## Product Description

### Professional Laundry Fragrance Oil

Laundry Product Fragrance Safeguard Fragrance Oil is engineered for industrial detergent and fabric softener production. This professional-grade aromatic solution offers exceptional chemical stability in high-pH environments.

**Product Code:** LDZ-PL50154

### Product Features

- Chemically stable in high-pH environments, preventing scent degradation
- Formulated to cling to fabric fibers for long-lasting freshness
- Provides powerful wet bloom scent and weeks of dry note freshness
- Prevents discoloration in liquid formulations

### Fragrance Profile

<b>Top Notes (Initial Burst)</b>	Dominated by crisp aldehydes, citrus zest, and ozonic accords. These notes create the "wet bloom" effect, providing immediate freshness when detergent is poured or washing machine is opened.
<b>Middle Notes</b>	Comprised of soft florals like lily of the valley, jasmine, or rose, blended with aromatic herbs. This heart provides the body of the scent during wash and rinse cycles.
<b>Base Notes (Lingering Finish)</b>	Anchored by white musk, amber, and light woody tones. These heavy molecules lock into fabric fibers to ensure lingering scent that lasts for weeks in storage.

## Functions & Applications

This high-performance fragrance oil serves as both an aromatic additive and malodor neutralizer, chemically masking surfactant scents and organic laundry odors. It maintains viscosity and clarity in liquid formulations without causing clouding or separation.

### Application Versatility

- Compatible with anionic surfactants in liquid and powder detergents
- Works with cationic surfactants in fabric softeners
- Ideal for scent booster beads and ironing sprays
- Heat-resistant for tumble dryer applications
