Product Description

Long-lasting High Concentration Light and Shadow Leather Fragrance Essence Oil For Perfume Making/Production With Free Sample

Product Code: LDZ-PL10348

Concentration Light and Shadow Leather Fragrance Essence Oil is a premium high-strength fragrance designed for sophisticated perfume making and luxury scented product applications. Inspired by the contrast between light and darkness, this fragrance combines smooth leather accords with warm woody and smoky undertones, creating a bold yet elegant olfactory experience. The scent profile delivers a refined balance of freshness, mystery, and depth, making it ideal for modern niche-style fragrances.

Its high concentration provides excellent scent diffusion, strong stability, and long-lasting performance in various formulations. The fragrance oil blends smoothly with alcohol, wax, and cosmetic bases, making it suitable for fine perfumes, candles, reed diffusers, body care products, and home fragrance applications. Carefully selected raw materials ensure consistent aroma quality and reliable production performance.

Light and Shadow Leather Fragrance Essence Oil is particularly suitable for brands seeking a luxurious, artistic, and masculine fragrance identity. With its rich leather character and elegant smoky warmth, it helps create premium products with strong market appeal and memorable sensory impact.

LDZ-PL31573

Seasalt

Production Date: April 16,2026

Production Batch No.: 260416568

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Storage conditions: Store in a cool, dry, and wellventilated place, sealed

Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Fragrance Profile

Fragrance Notes	Description
Top Notes (Opening)	The scent opens with refreshing and slightly spicy top notes of bergamot, pink pepper, saffron, and cardamom, creating a vibrant yet sophisticated first impression. Subtle citrus freshness balances the darker leather accords that gradually emerge.
Middle Notes (Heart)	The middle notes reveal a luxurious heart of soft leather, cedarwood, violet, jasmine, and smoky incense. These accords add warmth, texture, and depth while maintaining a smooth and refined character. The leather note remains rich without becoming overpowering, giving the fragrance a modern niche-style appeal.

Base Notes
(Foundation)

The base notes provide a long-lasting and sensual finish with amber, patchouli, sandalwood, musk, vetiver, and hints of vanilla. These ingredients create a warm, smoky, and slightly creamy dry-down that enhances longevity and sophistication. Overall, the fragrance profile is bold, woody, leathery, and elegant, making it ideal for premium masculine and unisex fragrance creations.

Technical Specifications

Parameter	Specification
Fragrance Notes	Light and Shadow Leather Fragrance Essence Oil
Appearance	Transparent to amber liquid
Relative Density	0.950–0.990 g/cm ³ @ 25°C

Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions

Light and Shadow Leather Fragrance Essence Oil is designed to provide a luxurious, long-lasting leather fragrance experience for premium perfume and scented product formulations. Its primary function is to deliver a sophisticated balance of smoky, woody, and leathery accords that create depth, elegance, and modern character in finished products. The high concentration of the fragrance oil ensures excellent scent diffusion, strong retention, and stable performance across multiple applications. In fine perfumery, it functions as a key aromatic component that enhances fragrance complexity and creates a distinctive masculine or unisex identity. In candles and reed diffusers, it produces a rich and atmospheric scent throw that helps establish a warm, refined, and luxurious environment. The fragrance oil also acts as an odor-enhancing ingredient in personal care and home fragrance products, improving overall sensory appeal. Carefully formulated with high-quality raw materials, it maintains excellent stability during manufacturing and storage while supporting consistent fragrance performance and premium product positioning.

Light and Shadow Leather Fragrance Essence Oil is widely used in fragrance, personal care, and home fragrance industries due to its elegant leather-inspired scent profile and versatile formulation compatibility. It is ideal for fine perfumes, eau de parfum, colognes, and niche fragrance collections that require a sophisticated woody and smoky leather character. In home fragrance applications, the oil performs exceptionally well in scented candles, reed diffusers, aroma sachets, and room sprays, helping create a warm and luxurious atmosphere. It is also suitable for use in soaps, shampoos, shower gels, body lotions, beard oils, and grooming products, adding a refined masculine or unisex scent experience to daily care routines. Additionally, the fragrance oil can be incorporated into fabric sprays, air fresheners, and laundry care products to provide long-lasting freshness with an upscale leather aroma. Thanks to its high concentration, excellent stability, and strong diffusion performance, it is suitable for both large-scale manufacturing and customized fragrance development projects.

Industrial Applications

Primary applications include:

Attars and Concentrated Perfume Oils (CPO): Ideal for alcohol-free, highly potent luxury oils

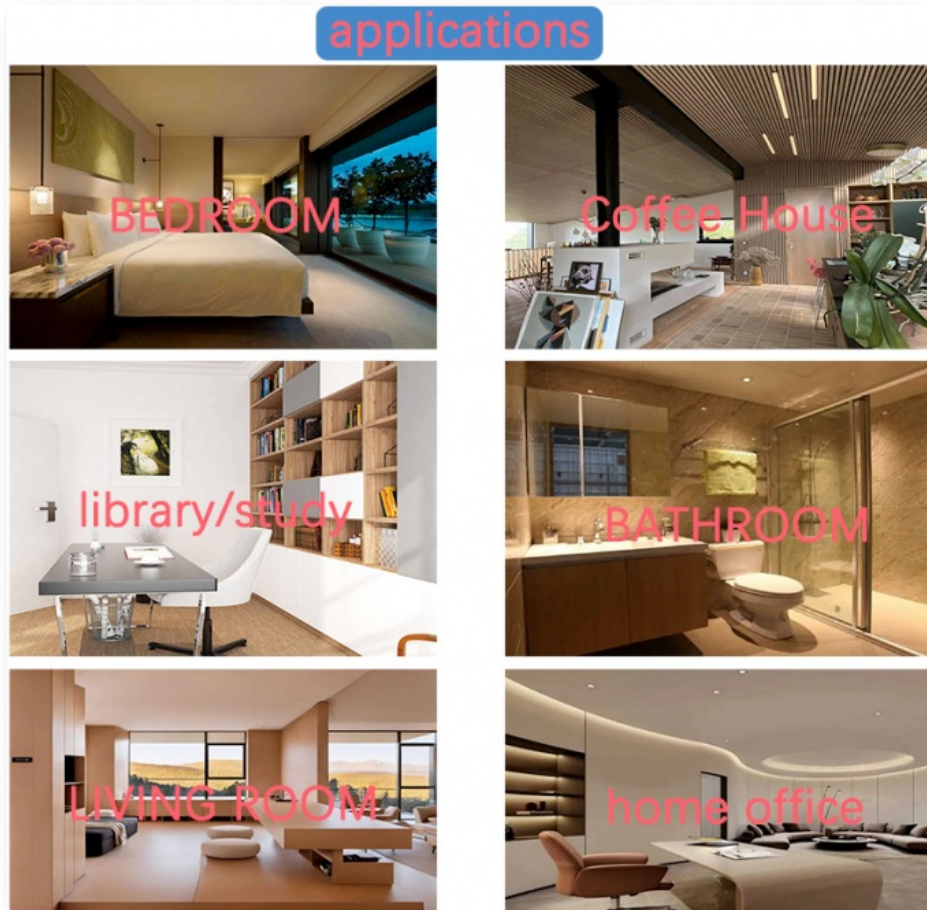

Fine Fragrances: Used in "Intense" or "Nuit" perfume versions requiring heavy sillage

Premium Home Fragrancing: Top-tier choice for Bakhoor and luxury incense production

Hospitality Sector: Utilized in high-output nebulizers for hotel lobbies and boutiques

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
