## Product Description

### IFRA Compliance Citrus Marine Fragrance Oil For Shampoo/Shower gel/ and Soap Making / Production, Body Wash Fragrance

Product Code: LDZ-PL20332

Citrus Marine Fragrance Oil is a premium aromatic formulation specially developed for shampoo, shower gel, soap making, and personal care product manufacturing. Inspired by the refreshing sensation of ocean breeze blended with vibrant citrus fruits, this fragrance delivers a clean, energetic, and modern scent profile that combines sparkling citrus freshness with cool aquatic accords and soft woody undertones. The fragrance creates a revitalizing and long-lasting sensory experience ideal for daily-use cleansing and bath products.

Its high-quality formulation ensures excellent scent diffusion, stable performance, and strong fragrance retention in both rinse-off and wash-off applications. Carefully blended with premium aromatic materials, the fragrance oil performs exceptionally well in shampoos, shower gels, liquid soaps, bar soaps, conditioners, hand washes, and skincare products. The bright citrus character enhances freshness, while the marine accords provide a clean and airy feeling that appeals to a wide consumer market.

Citrus Marine Fragrance Oil is ideal for brands seeking a refreshing and contemporary fragrance with broad commercial appeal. Its balanced combination of citrus brightness, aquatic freshness, and soft musky warmth helps create premium personal care products that enhance brand identity and deliver a clean, invigorating, and memorable user experience.

## Fragrance Profile & Characteristics:

Citrus Marine Fragrance Oil features a fresh, energetic, and clean fragrance profile inspired by sparkling citrus fruits and refreshing ocean air.

The scent opens with vibrant top notes of bergamot, lemon, mandarin orange, and grapefruit, creating a bright and uplifting citrus introduction. These juicy citrus accords provide immediate freshness and a crisp sensation that feels clean, modern, and invigorating. Subtle green nuances further enhance the fragrance's airy character.

The middle notes reveal a refreshing aquatic heart composed of marine accords, lavender, neroli, jasmine, and light herbal tones. The marine notes create a cool ocean-breeze sensation, while the floral and aromatic ingredients add smoothness and sophistication. This balanced combination gives the fragrance a refreshing yet elegant personality suitable for daily-use personal care products.

The base notes provide a soft and lasting finish with white musk, cedarwood, amber, sandalwood, and light moss accords. These warm woody and musky notes enhance depth, smoothness, and longevity while maintaining the fragrance's clean aquatic freshness. Overall, the scent profile is citrusy, marine, fresh, and modern, ideal for shampoos, shower gels, soaps, and lifestyle fragrance products.

Body Wash & Shower Gel	0.5% – 3%
Soap Making	1% – 5%
Body Lotion & Cream	0.5% – 2%
Candles & Diffusers	5% - 10%

### Functions and Applications:

Citrus Marine Fragrance Oil is designed to provide a refreshing, clean, and long-lasting fragrance experience for personal care and cleansing products. Its primary function is to combine vibrant citrus freshness with cool marine accords to create an invigorating and modern scent profile suitable for daily-use applications. The fragrance oil offers excellent scent diffusion and stable retention performance, even in rinse-off and wash-off formulations such as shampoos, shower gels, and soaps. In personal care products, it functions as a fragrance-enhancing ingredient that improves overall sensory appeal, consumer satisfaction, and product quality perception. The bright citrus notes help create an energizing and revitalizing bathing experience, while the marine accords provide a clean and airy freshness associated with purity and comfort. It also functions as an odor-balancing ingredient, helping neutralize undesirable base odors from surfactants and raw materials used in cosmetic formulations. Carefully formulated with premium aromatic ingredients, the fragrance maintains consistency during manufacturing and storage. Overall, its function is to elevate product value, strengthen fragrance identity, and help brands create premium cleansing products with a refreshing and memorable scent experience.

Citrus Marine Fragrance Oil is widely used in personal care, bath, and home fragrance industries because of its fresh aquatic scent profile and excellent compatibility with multiple formulation systems. It is ideal for shampoos, conditioners, shower gels, body washes, liquid soaps, bar soaps, hand washes, and facial cleansing products that require a clean, energetic, and modern fragrance character. The fragrance oil performs exceptionally well in rinse-off applications by maintaining smooth scent diffusion and long-lasting freshness after use. It is also suitable for body lotions, creams, skincare products, and grooming products, adding a refreshing citrus-marine aroma to daily care routines. In addition, the fragrance oil can be incorporated into scented candles, reed diffusers, fabric sprays, laundry detergents, and air fresheners to create a cool and revitalizing indoor atmosphere. Thanks to its stable formulation performance and broad compatibility with surfactant and cosmetic bases, it is suitable for both large-scale

manufacturing and customized fragrance development projects. The fragrance is especially suitable for brands seeking fresh, sporty, and universally appealing personal care products with premium market potential.
