Product Description

Body Wash Fragrance ,IFRA Compliance Mango Flavoring Fragrance Oil For Shampoo/Shower gel/ and Soap Making / Production

Product Code: LDZ-PL20338

Body Wash Fragrance IFRA Compliance Mango Flavoring Fragrance Oil is a premium aromatic formulation specially developed for shampoo, shower gel, soap making, and personal care product manufacturing. Inspired by the juicy sweetness of ripe tropical mangoes, this fragrance delivers a vibrant fruity scent profile that combines fresh mango accords with soft creamy and tropical nuances, creating a refreshing, energetic, and enjoyable sensory experience. The fragrance is carefully formulated in accordance with IFRA compliance standards, ensuring safe and reliable use in personal care and cosmetic applications.

Its high-quality composition provides excellent scent diffusion, stable performance, and long-lasting fragrance retention in both rinse-off and wash-off formulations. Carefully blended with premium aromatic materials, the fragrance oil performs exceptionally well in shampoos, shower gels, liquid soaps, bar soaps, conditioners, body lotions, and bath products. The rich mango aroma adds tropical freshness and youthful appeal while maintaining a smooth and clean fragrance finish suitable for daily-use products. IFRA Compliance Mango Flavoring Fragrance Oil is ideal for brands seeking a fruity tropical fragrance with broad consumer appeal and regulatory confidence. Its juicy sweetness, stable formulation performance, and refreshing tropical character help create premium personal care products that enhance brand identity and deliver a fun, clean, and memorable user experience.

Fragrance Profile & Characteristics:

Body Wash Fragrance IFRA Compliance Mango Flavoring Fragrance Oil features a juicy, tropical, and refreshing fragrance profile inspired by the sweet aroma of ripe mangoes.

The middle notes reveal a smooth tropical heart composed of mango nectar, peach, coconut milk, passion fruit, and soft floral nuances. These creamy fruity accords add richness and depth to the fragrance while enhancing its juicy and exotic personality. The subtle floral tones help balance the sweetness and create a softer, more elegant texture.

The base notes provide a warm and lasting finish with vanilla, white musk, sandalwood, amber, and light sugar accords. These smooth woody and musky ingredients enhance longevity while maintaining the fragrance's tropical freshness and creamy sweetness. Overall, the scent profile is fruity, tropical, sweet, and refreshing, ideal for shampoos, shower gels, soaps, and personal care products.

Body Lotion & Cream	0.5% – 2%
Candles & Diffusers	5% - 10%

Functions and Applications:

Body Wash Fragrance IFRA Compliance Mango Flavoring Fragrance Oil is designed to provide a vibrant tropical aroma that enhances the sensory quality of personal care and cleansing products. Its primary function is to deliver the juicy sweetness of ripe mango combined with soft creamy and fruity accords, creating a refreshing and uplifting fragrance experience. The fragrance oil offers excellent scent diffusion and stable retention performance, even in rinse-off and wash-off formulations such as shampoos, shower gels, and soaps. In personal care products, it functions as a fragrance-enhancing ingredient that improves product appeal, consumer satisfaction, and overall bathing experience. The tropical fruity character helps create a cheerful and energizing atmosphere while leaving a smooth and pleasant scent on skin and hair after use. It also functions as an odor-balancing ingredient, helping neutralize unwanted base odors from surfactants and cosmetic raw materials. Carefully formulated according to IFRA compliance standards, the fragrance maintains consistency during manufacturing and storage while supporting safe and reliable product development for premium personal care brands.

Body Wash Fragrance IFRA Compliance Mango Flavoring Fragrance Oil is widely used in personal care, bath, and home fragrance industries because of its tropical fruity scent profile and excellent formulation compatibility. It is ideal for shampoos, conditioners, shower gels, body washes, liquid soaps, bar soaps, hand washes, and bath products that require a refreshing, youthful, and tropical fragrance character. The fragrance oil performs exceptionally well in rinse-off formulations by maintaining smooth scent diffusion and long-lasting freshness after use. It is also suitable for body lotions, creams, skincare products, and hair care formulations, adding a juicy mango aroma to daily personal care routines. In addition, the fragrance oil can be incorporated into scented candles, fabric sprays, laundry detergents, and air fresheners to create a cheerful and refreshing indoor atmosphere. Thanks to its stable formulation performance, IFRA-compliant composition, and broad compatibility with surfactant and cosmetic systems, it is suitable for both large-scale manufacturing and customized fragrance development projects for modern personal care and lifestyle brands.
