

## Soy Candle Fragrances Oil Sea breeze & Neroli Fragrance Oil For Scented Candle Production With Free Sample

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA, MSDS, IFRA, CE, ISO
- Model Number: LDZ-PL40218
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41\*28\*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

#### Product Specification

- Highlight: soy candle fragrance oil, sea breeze neroli fragrance oil, scented candle production oil

## Product Description

### Sea Breeze & Neroli Fragrance Oil for Scented Candle Production

Professional-grade dual-accord fragrance oil engineered for high-output scented candle production, featuring a sophisticated balance between vibrant fruit acidity and smooth gourmand base notes.

Product Code: LDZ-PL40218

### Product Overview

The Sea Breeze & Neroli Fragrance Oil is a sophisticated marine-floral hybrid specifically engineered for high-performance soy candle production. This essence juxtaposes the raw, elemental power of the ocean with the refined, citrusy elegance of Mediterranean blossoms, creating a sense of "coastal luxury" ideal for upscale summer collections and wellness-oriented branding.

Characterized by its airy, luminous, and restorative profile, this oil is optimized for the unique porous structure of soy wax, delivering a crisp, high-definition aroma that remains transparent and refreshing even in large-format containers.

## Fragrance Profile

<b>Top Notes</b>	The fragrance opens with a sharp, ozonic accord and crushed sea salt, immediately providing a sense of expansive space. This is brightened by a fleeting touch of Italian bergamot, which lends a zesty, sophisticated lift to the initial cold throw.
<b>Middle Notes (Heart)</b>	The core is dominated by Neroli (Orange Blossom), offering a honeyed, metallic florality that is both intoxicating and clean. This is often complemented by sea kelp or samphire, adding a botanical, "green-saline" depth that grounds the floral sweetness.
<b>Base Notes</b>	The dry-down features a serene foundation of driftwood and sheer amber. These mineral and woody notes ensure a stable, long-lasting hot throw that mimics the scent of sun-warmed salt on cedar.

## Technical Specifications

<b>Fragrance Profile</b>	Sea Breeze & Neroli Fragrance Oil
<b>Appearance</b>	Clear to pale yellow liquid
<b>Relative Density</b>	0.940 to 1.045 g/cm <sup>3</sup> @ 25°C
<b>Refractive Index</b>	1.485 - 1.515 @ 20°C
<b>Flash Point</b>	>200°F (>93.3°C)
<b>Ingredients</b>	Natural & Synthetic Aromatic Compounds
<b>VOC Content</b>	< 1% - Environmentally friendly formula meeting CARB standards
<b>Recommended Dosage</b>	Natural Waxes (Soy/Coconut): 6% - 10% Reed Diffuser: 15% - 25%
<b>Thermal Diffusion</b>	Excellent - Fills 20-30 square meters in 3-5 minutes after lighting
<b>Cold Throw</b>	Excellent - Noticeable aroma when unburned
<b>Hot Throw</b>	Excellent - Strong and steady aroma spread while burning
<b>Wax Compatibility</b>	Excellent - Blends seamlessly with soy wax, beeswax, coconut wax, paraffin wax, and blends
<b>Solubility</b>	Easily soluble in ethanol and propylene glycol
<b>Compatibility</b>	Compatible with most anionic, nonionic, and zwitterionic surfactants
<b>Shelf Life</b>	24 months when stored in cool, dark place
<b>IFRA Compliance</b>	Complies with IFRA standards and passed skin irritation testing

## Functions & Applications

The Sea Breeze & Neroli Fragrance Oil functions as a high-performance olfactory delivery system specifically calibrated for the molecular structure of soy wax. Its primary utility lies in its evaporative equilibrium, ensuring that volatile ozonic accords and denser floral salicylates release in a synchronized, linear fashion to prevent fragrance layering issues.

In soy applications, it acts as a structural stabilizer, maintaining a robust emulsion within the vegetable lipid matrix to eliminate sweating or oil migration. Its thermal resilience ensures the delicate Neroli esters remain chemically stable under sustained heat, providing a clean, high-definition hot throw with soot-free combustion.

### Primary Applications

- Premium soy candle production for coastal, Mediterranean, and spa-inspired collections
- Reed diffusers and capillary-action systems
- Ozonic room mists and ultrasonic aroma oils
- Signature scents for boutique hotels and luxury lounges
- IFRA-compliant bath and body products including sea-salt exfoliants and luxury hand washes

## applications

BEDROOM

Coffee House

library/study

BATHROOM

home office

## applications

## Our Advantages

# 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA  
MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

## Support & Services

Our R&D team includes PhDs and senior engineers with university partnerships, integrating global technology for continuous innovation in natural ingredients. We assist customers in improving product aroma, quality structure, and reducing production costs with tailored solutions.

### Comprehensive Support Includes:

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- OEM support for custom scents
- Training and education on fragrance formulation

## Packaging & Shipping

### Product Packaging

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

### Shipping Information

Production begins immediately after payment. Lead times: 3-5 days for trial orders, 5-10 days for bulk orders. We provide photo confirmation or bulk samples before shipping via ship, air, truck, or express according to client requirements.
