Product Description

Depravity Fragrance Essence Oil

Sophisticated contemporary blend that redefines masculinity by balancing traditional floral notes with a crisp, clean finish. High-concentration essence oil ideal as "mother liquor" for DIY perfume making and professional production.

Product Code: LDZ-PL10281

The Depravity (Wholesale Fragrance Type) Essence Oil is a provocative and high-impact aromatic compound designed for the boldest segments of the perfume market. True to its name, this fragrance rejects subtlety in favor of an intoxicating, rebellious, and deeply addictive profile.

Fragrance Profile

This scent is designed to evoke a sense of indulgence and mystery. It moves beyond traditional "clean" scents, focusing instead on earthy, animalic, and boozy undertones that feel carnal and sophisticated.

Top Notes (The Provocative Opening)	The fragrance strikes first with a bold, "boozy" accord of Black Cherry and Bitter Almond, brightened slightly by a touch of Saffron. This creates an immediate sensation of dark sweetness that commands attention.
Middle Notes (The Floral Heart)	As the initial sharpness softens, the heart reveals a "dirty" floral and spicy core. Heavy Turkish Rose and Jasmine Sambac are layered with Cinnamon and Roasted Coffee, providing sophisticated indulgence.
Base Notes (The Eternal Shadow)	The foundation features a powerful fixative base of Tobacco Leaf, Tonka Bean, and Black Amber with Patchouli and Sandalwood, ensuring a heavy, skin-hugging musk that lasts over 14 hours.

Technical Specifications

High-density, resinous concentrate engineered for large-scale perfume production with significant base-heavy molecular weight for natural fixative properties.

Parameter	Specification
Fragrance Notes	Concentrated Depravity Fragrance Essence Oil
Appearance	Transparent to amber liquid
Relative Density	1.020–1.080 g/cm ³ @ 25°C
Refractive Index	1.500–1.540
Flash Point	~93.3°C (200°F)
Dosage	Fine Fragrance: 12% - 18% Eau de Toilette: 8% - 12% Luxury Candles: 8% - 12% Reed Diffusers: 20% - 25% Body Oil: 10% - 15%
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions

Highly compatible with 96% ethanol and various carrier oils, maintaining clear, non-precipitating solutions at high concentrations. Performs exceptionally well in heat-based manufacturing processes.

Industrial Applications

Application	Description
Niche Fine Fragrances	Premier choice for manufacturing Extrait de Parfum and "Intense" editions for luxury unisex market.
Premium Personal Grooming	Popular in artisan beard oils, solid perfumes, and aftershave balms for sophisticated differentiation.
Atmospheric Home Scenting	Widely used in luxury soy candles and reed diffusers for mood-setting ambiance in premium spaces.

applications

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

applications

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support & Services

OEM support for custom scents and classical flavors
Product usage instructions and guidance
Expert advice on fragrance selection
Technical support for any issues or concerns
Product customization services
Assistance with regulatory compliance
Training and education on fragrance formulation

Packaging & Shipping

Pack Type	Quantity	Specification	Volume
