Product Description

Long-Lasting Reed Diffuser Fragrances Orchard Fragrance Essence Oil For Diffusers & Scented Candles & Reed Sticks Using

Product Code: LDZ-PL30048

Free samples available for home spray, diffuser, scented candle, and reed sticks applications.

Product Description

The Orchard Fragrance Essence Oil is a sophisticated, multi-faceted aromatic blend designed for high-performance use in home fragancing. Capturing the peak of a sun-drenched harvest, this scent profile is defined by its crisp, revitalizing top notes of fuji apple and ripened pear, seamlessly transitioning into a delicate heart of white floral blossoms and green leaf accords. This composition creates an atmosphere of natural abundance and refined clarity, making it an ideal choice for premium lifestyle environments.

Professionally formulated to be phthalate-free and skin-safe, this oil balances artisanal charm with industrial-grade reliability. Whether used for small-batch candle making or professional scent branding, Orchard Fragrance Essence delivers a timeless, rejuvenating olfactory experience that evokes the serene elegance of a blossoming countryside grove.

Product Features

Engineered for versatility, this essence oil features a high flash point and superior solubility, ensuring exceptional scent throw across various mediums. In scented candles, it maintains structural integrity while providing a robust hot throw; in ultrasonic diffusers, it atomizes into a fine, consistent mist that lingers without becoming overwhelming. For reed diffusers, the molecular weight is optimized for steady capillary action, ensuring a long-lasting, evocative "open-air" ambiance.

| | |
|---------------|---|
| Top Notes: | The experience opens with a vibrant, effervescent burst of crisp Fuji apple and zesty citrus peel. These volatile molecules provide an immediate "open-air" freshness, evoking the sensation of dew-covered fruit at sunrise. |
| Middle Notes: | At its heart, the fragrance transitions into a lush, succulent blend of ripened Bartlett pear and wild apricot. Subtle nuances of apple blossom and green leaf accords add a sophisticated floral depth, creating a full-bodied "heart" that defines the scent's character. |
| Base Notes: | The dry-down is anchored by a warm, stabilizing foundation of light musk and soft blonde woods. Hints of sheer vanilla and earthy amber provide essential fixative properties, ensuring the fragrance maintains its structural integrity and longevity. |

Technical Parameters

Technical Performance

| Parameter | Description |
|----------------------|---|
| Diffusion | Formulated for optimal volatility, ensuring a consistent "cold throw" in reed diffusers and a powerful "hot throw" in wax applications. |
| Candle Compatibility | Designed to blend perfectly with soy, paraffin, and beeswax, preventing "wet spots" or oil separation. |
| Atmospheric Impact | Creates an ambiance of discreet luxury and garden freshness, making it a favorite for upscale retail and hospitality environments. |

Product Specifications

| Parameter | Specification |
|-------------------|--|
| Product Name | Orchard Fragrance Essence Oil |
| Fragrance Profile | Flower & Woody Fragrance |
| Appearance | Colorless to light yellow transparent liquid |
| Relative Density | Approx. 0.945–1.050 g/cm³ @ 25°C |
| Refractive Index | 1.458–1.515 @ 20°C |

| | |
|----------------------------|--|
| Flash Point | above >93°C >200°F |
| Ingredients | Natural & Synthetic Aromatic Compounds |
| Recommended Dosage | <p>Scented Candles: 6% - 10%. Optimized for strong hot throw in soy, paraffin, or bee wax.</p> <p>Reed Sticks & Diffusers: 15% - 25%. Balanced for steady capillary action through reeds.</p> <p>Ultrasonic Diffuser: 3 – 5 drops per 100ml</p> |
| Volatilization Rate | With the unique microcapsule sustained-release technology, the fragrance diffusion rate is stable, which can maintain a continuous fragrance effect for 20-30 days and effectively cover a space of 15-25 square meters. |
| Solubility | Easily soluble in ethanol and propylene glycol to ensure uniform dispersion in the formula |
| Compatibility | Compatible with most anionic, nonionic, and zwitterionic surfactants |
| Shelf Life | 12-24 months when stored in a cool, dark place in a sealed container. |
| Standard (IFRA Compliance) | It complies with the International Fragrance and Fragrance Association (IFRA) standards and has passed skin irritation testing to ensure its safety in home environments. |

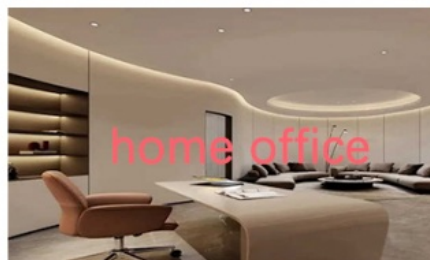

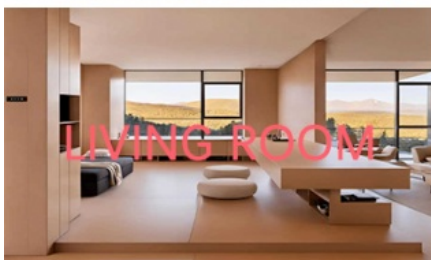

Functions & Applications

Applications:

The applications of Orchard Fragrance Essence Oil span a diverse range of home and professional scenting platforms, prized for its ability to create a "fresh-air" atmosphere. Professionally formulated for high versatility, this oil is a staple for artisans and commercial manufacturers alike.

| | |
|-----------------------------|---|
| Scented Candles & Wax Melts | The oil is optimized for both paraffin and natural waxes (soy, coconut, beeswax). It delivers a sophisticated hot throw, releasing the crisp apple and pear notes consistently as the wax pool expands. |
| Aromatherapy Diffusers | In ultrasonic units, the oil atomizes into a fine mist, providing an immediate olfactive lift. It is also suitable for traditional oil burners, where the gentle heat amplifies its heart notes of apricot and blossom. |
| Reed Diffusers | When blended with a carrier base, its molecular structure allows for steady capillary action through rattan or fiber sticks, making it ideal for constant, flameless fragrance in high-traffic areas like foyers and restrooms. |
| Home & Linen Sprays | Diluted in a water or alcohol base, it serves as a powerful odor neutralizer, refreshing fabrics and upholstery with a lingering harvest scent. |

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting of several PH.Ds and senior engineers, and has established associated laboratories with many universities and colleges. Meanwhile, the company integrates global technology, information, and resources to maintain advantage of our products and services through continuous innovation on natural ingredients. The company has always been committed to assisting customers to improve product aroma and quality structure while reducing production costs, tailored to meet the aroma needs of different daily necessities. We are one of the best enterprises for cost and services in the industry.

Fragrance Oil Customization

Fragrance Oil for perfume making. We Support OEM Your Own Scent Or Other Classical Flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customers by improving the quality of their products and shortening their delivery time. In case of urgent customer demands, we adopt contingency measures to help solve problems in time.

Meanwhile, we offer Training and Education on fragrance formulation and usage for customers interested in our fragrances.

Comprehensive Support Services

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance

Packing and Shipping

Product Packaging

| Pack Type | QTY | Specification | Volume |
|----------------|----------|---|----------|
| Plastic Bottle | 5kgs | L41*W28*H33.5cm 5kg*4 bottle per carton | 0.038cbm |
| Metal Barrel | 25kgs | D30*H45cm | 0.032cbm |
| Jerry Can | 20-25kgs | L29.5*D29.5*H41cm | 0.33cbm |

Shipping Information

After payment, we'll arrange the production of your order ASAP. Normally, it will take 3-5 days for trial orders with small quantity, and around 5-10 days for bulk orders. Before shipping out, we'll take photos of the goods for confirmation with clients, or supply bulk samples for confirmation as well.

We offer shipping goods by ship, by air, by truck, and by express, according to client requirements.
