Product Description

Pure Fragrance Oils Greek Fig Essence For Daily Using Perfume Making /Productions

Product Code: LDZ-PL10498

Greek Fig Essence Fragrance Oil is a highly concentrated fragrance designed for daily-use perfume making and personal care applications. Inspired by the natural aroma of ripe figs, it delivers a smooth, green, and slightly creamy scent profile that is both fresh and sophisticated. The fragrance opens with soft green and leafy notes, followed by a rich fig heart that adds natural sweetness and a subtle milky nuance. A gentle woody and musky base provides depth and long-lasting performance, creating a well-balanced and elegant finish. This composition makes it suitable for both modern and classic fragrance concepts.

Thanks to its high concentration, the fragrance offers excellent diffusion and stability in various formulations, including alcohol-based perfumes and body wash fragrance products.

Manufactured by PLANT, this fragrance oil ensures consistent quality, reliable supply, and compliance with international standards, making it an ideal choice for brands seeking premium Fragrance oils for perfume while reducing procurement risks.

Our Product Introduction

Fragrance Profile

The Overall Impression of this fragrance is green, creamy, and softly sweet with a natural elegance, it is ideal for Fragrance oils for perfume and body wash fragrance, especially in daily-use and premium lifestyle products.

Top Notes (Opening)	Fresh green leaves and subtle fruity nuances create a soft, natural opening. Light hints of fig leaf and delicate citrus provide a clean and airy first impression.
Middle Notes (Heart)	The heart reveals a rich and authentic fig accord, characterized by mild sweetness and a smooth, milky texture. This layer adds depth and roundness, delivering a comforting yet sophisticated fruity character.
Base Notes (Foundation)	A gentle blend of soft woods and light musk forms the base, enhancing longevity and providing a warm, elegant finish. The base supports the fig note without overpowering it, ensuring a balanced dry-down.

Technical Specifications

Parameter	Specification
Fragrance Notes	Concentrated Greek Fig Essence
Appearance	Transparent to amber liquid

Relative Density	0.940–0.970 g/cm ³ @ 25°C
Refractive Index	1.445–1.475
Flash Point	>80°C
Dosage	Eau de Parfum (EDP/EDT): 8% - 18% Body Wash / Shower gel: 0.3% - 0.8% Body Lotions & Creams: 0.2% - 0.7% Shampoo & Hand wash: 0.2% - 0.6% Home Fragrance: 5% - 10%

Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions

Greek Fig Essence Fragrance Oil is formulated to deliver a refined, natural, and long-lasting scent performance across a wide range of applications. Its concentrated composition ensures efficient diffusion and balanced olfactory projection, providing a smooth and elegant fragrance experience. The green and creamy fig profile effectively enhances the sensory quality of finished products while masking base odors in formulations. It demonstrates excellent stability in both alcohol-based and surfactant systems, maintaining consistency during production and storage. The well-structured base supports prolonged fragrance retention, allowing effective performance at moderate dosage levels. This contributes to improved formulation efficiency and cost control. In addition, its versatile scent profile enables seamless integration into various product concepts, from fresh to premium lines. Manufactured by PLANT under strict quality standards, it ensures batch consistency, reliable performance, and helps brands reduce procurement decision risk in global sourcing environments.

Industrial Applications

Greek Fig Essence Fragrance Oil is suitable for a broad range of fragrance and personal care applications, offering versatility and consistent performance. It is widely used in Fragrance oils for perfume, including eau de parfum, eau de toilette, and body mists, where a natural, green, and slightly creamy scent profile is desired. The fragrance also performs effectively as a body wash fragrance, maintaining stability and delivering a clean, refreshing experience during use. Additionally, it is compatible with formulations such as lotions, creams, shampoos, and liquid soaps, ensuring reliable scent retention across different bases. Its balanced composition makes it appropriate for both rinse-off and leave-on products. The fragrance can also be applied in home fragrance applications, depending on formulation requirements. Developed by PLANT, it provides consistent quality and adaptability, making it an ideal choice for manufacturers targeting daily-use and premium personal care markets.

applications

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

applications

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC
