Product Description

Product Code: LDZ-PL10480

Fruit Bomb Fragrance Oil is a highly concentrated and versatile scent designed for daily-use perfume and personal care product formulations. It delivers a vibrant and refreshing fruity aroma, combining bright citrus and tropical top notes with a rich, juicy fruit heart and a soft, slightly sweet base for a smooth and long-lasting finish.

This well-balanced composition creates an energetic and uplifting fragrance experience that appeals to a wide range of consumers, especially in lifestyle and youth-oriented markets. Thanks to its high concentration, only a small dosage is needed to achieve strong scent performance, making it a cost-effective choice for manufacturers.

Fragrance Profile

Fruit Bomb Fragrance Oil offers a lively and mouthwatering fruity composition designed to create an instantly refreshing and uplifting sensory experience.

Top Notes (Opening)	It opens with a burst of bright citrus and juicy tropical fruits, such as orange, pineapple, and hints of berries. This initial impression is fresh, sparkling, and energetic, capturing attention immediately.
Middle Notes (Heart)	Middle Notes develop into a rich blend of sweet, succulent mixed fruits, delivering a full-bodied and juicy character. This heart layer enhances the fragrance's playful and vibrant identity, making it especially appealing for daily-use products.
Base Notes (Foundation)	Base Notes settle into a soft and smooth finish with light musk and subtle sweetness. This foundation adds depth and longevity, ensuring the fragrance remains pleasant and balanced over time without being overpowering.

Technical Specifications

Parameter	Specification
Fragrance Notes	Concentrated Fruit Bomb Fragrance Essence
Appearance	Transparent to amber liquid
Relative Density	0.950–0.980 g/cm ³ @ 25°C
Refractive Index	1.450–1.480

IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions

Fruit Bomb Fragrance Oil is a high-performance aromatic compound developed to deliver consistent, long-lasting scent impact across various formulations. Its concentrated composition ensures efficient diffusion and strong olfactory projection while maintaining stability during processing and storage.

The balanced fruity profile effectively masks base odors, enhancing the overall sensory quality of finished products. It demonstrates excellent compatibility with both alcohol-based systems and surfactant formulations, ensuring reliable performance in fine fragrance and personal care applications.

Industrial Applications

Fruit Bomb Fragrance Oil is suitable for a wide range of fragrance and personal care applications. It is primarily used in fragrance oils for perfume, including eau de parfum, eau de toilette, and body mists, where a vibrant and youthful fruity profile is desired.

The fragrance also performs effectively as a body wash fragrance, offering good stability and a clean, refreshing scent during use. Additionally, it is compatible with formulations such as lotions, creams, shampoos, and liquid soaps, maintaining performance across different bases.

applications

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

applications

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support & Services

- OEM support for custom scents and classical flavors
- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation
