## Product Description

### Fragrance Oils Anni Fragrance Essence For Daily Using Perfume Making /Productions With Free Sample

Product Code: LDZ-PL10467

Anni Fragrance Essence is a masterclass in soft, romantic perfumery, specifically engineered for daily-use applications where a sense of lightness and femininity is desired. Its primary feature is a vibrant floral-fruity equilibrium; it opens with a sparkling, optimistic brightness—often attributed to notes of apricot and lemon—that gracefully transitions into a delicate heart of jasmine and lily of the valley. This makes the essence feel "luminous" rather than heavy, perfect for professional or casual daytime environments.

Technically, the fragrance is characterized by its smooth, linear evolution, meaning it maintains its sweet, clean integrity from the initial application through the deep dry-down of sandalwood and musk. For production purposes, its "roundness" is a significant asset; it lacks the sharp synthetic edges often found in budget essences, allowing it to blend seamlessly into alcohol-based sprays, oil rollers, or creamy body lotions. It functions as a "second-skin" scent—comforting, approachable, and universally pleasing—making it an excellent choice for a signature daily fragrance line.

### Fragrance Profile

<b>Top Notes (Opening)</b>	<p>It is a masterfully layered "Floral Fruity" composition, designed to evoke a sense of romantic nostalgia and daily freshness. Its olfactory journey begins with Top Notes of sparkling Mandarin, Lemon, and Bergamot, which provide an immediate, uplifting citrus burst. This is softened by the sweet, velvety infusion of Apricot and Peach, creating a succulent, sun-drenched opening that is both bright and inviting.</p>
<b>Middle Notes (Heart)</b>	<p>The Middle Notes reveal a delicate, white floral bouquet. The heart is dominated by the airy elegance of Lily of the Valley and Jasmine, intertwined with a subtle, powdery Violet. These florals give the essence its signature "romantic" and "feminine" character, feeling light and breathable on the skin.</p>
<b>Base Notes (Foundation)</b>	<p>The Base Notes provide a warm, lingering foundation of Sandalwood, Amber, and Musk. A touch of Vanilla adds a creamy depth, ensuring a soft, comforting dry-down that lasts throughout the day.</p>

## Technical Specifications

Parameter	Specification
Fragrance Notes	Concentrated Anni Fragrance Essence
Appearance	Transparent to amber liquid
Relative Density	0.985–1.055 g/cm <sup>3</sup> @ 25°C
Refractive Index	1.465–1.515
Flash Point	>93°C (200°F)
Dosage	Eau de Parfum (EDP): 8% - 15% Body Mists / Splashes: 3% - 5% Body Lotions & Creams: 1% - 2% Bar Soaps / Liquid Wash: 2% - 4% Hair Care Products: 0.5% - 1.5%
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

## Applications & Functions

The primary function of Anni Fragrance Essence is to serve as a high-quality aromatic compound that provides a "soft-focus" scent profile for daily-use products. In perfume making, it acts as a structural floral base that bridges the gap between fleeting citrus top notes and heavy balsamic fixatives. Its chemical composition is designed for high stability and tenacity, ensuring that the delicate "white floral" heart (Jasmine and Lily of the Valley) remains vibrant even when diluted in various mediums. Functionally, it also serves as a masking agent in cosmetic formulations, effectively neutralizing the base odors of raw materials like waxes, surfactants, or fatty acids without overpowering the final product. Additionally, its "molecular roundness" allows it to function as a unisex softener; it can be used to take the "edge" off sharper woody or spicy accords, making a blend feel more approachable and commercially "safe" for the mass market.

## Industrial Applications

In professional production, this essence is exceptionally versatile. Its most common application is in Fine Fragrance, where it is used to create Eau de Toilette (8%-12%) and light body splashes that require a clean, romantic trail. In Skincare and Body Care, it is frequently incorporated into "everyday" luxury items such as velvet body lotions, whipped butters, and hand creams; its low vanillin content minimizes discoloration in these white-base emulsions. It is also an ideal choice for Hair Care, used in scented mists or silicone-based serums to take advantage of the way hair fibers retain its musky dry-down. Beyond personal care, it excels in Ambient Fragrancing, specifically in the production of reed diffusers and luxury soy candles, where its airy floral notes provide a "clean-home" atmosphere. Finally, it is often applied in Linen & Fabric Care, used to scent delicate garment sprays or premium laundry detergents intended for high-end apparel.

## applications

## Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

# applications

## 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support & Services

- OEM support for custom scents and classical flavors
- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

## Packaging & Shipping

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5 kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038 cbm
Metal Barrel	25 kgs	D30*H45cm	0.032 cbm
Jerry Can	20-25 kgs	L29.5*D29.5*H41cm	0.33 cbm

**Production Time:** 3-5 days for trial orders, 5-10 days for bulk orders. We provide photo confirmation before shipping and offer multiple shipping options including sea, air, truck, and express delivery.
