Product Description

Hotel Diffuser Fragrance With Free Sample Holiday Inn Fragrance Oil For Reed Stick & Cold Scented Candle Making/Production Home Spray

Product Code: LDZ-PL30146

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Overview

The Plant Holiday Inn Inspired Fragrance Oil is expertly developed to capture the welcoming, fresh, and contemporary atmosphere associated with Holiday Inn-style hospitality environments. Specially formulated for home sprays, reed diffusers, cold scented candles, and commercial hotel diffuser systems, this fragrance creates a clean and comfortable ambiance that appeals to a broad range of consumers.

Unlike many luxury hotel fragrances that emphasize rich woody, oriental, or highly sophisticated accords, Plant Holiday Inn Fragrance Oil focuses on freshness, warmth, and everyday elegance. The fragrance opens with bright citrus and crisp green notes that instantly refresh the senses. Soft floral nuances and airy accords emerge at the heart, creating a relaxing and inviting atmosphere. The scent settles into a smooth base of white musk, light woods, and subtle amber, providing lasting comfort and excellent diffusion performance.

One of the key advantages of this fragrance is its versatility and universal appeal. It delivers a pleasant hotel-inspired experience without being overwhelming, making it suitable for both residential and commercial applications. Whether used in scented candle production, reed diffuser formulations, room sprays, or HVAC aroma systems, Plant Holiday Inn Fragrance Oil helps transform spaces into clean, welcoming, and memorable environments. Its balanced scent profile, excellent stability, and long-lasting performance make it an ideal choice for fragrance brands, private-label manufacturers, and hospitality scenting projects seeking a fresh and approachable signature aroma.

Fragrance Profile & Characteristics:

Plant Holiday Inn Inspired Fragrance Oil is crafted to reflect the fresh, welcoming, and relaxing atmosphere commonly associated with modern hospitality environments. Its fragrance profile combines clean citrus freshness, soft floral elegance, and comforting woody musky undertones, creating a scent that feels both uplifting and approachable.

| Fragrance Notes | Description |
|-----------------|---|
| Top Notes | The fragrance opens with sparkling bergamot, fresh lemon zest, crisp green leaves, and subtle aquatic accords. These bright and refreshing notes create an immediate impression of cleanliness, energy, and comfort, similar to walking into a well-maintained hotel lobby. |
| Middle Notes | The fragrance settles into a warm and lasting foundation of white musk, smooth sandalwood, light cedarwood, and a touch of amber. These base notes add depth, longevity, and a gentle sense of luxury without becoming overpowering. |
| Base Notes | The base notes provide warmth and lasting depth through smooth sandalwood, white musk, amber, and a touch of cedarwood, leaving a luxurious and calming trail throughout the space. |

Overall, Plant Holiday Inn Inspired Fragrance Oil is characterized by its fresh, clean, versatile, and universally appealing

scent profile, making it ideal for home fragrance and hospitality scenting applications.

Functions & Applications:

Plant Holiday Inn Inspired Fragrance Oil is carefully formulated to recreate the fresh, welcoming, and comfortable atmosphere associated with modern hospitality environments. Its primary function is to enhance indoor spaces with a clean and long-lasting fragrance that promotes relaxation, comfort, and a positive emotional experience. The fragrance helps establish an inviting environment while effectively minimizing unpleasant odors and creating a sense of cleanliness and well-being.

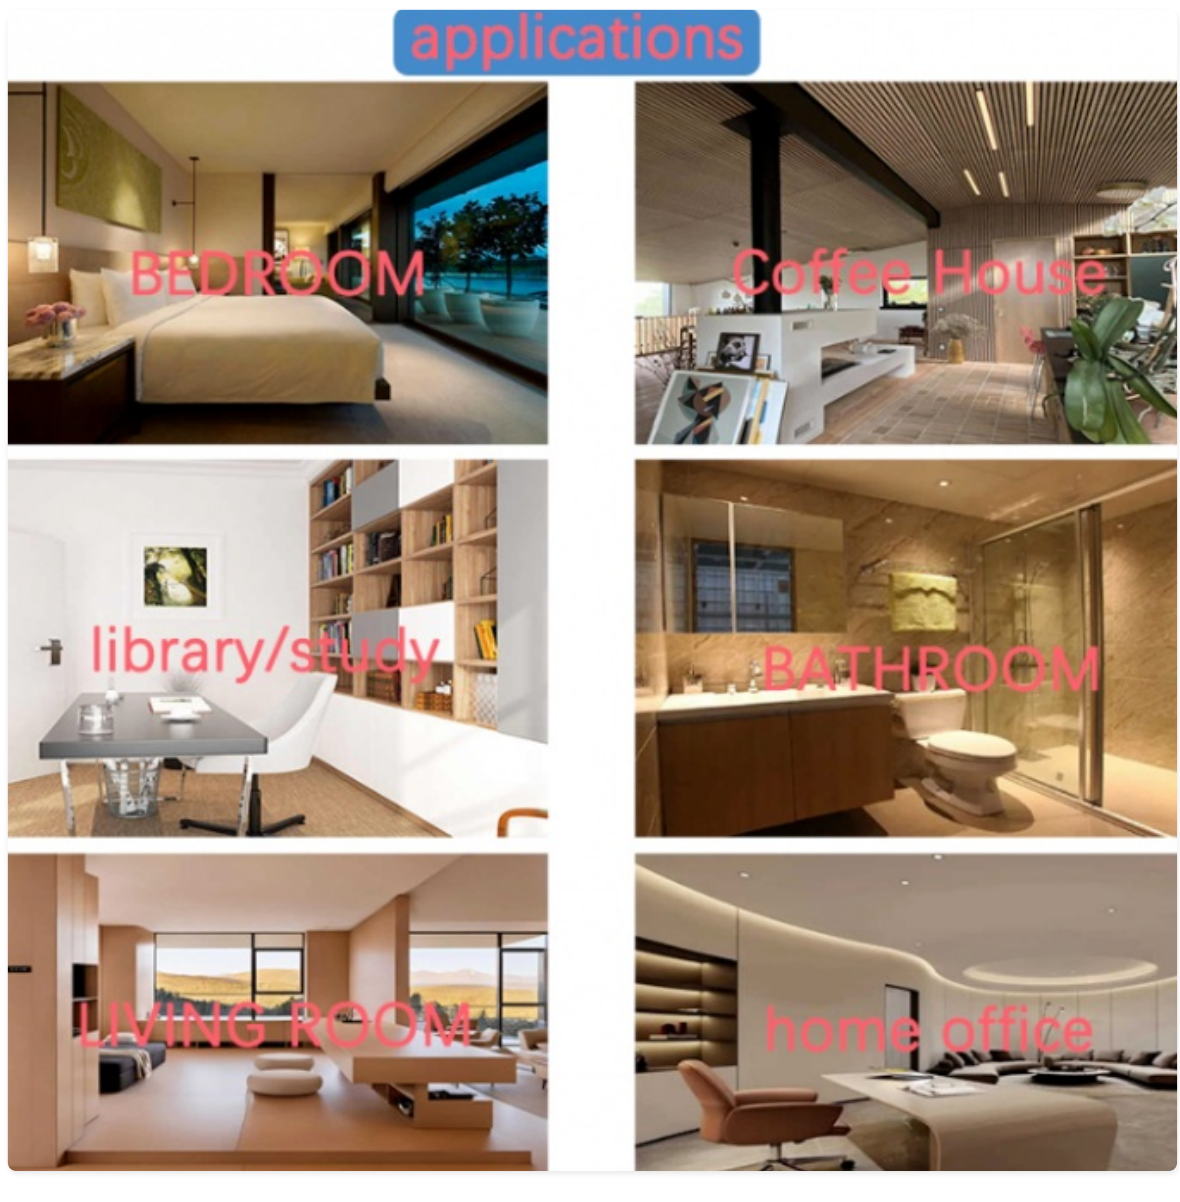

In commercial settings, the fragrance serves as a valuable scent-marketing tool, helping hotels, retail stores, offices, and serviced apartments create a memorable brand identity through consistent ambient scenting. Its balanced composition of fresh citrus, soft florals, and warm musky notes delivers a universally appealing aroma suitable for diverse consumer preferences. The fragrance also offers excellent diffusion performance, ensuring steady scent release and long-lasting aromatic impact. Additionally, Plant Holiday Inn Inspired Fragrance Oil is designed for superior formulation stability, making it compatible with various fragrance delivery systems. Its ability to combine freshness, comfort, and versatility makes it an ideal choice for premium home fragrance and hospitality scenting applications worldwide.

Primary Applications

Plant Holiday Inn Inspired Fragrance Oil is suitable for a wide variety of fragrance and personal care products, making it an exceptionally versatile solution for manufacturers and private-label brands. It is widely used in reed diffuser formulations, home fragrance diffusers, room sprays, linen sprays, and air fresheners, where its fresh and inviting scent profile helps create pleasant living and working environments.

In candle production, the fragrance performs effectively in soy wax candles, paraffin candles, container candles, and luxury scented candle collections, providing excellent scent throw and long-lasting fragrance retention. It is also ideal for commercial aroma diffuser systems and HVAC scenting equipment used in hotels, resorts, office buildings, shopping centers, and wellness facilities.

Beyond home fragrance applications, the oil can be incorporated into soaps, shower gels, shampoos, conditioners, body lotions, fabric care products, and other daily-use consumer goods. Its balanced fragrance profile appeals to a broad audience while maintaining a professional hospitality-inspired character. Whether used in residential, commercial, or retail environments, Plant Holiday Inn Inspired Fragrance Oil helps create clean, welcoming, and memorable scent experiences that enhance customer satisfaction and overall product value.
