## Product Description

### Custard Apple Fragrance Essence

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Code: LDZ-PL30311

### Product Overview

Custard Apple fragrance essence, also known as Cherimoya, is an exotic and creamy olfactory delight that brings a tropical, gourmand touch to home scenting. Unlike traditional citrus or berry scents, Custard Apple offers a unique profile that sits perfectly between a lush fruit and a velvety dessert.

The primary feature is a dense, "jammy" sweetness, reminiscent of a blend between pineapple, banana, and a hint of strawberry, all wrapped in a thick, milky undertone. This essence is highly prized for its exceptional throw—the ability of the scent to travel and fill a room effectively.

## Fragrance Profile & Characteristics

The olfactory profile of Custard Apple fragrance essence is a masterclass in tropical gourmand layering, designed to mimic the complex, creamy texture of the Cherimoya fruit.

Fragrance Notes	Description
Top Notes	The fragrance opens with a bright, mouth-watering burst of sweet pineapple, ripe banana, and a hint of tangy pear. These initial notes provide an immediate fruity lift, giving the scent an airy, fresh start.
Middle Notes	At its core, the fragrance settles into its signature velvety custard accord with notes of creamy papaya, soft peach, and delicate tropical floral undertones that give the fruit its characteristic jammy and fleshy depth.
Base Notes	The foundation is warm and comforting, featuring a smooth blend of warm vanilla bean, sugared musk, and a touch of coconut milk. These base notes ensure the fragrance has a long-lasting, gourmand trail.

## Technical Specifications

This oil is highly versatile for cold air diffusers and reed sticks due to its nebulizing efficiency—it disperses evenly without separating. For scented candles and home sprays, it offers a prestigious atmospheric scent that instantly elevates living spaces.

Parameter	Specification
Product Name	Custard Apple Fragrance Essence Oil
Fragrance Profile	Sharp Citrus, Zesty Peel, Effervescent
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.955–0.990 g/cm <sup>3</sup> @ 25°C
Refractive Index	1.450–1.485 @ 20°C
Flash Point	> 83°C (185°F)
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	Reed Diffusers: 20% - 30% Scented Candles: 8% - 10% Home/Room Spray: 3% - 5% Cold Air Diffuser: 100% Cold Process Soap: 3% - 5%
Volatilization Rate	Maintains continuous fragrance for 20-30 days, covering 15-25 square meters
Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants

Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

## Functions & Applications

The primary function of Custard Apple fragrance essence is to create a comforting, gourmand atmosphere that balances tropical freshness with creamy warmth. In home scenting, it acts as a mood stabilizer, using its sweet, milky olfactory profile to evoke feelings of nostalgia and relaxation.

This essence serves as a powerful ambient deodorizer. Its dense molecular structure allows it to anchor in a room, effectively neutralizing stale household odors by replacing them with a rich, velvety scent trail. In manufacturing, it also functions as a versatile blender; its creamy mid-notes can soften harsher wood or spice scents.

### Primary Applications

Custard Apple is a star performer across the entire spectrum of home fragrance production:

- Scented candles and wax melts:** High flash point and compatibility with soy or paraffin waxes ensure superior hot throw
- Reed diffusers:** Formulated to travel efficiently through rattan or synthetic sticks without clogging
- Home and room sprays:** Provides immediate burst of tropical aroma for high-end environments
- Electric diffusers and ultrasonic humidifiers:** Water-soluble variants create light, refreshing mist
- Potpourri refreshers and closet sachets:** Adds clean yet cozy sweetness to linens and fabrics

## applications

### Our Advantages

## 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

## Support and Services

Our R&D team includes PhDs and senior engineers, with established laboratories in partnership with universities. We integrate global technology to maintain product advantage through continuous innovation.

### Comprehensive Support Services

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

## Packaging and Shipping

### Product Packaging Options

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

### Shipping Information

Production time: 3-5 days for trial orders, 5-10 days for bulk orders. We provide photos or samples for confirmation before shipping. Shipping options include ship, air, truck, and express delivery.
