## Product Description

### Beauty of Sakura Fragrance Essence Oil

Product Code: LDZ-PL20098

A sophisticated, high-performance aromatic compound designed to capture the delicate essence of Japanese cherry blossoms. This Soft Floral-Fruity accord is specifically optimized for high-moisture environments like showers and bathrooms.

### Product Overview

The Beauty of Sakura fragrance essence offers a transparent, airy profile that evokes renewal, purity, and feminine elegance. The olfactory structure opens with ozonic notes and Fuji apple for immediate freshness, followed by a complex floral heart of Sakura petals, rose, and mimosa, anchored by sheer musk and white woods for lasting subtlety.

Technically superior with excellent bloom in warm water, this non-discoloring, surfactant-friendly essence is ideal for crystal-clear shampoos, pearlescent shower gels, and premium scented soaps.

## Fragrance Profile

A masterfully balanced Floral-Fruity composition engineered to maintain olfactory clarity in surfactant-based systems.

<b>Top Notes</b>	Luminous, refreshing burst of Japanese Fuji apple, plum, and pear with crisp ozonic accord for immediate "shower-fresh" impact
<b>Middle Notes</b>	Delicate, powdery bouquet of Sakura (Cherry Blossom), pink peony, and mimosa creating sophisticated feminine elegance
<b>Base Notes</b>	Soft foundation of sheer musk, sandalwood, and Himalayan cedar for subtle, lingering skin-scent

Soap Making	2.0% - 5.0%
Liquid Hand Washes	0.3% - 1%
Hair Conditioners	0.2% - 0.8%

## Functions and Applications

### Professional Functions

The Beauty of Sakura essence oil serves as a critical sensory and functional additive providing "high-bloom" olfactory experience that intensifies in warm water and steam. It functions as a stability-enhanced compound resistant to oxidative stress in aqueous environments and acts as a masking agent for base odors without compromising foam height or lather density.

### Applications

Primarily used in Hair Care and Body Cleansing sectors including shampoo production, shower gels, liquid hand soaps, and scented soap production (both industrial and artisanal methods). Also suitable for bath additives like bath bombs and salts where its ozonic and floral notes provide relaxing aromatherapeutic effects.

### Our Advantages

# 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA
