## Product Description

### High Concentration Free Sample Lychee Rose Fragrance Essence oil For Perfume Making/Production Body Perfume

Product Code: LDZ-PL10587

Concentration Lychee Rose Fragrance Essence Oil is a premium-quality fragrance specially developed for perfume making and luxury scented product manufacturing. Inspired by the elegant fusion of juicy lychee and blooming rose petals, this fragrance delivers a sophisticated floral-fruity scent profile that feels fresh, romantic, and modern. The fragrance opens with a vibrant fruity sweetness, balanced by delicate floral accords and soft musky undertones, creating a refined and feminine olfactory experience.

Concentration Lychee Rose Fragrance Essence Oil is ideal for brands seeking a fashionable floral-fruity fragrance with strong market appeal. Its soft sweetness, elegant floral depth, and smooth longevity help create premium products that enhance brand identity and deliver a memorable sensory experience for consumers.

Its high concentration ensures excellent scent diffusion, long-lasting performance, and stable compatibility across multiple formulations. Carefully blended with high-quality aromatic materials, the fragrance oil performs exceptionally well in fine perfumes, body mists, candles, reed diffusers, soaps, lotions, and personal care products. The combination of juicy lychee freshness and velvety rose elegance gives the fragrance a luxurious yet youthful character suitable for both modern and classic fragrance collections.

### Fragrance Profile:

**Concentration Lychee Rose Fragrance Essence Oil** features a luxurious floral-fruity fragrance profile that combines juicy sweetness with elegant floral sophistication.

Fragrance Notes	Description
Top Notes (Opening)	The scent opens with refreshing top notes of lychee, red berries, bergamot, and pear, creating a bright and vibrant fruity introduction. The lychee accord adds a delicate tropical sweetness that feels youthful, juicy, and uplifting, while the citrus nuances provide freshness and clarity.

Middle Notes (Heart)	The middle notes reveal a romantic floral heart composed of rose petals, peony, jasmine, and soft magnolia accords. The rose note remains smooth, velvety, and elegant, perfectly balanced with the fruity sweetness from the opening. These floral layers create depth, femininity, and a luxurious soft texture throughout the fragrance development.
Base Notes (Foundation)	The base notes provide a warm and long-lasting finish with white musk, amber, sandalwood, cedarwood, and light vanilla accords. These smooth woody and musky notes enhance the fragrance's longevity while adding softness and sensual warmth. Overall, the scent profile is fruity, floral, elegant, and modern, ideal for premium feminine fragrances and luxury scented products.

## Technical Specifications

Parameter	Specification
Fragrance Notes	Lychee Rose Fragrance Essence oil
Appearance	Transparent to amber liquid
Relative Density	0.935–0.975 g/cm <sup>3</sup> @ 25°C

Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

## Applications & Functions:

Concentration Lychee Rose Fragrance Essence Oil is designed to provide a luxurious floral-fruity aroma that enhances the sensory quality of perfumes and scented products. Its primary function is to deliver a sophisticated balance of juicy lychee sweetness and elegant rose accords, creating a fragrance profile that feels modern, feminine, and refined. The high concentration ensures excellent scent diffusion, long-lasting retention, and stable performance across multiple formulations. In fine perfumery, it functions as a key aromatic component that adds freshness, softness, and romantic floral depth to fragrance compositions. In candles and reed diffusers, the fragrance oil produces a smooth and elegant scent throw that helps create a warm and relaxing atmosphere. It also functions as an odor-enhancing ingredient in personal care and home fragrance products, improving overall product appeal and consumer experience. Carefully formulated with premium aromatic materials, the fragrance maintains consistency during production and storage while helping brands create high-quality products with a luxurious and memorable fragrance identity.

Concentration Lychee Rose Fragrance Essence Oil is widely used in perfume, personal care, and home fragrance industries because of its elegant floral-fruity scent profile and versatile formulation compatibility. It is ideal for fine perfumes, eau de parfum, body mists, and niche fragrance collections that require a soft, romantic, and modern fragrance character. In home fragrance applications, the oil performs exceptionally well in scented candles, reed diffusers, aroma stones, room sprays, and wax melts, helping create a luxurious and refreshing environment. It is also suitable for use in soaps, shampoos, shower gels, body lotions, creams, and bath products, adding a delicate rose and lychee aroma to daily personal care routines. In addition, the fragrance oil can be incorporated into laundry detergents, fabric softeners, and air fresheners to provide long-lasting freshness with a premium floral touch. Thanks to its high concentration, stable performance, and smooth scent diffusion, it is suitable for both large-scale manufacturing and customized fragrance development projects for premium fragrance brands.

## Industrial Applications

Primary applications include:

**Attars and Concentrated Perfume Oils (CPO):** Ideal for alcohol-free, highly potent luxury oils

**Fine Fragrances:** Used in "Intense" or "Nuit" perfume versions requiring heavy sillage

**Premium Home Fragrancing:** Top-tier choice for Bakhoor and luxury incense production

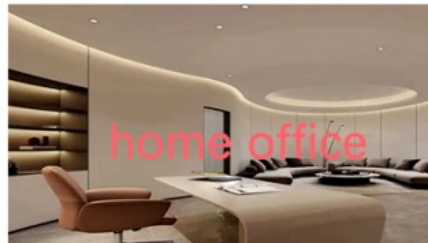

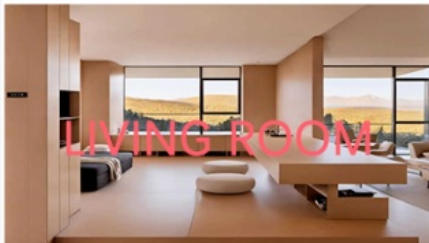

**Hospitality Sector:** Utilized in high-output nebulizers for hotel lobbies and boutiques

**Personal Care:** Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

## Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
