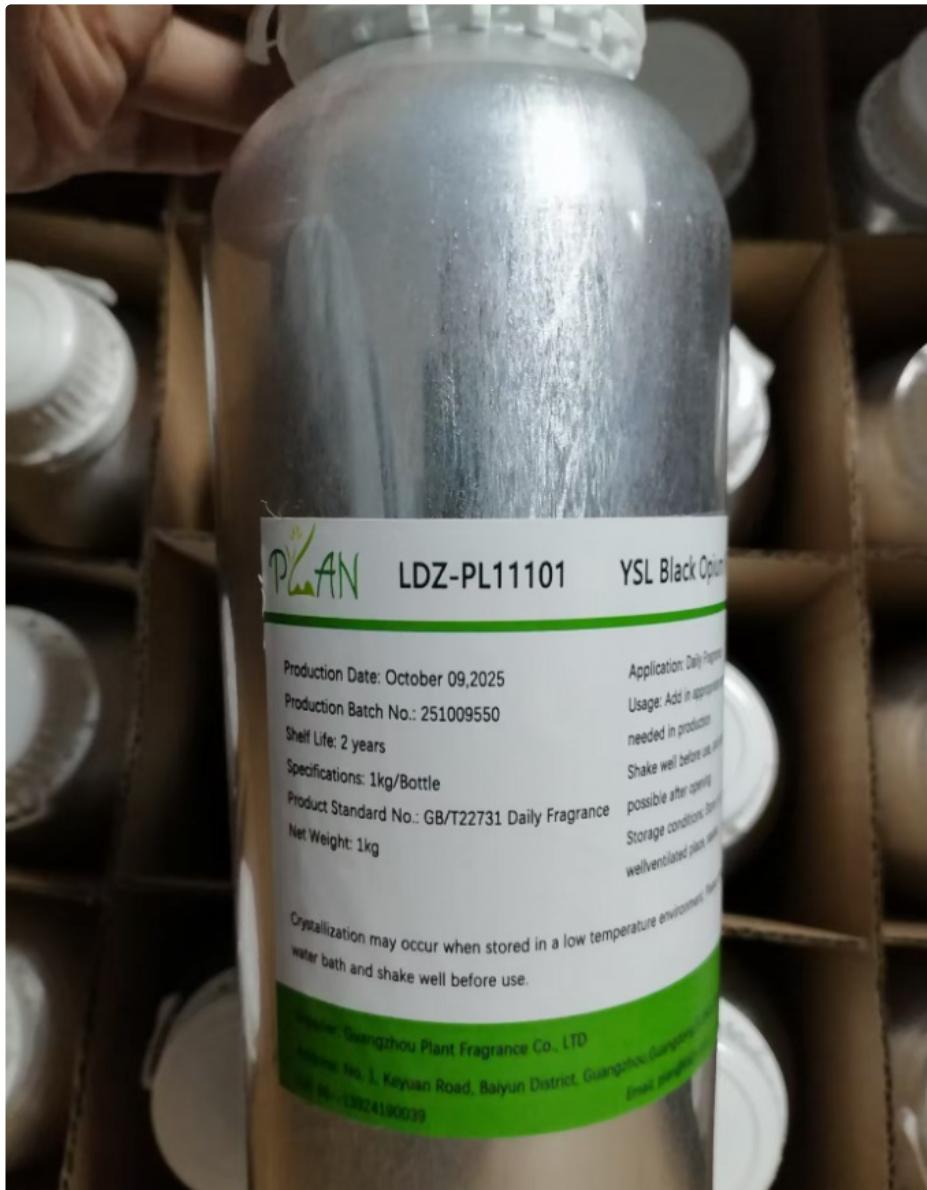

<b>Top Notes</b>	The experience opens with an immediate, energizing burst of Sour Strawberry and Zesty Rhubarb. These sharp, "green" berry notes provide a crisp acidity that cuts through heavy steam in the shower, offering an instant refreshing effect.
<b>Middle Notes</b>	The heart transitions into a lush, sun-ripened Pineapple Essence and Tropical Guava. This core is succulent and jammy, providing a sweet, fruity body that feels both authentic and sophisticated.
<b>Base Notes</b>	The fragrance is anchored by a smooth foundation of Crystalline Sugar and Light White Musk. These notes ensure a long-lasting sillage, leaving a soft, clean trail on the skin and hair long after rinsing.

## Technical Specifications

<b>Product Name</b>	Concentrated Sour Strawberry and Pineapple Essence Oil
<b>Fragrance Profile</b>	Floral-Fruity-Woody aroma
<b>Appearance</b>	Clear, colorless to pale yellow liquid
<b>Relative Density</b>	0.920 to 0.980 g/cm <sup>3</sup> @ 25°C
<b>Flash Point</b>	93.3°C (190°F-203°F)

<b>Refractive Index (RI)</b>	1.435 to 1.455 (at 20°C)
<b>Phthalate-Free</b>	Yes
<b>Shelf Life</b>	36 Months (Store away from light)
<b>IFRA Compliance</b>	Adheres to IFRA standards
<b>Solubility</b>	Soluble in surfactant-based systems
<b>Recommended Usage</b>	Shampoo & Shower Gel: 1.0% - 3.0% (Maintains clarity and foam stability) Melt & Pour Soap: 2.0% - 3.0% Cold Process Soap: 3.0% - 5.0% (Resistant to "fading" during saponification)

## Functions and Applications

### Professional Functions

The primary function of this concentrated essence oil is to provide a high-impact olfactory identity that survives the rigorous chemical environments of surfactant systems and saponification. Beyond mere scenting, it functions as an aromatherapeutic agent, utilizing the sharp, acidic top notes of Sour Strawberry to provide a stimulating "refreshment effect" during use.

Technically, the oil is engineered with a high flash point and oxidative stability, functioning as a resilient aromatic that prevents scent "fading" or "muffling" in high-heat or high-pH processes. It also acts as a masking agent, neutralizing the base odors of raw surfactants or fats without compromising the clarity of liquid formulations.

By stabilizing the volatile fruity esters, the oil ensures a consistent "scent bloom" when mixed with warm water, transforming a routine cleansing task into a premium, sensory brand experience that lingers delicately on the skin and hair after rinsing.

### Applications

This essence oil is professionally formulated for a wide spectrum of rinse-off and leave-on personal care products. In Shampoo and Shower Gel applications, it integrates seamlessly with anionic and amphoteric surfactant bases, ensuring the final product remains transparent and maintains optimal viscosity without thinning.

For Scented Soap Making, particularly Cold Process (CP) and Melt & Pour (MP) methods, the oil is designed to resist "seizing" or "acceleration," allowing for intricate swirl designs and longer working times. Additionally, its robust chemical profile makes it suitable for Bath Bombs and Body

Scrubs, where it maintains its vibrant "tangy-sweet" profile against abrasive salts and sugars.

Recommended inclusion rates vary by medium: typically 1%-2% for hair care, 2%-3% for body washes, and up to 5% for bar soaps to ensure maximum fragrance load. It is an ideal choice for artisanal crafters and industrial manufacturers seeking a modern, tropical-gourmand signature.

## Our Advantages

## 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

## applications

BEDROOM

Coffee House

library/study

BATHROOM
