Product Description

Wholesale Perfume Fragrance Kouros Fragrance Essence Oil For Daily Using Perfume Making With Free Sample

Product Code: LDZ-PL11265

Kouros is famous for its unapologetic strength. It features a complex contrast between "clean" and "dirty" notes. The opening is a sharp, soapy blast of Aldehydes, Artemisia, and Coriander, giving it a sterile, barbershop freshness.

It is exceptionally potent; even a small sample can scent an entire room. It is best suited for individuals who prefer vintage, masculine, and assertive fragrances. Because of its complex musk profile, it performs beautifully in oil-based rollers, where the warmth of the skin slowly releases the honeyed-leather notes throughout the day.

Fragrance Profile

The fragrance profile of Kouros is a complex exercise in contrast, famously balancing "clean" architectural brightness with "dirty" animalic warmth. When using an essence oil for daily perfume making, understanding this evolution is key to managing its legendary potency.

Top Notes	The scent opens with a sharp, "soapy" freshness. This is achieved through a blend of Aldehydes, Artemisia, and Coriander, invigorated by Clary Sage and Bergamot. It feels bracing, like cold marble or a classic barbershop.
Middle Notes	The core transitions into a spicy floral blend. It features Geranium, Cinnamon, and Jasmine, alongside Patchouli and Vetiver. This layer provides a rugged, earthy texture that bridges the gap between the fresh start and the deep base.
Base Notes	The dry-down is where Kouros becomes iconic. It is a warm, sensual mix of Civet, Honey, Leather, and Musk, grounded by Oakmoss and Amber. This creates a "lived-in" animalic sweetness that lingers for hours.

Technical Specifications

Parameter	Specification
Fragrance Notes	Concentrated Kouros Fragrance Essence Oil
Appearance	Transparent to amber liquid
Relative Density	0.940–0.995 g/cm ³ @ 25°C
Refractive Index	1.485–1.525
Flash Point	>75°C (194°F)
Dosage	Eau de Toilette (EDT): 12%-18% Eau de Parfum (EDP): 5-10%
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation rate ensures smoother fragrance evolution with richer layers

Applications & Functions

The Kouros fragrance essence oil serves as a high-impact aromatic agent, primarily used as the foundation for creating "powerhouse" masculine scents. Its main function in perfumery is its exceptional fixative power; the dense animalic and honeyed base notes act as an anchor, significantly increasing the longevity of the lighter, soapy top notes.

Versatile Applications

Fine Perfumery	It is most commonly used to formulate Eau de Toilettes and Aftershaves. For daily use, it creates a bold, "clean-yet-musky" aura that suits confident, professional settings.
Grooming Products	Due to its classic "barbershop" profile, this oil is a favorite for scenting premium shaving soaps, beard balms, and hair pomades, where it provides a vintage, masculine freshness.
Functional Scenting	Because the oil is highly concentrated, it is effectively used in solid perfumes and luxury soaps, as the musk and oakmoss notes survive the saponification process well.

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

Support & Services

- OEM support for custom scents and classical flavors
- Product usage instructions and guidance
- Expert advice on fragrance selection

- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging & Shipping

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5 kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038 cbm
Metal Barrel	25 kgs	D30*H45cm	0.032 cbm
Jerry Can	20-25 kgs	L29.5*D29.5*H41cm	0.33 cbm

Production typically takes 3-5 days for trial orders and 5-10 days for bulk orders. We provide photo confirmation before shipping and offer multiple shipping options including sea, air, truck, and express delivery.

Where there are fragrance, there are plant flavor.
