

Essential Oil Fragrances Thyme Essence Oil For Reed Sticks & Scented Candles & Diffusers Home Spay Making

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL30305
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Fragrance Family: Floral, Fruity, Woody, Oriental, Fresh
- Color: Clear Or Lightly Tinted
- Included Items: Reed Sticks
- Sample: Support Free Samples
- Scent Notes: Floral, Citrus, Woody, Spicy, Fruity
- Component: Contain Peony Bloom Extract
- Productname: Diffuser Fragrances
- Scent Strength: Medium
- Shelf Life: 1-3Years
- Applicationmethod: Pour Into Diffuser Bottle And Insert Reeds
- Highlight: **thyme essential oil for diffusers,
thyme fragrance oil for candles,
thyme essence oil for home spray**

Product Description

Thyme Essential Oil for Home Fragrance Applications

Product Overview

Thyme essential oil is a versatile botanical extract prized for its herbaceous, medicinal, and slightly spicy fragrance profile. Rich in thymol and carvacrol compounds, it serves as a top-to-middle note that delivers fresh "herb garden" aromas with potent antimicrobial properties. In aromatherapy applications, thyme is known for its mentally stimulating and focus-enhancing qualities, making it ideal for home office blends and morning ritual candles designed to boost clarity and productivity.

Fragrance Profile & Characteristics

Thyme essential oil features a complex, multifaceted fragrance that transitions from sharp medicinal clarity to warm, herbaceous earthiness. As a middle note, it provides the aromatic bridge that adds body and character to fragrance blends.

| Fragrance Notes | Description |
|-----------------|---|
| Top Notes | Sharp medicinal clarity with immediate aromatic impact |
| Middle Notes | Warm, savory herbal essence with woody undertones that provide robust, grounded character |
| Base Notes | Subtle sweet-balsamic finish that extends fragrance longevity when blended with heavier resins or woods |

Technical Specifications

| Parameter | Specification |
|---------------------|--|
| Product Name | Thyme Essence Oil |
| Fragrance Profile | Sharp Citrus, Zesty Peel, Effervescent |
| Appearance | Colorless to light yellow transparent liquid |
| Relative Density | 0.910–0.937 g/cm ³ @ 25°C |
| Refractive Index | 1.490–1.505 @ 20°C |
| Flash Point | 55°C - 60°C (115°F - 131°F) |
| Ingredients | Natural & Synthetic Aromatic Compounds |
| Recommended Dosage | Reed Diffusers: 15% - 25% Scented Candles: 5% - 8% Room Sprays: 1% - 3% Oil Burners: 3-5 drops diluted in water |
| Volatilization Rate | Maintains continuous fragrance for 20-30 days, covering 15-25 square meters |
| Solubility | Easily soluble in ethanol and propylene glycol |
| Compatibility | Compatible with most anionic, nonionic, and zwitterionic surfactants |
| Shelf Life | 12-24 months when stored in cool, dark place in sealed container |
| Standard Compliance | IFRA compliant with passed skin irritation testing |

Functions & Applications

Thyme essential oil serves dual-purpose functionality in home fragrance, acting as both an aromatic modifier and functional air purifier. High in phenolic compounds like thymol, it actively neutralizes airborne pathogens and odors rather than merely masking them.

| Application | Usage Guidelines |
|-----------------|--|
| Reed Diffusers | High volatility ensures consistent scent release. Use at 15-25% concentration in low-viscosity solvent. Ideal for large rooms or high-traffic areas requiring continuous fresh presence. |
| Scented Candles | Integrates well with soy, rapeseed, and beeswax blends. Add to wax at approximately 62°C to prevent aromatic degradation. Use 5-8% fragrance load for balanced hot throw. |
| Home Sprays | Acts as natural deodorizer at 1-3% dilution with solubilizer. Creates fine mist that sanitizes olfactory environment, perfect for kitchen or bathroom applications. |

Our Advantages

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services

Our R&D team includes PhDs and senior engineers, with established laboratories in partnership with universities. We integrate global technology to maintain product advantage through continuous innovation.

Comprehensive Support Services

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging and Shipping

Product Packaging Options

| Pack Type | Quantity | Specification | Volume |
|----------------|----------|---|----------|
| Plastic Bottle | 5kgs | L41*W28*H33.5cm 5kg*4 bottle per carton | 0.038cbm |
| Metal Barrel | 25kgs | D30*H45cm | 0.032cbm |
| Jerry Can | 20-25kgs | L29.5*D29.5*H41cm | 0.33cbm |

Shipping Information

Production time: 3-5 days for trial orders, 5-10 days for bulk orders. We provide photos or samples for confirmation before shipping. Shipping options include ship, air, truck, and express delivery.
