Body Wash Fragrance Gardenia and Jasmine Fragrance Oil

Product Code: LDZ-PL20345

The Gardenia and Jasmine Fragrance Oil is a masterfully balanced botanical concentrate engineered to bring the intoxicating allure of a blooming white floral garden into personal care production. Characterized by its luminous and dewy profile, this essence captures the creamy, hypnotic depth of Gardenia and the delicate, airy sweetness of Jasmine petals. Formulated for high-surfactant environments, the scent remains vibrant and true-to-life when integrated into complex shampoo and body wash bases.

Designed with technical precision for soap and shampoo manufacturing, the oil features a sophisticated stabilization system that prevents scent fade during saponification or high-heat mixing. It is highly resistant to discoloration and crafted to enhance the perceived creaminess of the lather, with aromatic molecules that bloom intensely in steam for superior shower throw that lingers gently on skin and hair.

Fragrance Profile & Characteristics

Top Notes	The scent opens with a sparkling, green freshness featuring Dewy Leaves, Sweet Pear, and a hint of Neroli. This provides a crisp, watery sensation that mimics morning dew on flower petals.
Middle Notes	As the green notes soften, the signature heart emerges—a lush, creamy blend of Star Jasmine and Velvety Gardenia, providing the bloom that fills the shower with fragrance.
Base Notes	The dry-down is light and comforting, featuring Sheer Musk, White Amber, and Soft Woods, ensuring the floral heart stays anchored to skin and hair.

Functions and Applications

Professional Functions: The primary function is to provide high-impact aromatic bloom within surfactant-based systems. Engineered for hydro-diffusion, the fragrance releases rapidly into steam during use, creating a sensory halo that enhances perception of cleanliness and luxury. The oil functions as a viscosity-stable aromatic and sensory emollient, leaving a microscopic fragrant film on hair and skin. It also serves as a color-stable solution, ensuring products remain visually pristine.

Applications: Centered on Rinse-Off Personal Care sector including Premium Body Washes, Shower Gels, Hair Care products, Bubble Baths, and Bath Bombs. Exceptionally versatile in Artisan and Industrial Soap Making, performing well in Cold Process Soap and extending to Liquid Hand Soaps and Sanitizing Gels.
