## Product Description

### Creamy Strawberry Flavoring Oil

Essential Oil Fragrances Creamy Strawberry Flavoring Oil For Reed Sticks & Scented Candles & Diffusers Home Spray Productions

Product Code: LDZ-PL30847

### Product Overview

The Creamy Strawberry Flavoring Oil is a rich, gourmand fragrance specifically engineered for high-performance home scenting, including reed diffusers, luxury candles, and ultrasonic diffusers. Unlike a simple, tart fruit scent, this "creamy" variant is designed to evoke the indulgent aroma of sun-ripened field strawberries swirled into thick, sweetened Madagascar vanilla cream. It offers a dense, "velvety" olfactory profile that transforms a room into a cozy, artisanal confectionery.

In production, this fragrance is prized for its exceptional hot and cold throw. For Scented Candles, the creamy base notes provide a stable foundation that prevents the strawberry top notes from smelling "burnt" or overly synthetic when the wax is heated. For Reed Diffusers, the oil is formulated to remain thin enough for consistent capillary action while maintaining robust scent lingering power.

## Fragrance Profile & Characteristics

The PLANT Creamy Strawberry Flavoring Oil is defined by its Gourmand profile, creating a "dessert-like" atmosphere that feels thick, sweet, and comforting.

Fragrance Notes	Description
Top Notes	An immediate burst of Sun-Ripened Strawberry, often accompanied by Green Leaves or Citrus Peel
Middle Notes	The "heart" reveals a Velvety Whipped Cream or Condensed Milk accord
Base Notes	A long-lasting foundation of Warm Vanilla, Powdered Sugar, and Soft Musk
