

Perfume and Fragrances Sugar Baby Fragrance Oil For Daily Using Perfume Making With Free Sample

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL10115
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Basenotes: Sandalwood, Vanilla, Musk
- Longevity: 8-10 Hours
- Other Names: Oils Perfume Fragrance
- Package: Plastic Or Iron Barrel
- Benefits: Calming, Relaxing, Soothing
- Service: OEM ODM Accept
- Samples: Freely Provided
- Occasion: Daytime, Casual
- Bottlesize: 1kg,5kg,25kg
- Solubility: Oil/ Water Soluble
- Fragrance: Floral, Fruity, Woody
- Packing: Aluminium Bottle/plastic Bottle

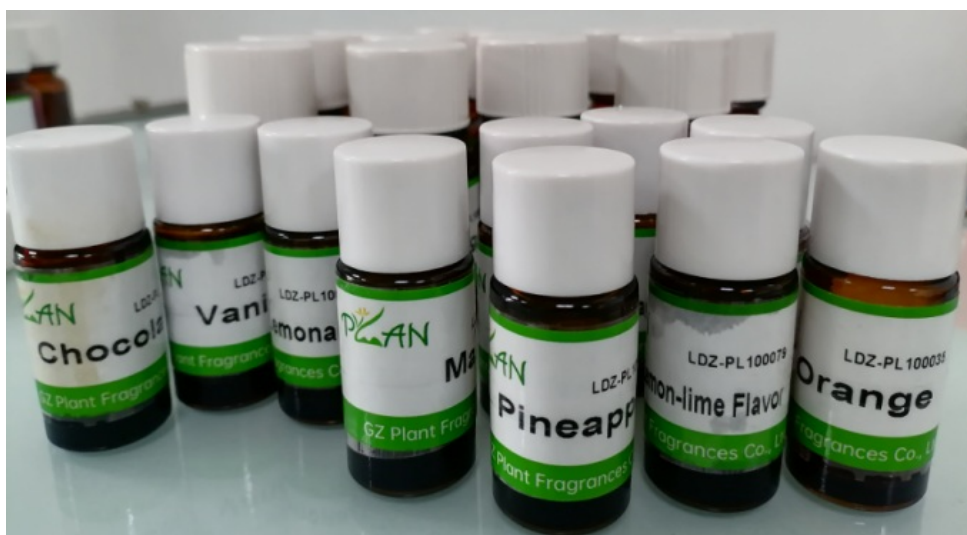

Product Description

Perfume and Fragrances Sugar Baby Fragrance Oil For Daily Using Perfume Making With Free Sample

Product Code: LDZ-PL10115

Sugar Baby is a sophisticated, high-performance fragrance oil designed for professional and hobbyist perfumery. It is characterized by its playful yet refined "gourmand" profile, making it a versatile staple for daily-wear scents.

The fragrance opens with an immediate burst of spun sugar and glazed berries, creating an inviting, sweet introduction. As it develops, the heart reveals subtle floral undertones that prevent the sweetness from becoming cloying, providing a balanced "skin-scent" quality. The base is anchored by creamy vanilla and soft musk, ensuring a warm, lingering trail (sillage) that stays close to the body—ideal for professional and casual daytime environments.

Fragrance Profile:

Sugar Baby is an expertly crafted gourmand fragrance oil, designed for those seeking a playful yet sophisticated signature scent. Its architectural structure follows a classic three-tier evolution, ensuring a dynamic experience from the first spritz to the final dry-down.

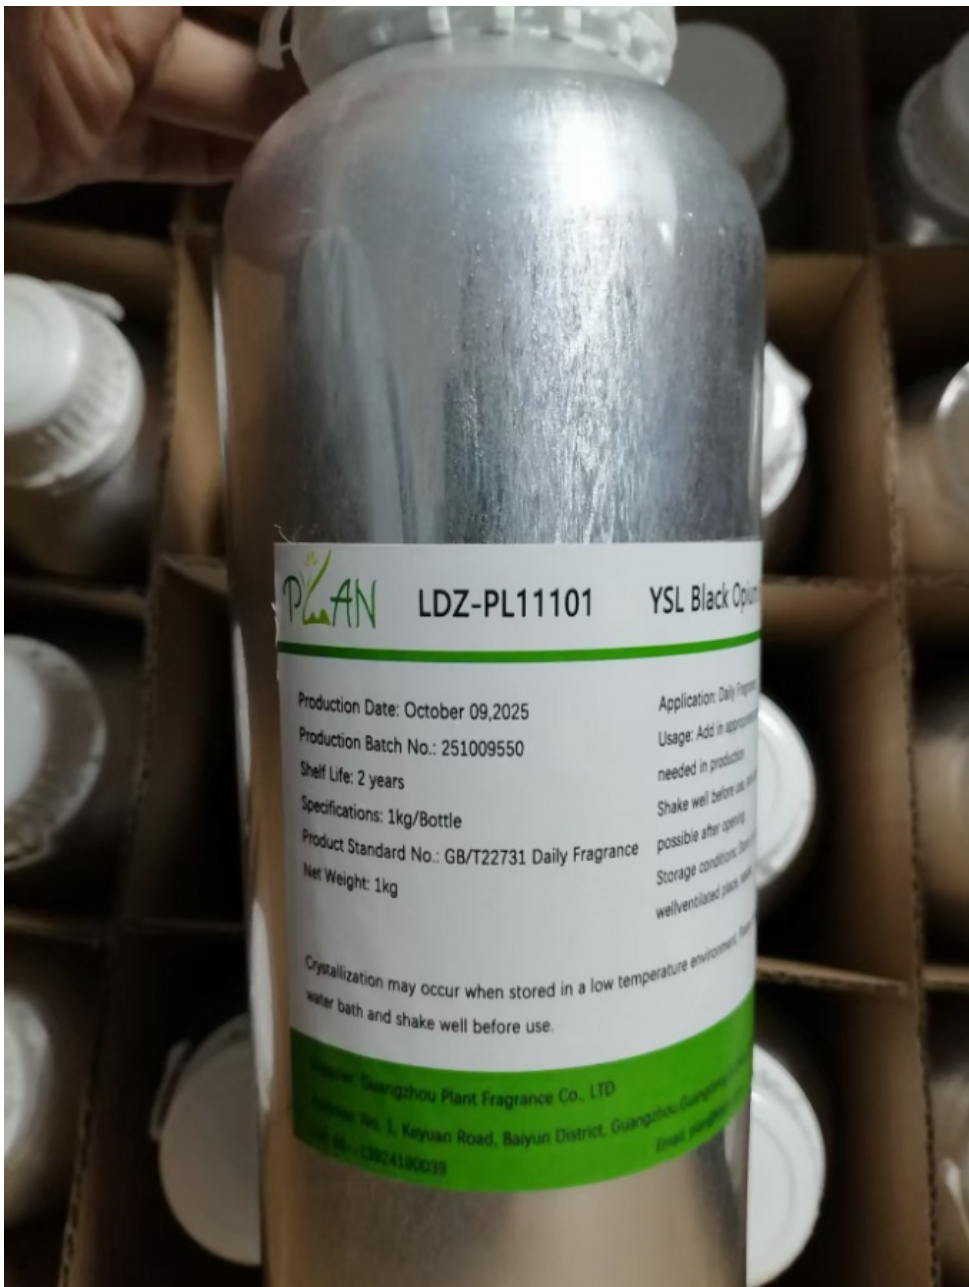

Top Notes:	The fragrance makes a vibrant, energetic entrance with a burst of spun sugar and candied pear. This initial impression is often brightened by subtle hints of glazed berries or pink grapefruit, providing an airy, crystalline sweetness that immediately captures attention.
Middle Notes (The Heart):	As the initial sparkle settles, the heart reveals a "candy store" accord. This core is balanced by soft, delicate florals such as white jasmine or honeysuckle, which add a creamy, velvet-like texture. This prevents the sweetness from becoming linear, adding a layer of professional refinement.
Base Notes:	The foundation is deep and comforting, anchored by warm vanilla bean and soft skin musks. Subtle woody undertones of sandalwood or amber ensure the fragrance has significant "staying power," leaving a decadent and magnetic trail that lasts throughout the day.

Technical Specifications:

For professional manufacturing, batch consistency is maintained through rigorous physical and chemical standards. The oil is typically non-discoloring in alcohol-based formulations and possesses a high flash point, ensuring safety during high-heat mixing or bulk transport.

Parameter	Specification
Fragrance Notes	Concentrated Sugar Baby Fragrance Oil
Appearance	Transparent to amber liquid
Relative Density	1.040–1.055 g/cm³ @ 25°C
Refractive Index	1.480–1.540
Flash Point	>93°C (200°F)
Dosage	Fine Fragrance: 10% - 20% For Body Oils, a dosage of 2%-5% is recommended
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation rate ensures smoother fragrance evolution with richer layers

Applications & Functions:

The Sugar Baby Fragrance Oil serves as a high-performance aromatic concentrate specifically engineered for professional perfume synthesis. Its primary function is to provide a stable, linear gourmand profile that resists "thinning out" when diluted in carriers. Formulated with advanced fixative properties, it functions as a longevity booster, anchoring lighter volatile molecules to the skin to ensure the scent remains detectable for 8–12 hours. In a technical capacity, it acts as a masking agent, neutralizing the sharp chemical odor of perfumer's alcohol or the heavy fatty-acid scents of natural carrier oils. Its chemical composition allows it to function as a unifying accord in complex blends; it bridges the gap between sharp top notes (like citrus) and heavy base notes (like resins), creating a seamless olfactory transition. This makes it essential for creators who require a dependable "sweet" foundation that maintains its integrity across various pH levels in different cosmetic formulations.

The application of Sugar Baby Fragrance Oil extends far beyond simple Eau de Parfum sprays, making it a "multi-use" asset for daily

lifestyle products. In fine fragrance, it is ideally applied in oil-based rollers (15-20% concentration) to provide an intimate, "second-skin" scent that radiates with body heat. Beyond personal perfume, it is a premier choice for body care formulations, such as whipped body butters, shimmering dry oils, and luxury lotions, where its skin-safe profile offers daily indulgence. For home ambiance, the oil's high flash point and superior cold/hot throw make it suitable for ultrasonic diffusers, reed diffusers, and even "hoover disks" to maintain a consistent sweet atmosphere. Professionally, it is used in hair mists to provide a subtle scent trail (sillage) without the drying effects of traditional alcohol sprays. Its versatility allows a single signature scent to be layered across a user's entire daily routine—from morning skincare to evening relaxation.

Our Advantages

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

Support & Services

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

Fragrance Oil for Perfume Making

We Support OEM for Your Own Scent or Other Classical Flavors

We offer comprehensive technical support and services including:

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging & Shipping

Product Packaging

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5 kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038 cbm
Metal Barrel	25 kgs	D30*H45cm	0.032 cbm
Jerry Can	20-25 kgs	L29.5*D29.5*H41cm	0.33 cbm

Shipping Information

Production typically takes 3-5 days for trial orders and 5-10 days for bulk orders. We provide photo confirmation before shipping and offer multiple shipping options including sea, air, truck, and express delivery.
