Product Description

Lemon Verbena Fragrance Essence Oil

Premium fragrance essence for shampoo, shower gel, and scented soap manufacturing with IFRA compliance.

Product Code: LDZ-PL20217

Lemon Verbena fragrance essence is a premier choice for high-end shampoo and shower gel production, celebrated for its vibrant and sophisticated olfactory profile. Unlike standard citrus scents, Lemon Verbena offers a refined blend of zesty top notes and subtle herbaceous undertones, creating a crisp, "green" freshness that feels natural rather than synthetic. This complexity makes it an ideal ingredient for brands aiming to provide a spa-like, invigorating experience that awakens the senses and refreshes the mind.

In personal care formulations, this oil is prized for its versatility and universal appeal. Its clean, gender-neutral character makes it a staple for unisex product lines, while its aromatherapeutic properties are frequently utilized in "energy-boosting" or "stress-relief" collections. Technically, the essence is highly concentrated and stable, ensuring that the fragrance remains potent throughout the shelf life of the product and leaves a delicate, clean trail on the skin and hair after rinsing. Because it harmonizes well with other botanicals like mint, lavender, or ginger, it provides a flexible foundation for creating signature scents.

Fragrance Profile

The aromatic structure of Lemon Verbena fragrance essence is carefully layered to ensure the scent evolves beautifully from the first pop of the bottle to the lingering freshness on the skin.

Top Notes	The initial impression is a bright, explosive burst of tart lemon zest and sparkling lime. These notes provide the immediate "zing" that characterizes the fragrance, often accompanied by a hint of lemony-mint for an icy, clean opening.
Middle Notes	As the initial sharpness softens, the heart reveals a sophisticated herbaceous green tea accord and crushed verbena leaves. You will often detect a delicate citrusy-floral touch, similar to lemongrass or petitgrain, which adds body and prevents the citrus from feeling thin.
Base Notes	The dry-down is anchored by earthy, grounding elements. Subtle hints of white musk and sheer cedarwood provide a velvety finish, ensuring the fragrance has "legs" and doesn't evaporate instantly after the rinse.

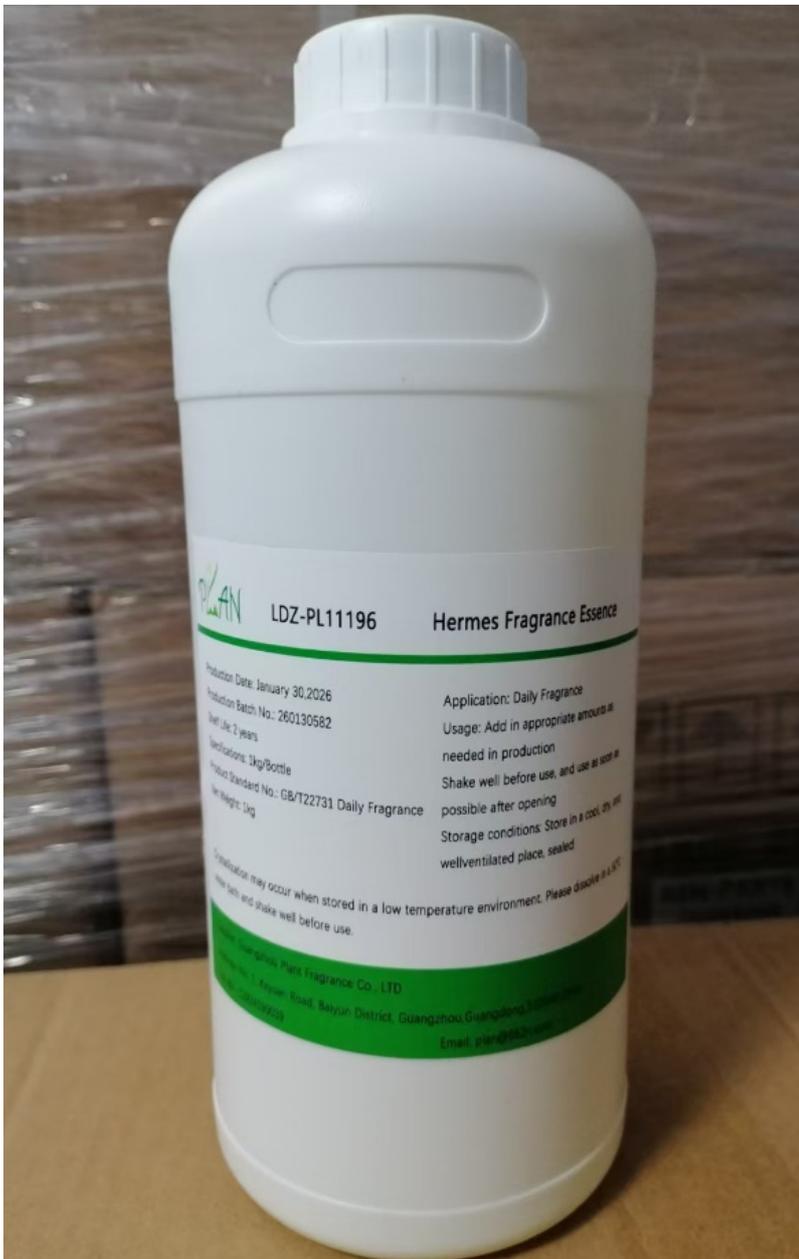

Technical Specifications

Product Name	Lemon Verbena Fragrance Essence Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.950 to 1.046 g/cm ³ @ 25°C
Flash Point	>90°C
Refractive Index (RI)	1.480 to 1.497 (at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates

Application	Usage Rate
Premium Shower Gel	1.0% - 3.0%
Clarifying Shampoo	1.0% - 1.5%
Cold Process (CP) Soap	4.0% - 5.5%

Functions and Applications

Professional Functions

The primary function of Lemon Verbena fragrance essence is sensory enhancement, transforming a functional cleansing product into a high-end experience. From an aromatherapeutic perspective, it acts as a powerful mood elevator; the high concentration of citral-like notes works to stimulate the limbic system, reducing feelings of fatigue and mental fog. This makes it a functional "wake-up" agent in morning routines.

Furthermore, the essence serves a vital masking function in chemical formulations. It effectively neutralizes the medicinal or "soapy" base odors inherent in many raw surfactants and fatty acids used in soap making. Beyond scent, high-quality botanical versions may offer mild astringent properties, helping to tone the skin and manage excess oil production on the scalp. Its crisp profile also provides a long-lasting deodorizing effect, ensuring that the user feels "cleaner for longer" by providing a persistent olfactory barrier against environmental odors throughout the day.

Applications

In the manufacturing sector, Lemon Verbena is exceptionally versatile, though it shines brightest in liquid surfactant-based products. Its most common application is in invigorating shower gels and body washes, where the steam of the shower helps "bloom" the fragrance, filling the bathroom with an uplifting aroma. In hair care, it is a popular choice for clarifying shampoos and lightweight conditioners, as the scent feels "weightless" and clean rather than heavy or perfumed.

Beyond the shower, this essence is widely used in liquid hand soaps, particularly for kitchen use, as its citrus-herbaceous profile is unmatched at neutralizing pungent food odors like garlic or fish. It is also an excellent candidate for foaming bath soaks and body scrubs, where it complements exfoliating ingredients like sea salt or sugar. Because it remains stable across various pH levels, it can even be incorporated into after-shower body mists and light lotions to layer the scent for a complete, cohesive grooming regimen.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Production begins immediately after payment (3-5 days for trial orders, 5-10 days for bulk orders). We provide photos or samples for confirmation before shipping via ship, air, truck, or express according to customer requirements.
