

Essence Oil Manufacturer Pure White (Man's Flower) Fragrance Oil For Daily Using Perfume Making With Free Sample

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL10424
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Country Of Origin: China
- Gender: Women
- Top Notes: Bergamot, Lemon, Peach
- Benefits: Calming, Relaxing, Soothing
- Used For: Daily Floral Flavors For Perfume Making
- Target Audience: Adults
- Pure: 100% Pure Oil
- Sillage: Moderate To Strong
- Application: Perfume Making
- Bottle Size: 1000ml
- Fragrance Type: Eau De Parfum
- Form: Spray,Oil,Wax
- Design: Elegant
- Longevity: 8-10 Hours
- Add Ratio: 5%-15%

Product Description

Pure White (Man's Flower) Fragrance Oil

Sophisticated contemporary blend that redefines masculinity by balancing traditional floral notes with a crisp, clean finish. High-concentration essence oil ideal as "mother liquor" for DIY perfume making and professional production.

Product Code: LDZ-PL10424

This luminous fragrance moves away from heavy, musk-laden scents toward a fresh-floral architecture. Think of it as the scent of a crisp white shirt—clean, professional, and understated yet distinct. It bridges the gap between genders, utilizing white florals grounded with green or woody undertones.

Fragrance Profile

The olfactory structure of Pure White (Man's Flower) is a masterclass in "clean" perfumery, designed to mimic the airy, crisp sensation of fresh linen while maintaining a grounded, masculine edge through strategic three-tier note transition.

| | |
|---------------------|---|
| Top Notes | Opens with a sharp, ozonic burst featuring Citrus Bergamia (Bergamot) or White Grapefruit paired with Aldehydes. Creates a "sparkling" effect that feels cold, clean, and invigorating. |
| Middle Notes | The "Man's Flower" identity emerges with dry florals such as Neroli, Lily of the Valley, or transparent White Jasmine. Stripped of sweetness, providing a green, botanical heart that feels sophisticated and calm. |
| Base Notes | Settles into White Musk, Blonde Woods, and a touch of Ambergris. Provides "second-skin" warmth that anchors the lighter florals, ensuring the fragrance lingers with a smooth, soapy finish. |

Technical Specifications

| Parameter | Specification |
|-----------------|--|
| Fragrance Notes | Concentrated Pure White (Man's Flower) Fragrance Oil |

| | |
|------------------------|---|
| Appearance | Transparent to amber liquid |
| Relative Density | 0.940–1.050 g/cm ³ @ 25°C |
| Refractive Index | 1.480–1.510 |
| Flash Point | ~100°C (210°F) |
| Dosage | Eau de Parfum (EDP): 15% - 20% (High longevity) Eau de Toilette (EDT): 8% - 12% (Fresh, daily wear) Reed Diffusers/Air Care: 15% - 25% (Optimized for evaporation) Personal Care (Lotions/Soaps): 0.5% - 2.0% (Check IFRA Category 5/9 limits) |
| Diffusion Ability | Excellent aroma |
| Long-lasting Fragrance | 8-12 hours (paper strip test) |
| Solubility | Soluble in ethanol and oils; insoluble in water |
| IFRA Compliance | Conforms to International Fragrance Association safety standards |
| Heat Resistance | Stable at 100°C with no noticeable discoloration or odor change |
| Lightfastness | Good (avoid long-term direct sunlight) |
| Evaporation Rate | Slow evaporation rate ensures smoother fragrance evolution with richer layers |

Applications & Functions

This high-stability aromatic base serves as an ideal foundation for daily-use products. Engineered for fixative performance, it "holds" the scent on skin or in air for extended periods. Acts as an olfactory brightener, neutralizing unpleasant base odors in raw cosmetic materials while providing a crisp, "high-definition" floral scent. Functions as a bridge accord in blending, seamlessly connecting sharp citrus top notes to heavy woody or musky base notes.

Industrial Applications

| Application | Description |
|---------------------------|--|
| Fine Fragrance Production | Used to create Eau de Toilette and Cologne for men, where a "fresh-out-of-the-shower" or "crisp white shirt" aesthetic is desired. |
| Grooming & Personal Care | Ideal for high-end beard oils, aftershaves, and body washes. Non-discoloring "water-white" property perfect for clear gels and transparent soap bars. |
| Home Scenting | Highly effective in reed diffusers and soy wax candles due to high flash point, providing consistent "cold throw" and "hot throw" with clean, spa-like ambiance. |

Textile & Laundry
Care

Added to luxury linen sprays or fabric softeners to impart long-lasting scent of sun-dried flowers and fresh air.

Research & Development

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

Support & Services

- OEM support for custom scents and classical flavors
- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging & Shipping

| Pack Type | Quantity | Specification | Volume |
|----------------|-----------|---|-----------|
| Plastic Bottle | 5 kgs | L41*W28*H33.5cm (5kg*4 bottle per carton) | 0.038 cbm |
| Metal Barrel | 25 kgs | D30*H45cm | 0.032 cbm |
| Jerry Can | 20-25 kgs | L29.5*D29.5*H41cm | 0.33 cbm |
